NEWS NOTES ABOUT THE CITY.

What Our Reporters See and Hear Worth Giving to Our Readers—News in Brief

Cool wave coming, but no danger of any more frost this season.

Gov. Holt will not probably occupy the Executive Mansion before the middle of August.

There will be services at the Union Mission on Wilmington street, to night, and every night this week.

Go to the meeting of the Chamber of Commerce tonight by all means. There will be matters of the utmost importance to ALL our people.

Several ladies and gentlemen left the city this morning on a fishing tour in the eastern part of Wake county.

The Granville Grays commanded general admiration yesterday, by their soldierly bearing and gentlemanly conduct.

There was a tremendous crowd in attendance at Oakwood cemetery, Richmond, Va., yesterday. There are 13,000 ex-Confederates buried there.

Pullen Park is becoming a famous resort for pic nic parties. The new round house is very convenient for a lunch resort and all the surroundings are pleasant.

Every member is requested to attend the meeting of the Young People's Society of Christian Endeavor tonight at the Baptist Tabernacle at 8 o'clock, sharp. Everybody invited.

We are under obligations to Gen. W. R. Cox, for a pamphlet copy of his most admirable address on the life and character of Maj. General Stephen D. Ramseur, delivered at Metropolitan Hall yesterday.

Among the most important business to be transacted at the approaching commencement at Chapel Hill, will be the selection of president of the institution, to fill the vacancy created by the resignation of Hon. K. P. Battle.

The climate and other attractions of Raleigh are such that numbers of pleasure seekers and tourists from other sections of the Union would not doubt spend the summer with us, if proper accommodations were afforded. Such being the case why not hurry up the proposed new hotel.

A stranger from one of the southern states was at Oakwood cemetery yesterday during the ceremonies. He said the location was one of the most beautiful he had seen anywhere, and, with a little care it would rank with the best cemeteries of the country.

Now that the street car system is about an established fact, the new depot on the way and Caraleigh mills looming up in the distance, we hope our worthy city fathers will push the matter of an auditorium so that by next fall we will have a suitable reception place for all gatherings. It is an important matter and should not be delayed.

Died.

Yesterday afternoon in this city Mrs. Mamie L. Morris, wife of Chas. A. Morris, aged 18 years. The remains were taken on the 11:30 o'clock train this morning to Henderson.

You Are Interested.

The meeting of the Chamber of Commerce and Industry tonight is of special interest and importance to the people of Raleigh. If you do not think so be sure to attend the meeting and you will be satisfied that you are specially interested in the work on hand. A cordial invitation is extended to all merchants and business men to be present, whether members of the Chamber of Commerce or not.

Ice Cream Soda

at J. Hal Pobbitt's. Five cents a glass.

Thirteen oil mills were burned near Oil City, Pa., yesterday.

A Knotty Case.

The case of Josiah Turner vs W. W. Holden came before the clerk of the Superior Court this morning in the nature of supplementary proceedings. Mr. Turner, it will be remembered, obtained judgment several years since against Gov. Holden for what was alleged to be false imprisonment during what was termed the "Kirk war" in North Carolina. This judgment was, we believe, for about \$8,000. Not long since execution was ordered to issue, and on this the sheriff made the return—"Nothing to be found." Now Mr. Turner has instituted supplementary proceedings in the premises alleging he can show that there are means by which the execution may be satisfied in whole, or in part. The proceedings will probably occupy attention for a day or so. Gov. Holden is represented by Cols. Fuller and Hinsdale and Mr. Turner by Messrs. Jno. Devereux and Chester Turner.

Official Simplicity.

We are told in the "Arabian Nights Entertainments," that the Caliph of Bagdad was in the habit of taking extended walks through the streets of his capital for the purpose of seeing for himself just how matters stood with his people. In other words, he made himself the special guardian of the morals of his subjects, and expressed himself as being determined to right all wrongs so far as in his power laid. In these rambles the caliph was usually attended by his Grand Vizier, who can be made in comparison to correspond with our most excellent Chief of Police. The custom of the Caliph was productive of the greatest good, and there was no city in the world, at that time, more orderly, in all respects, than Bagdad. It was a departure, it was true, from established custom, because the Caliph was an autocrat in his dominions, but he was a good hearted and noble ruler, and he thought that official simplicity would best serve to win the love and confidence of his people. About 11 o'clock each morning the Caliph would preside for the dispensation of justice, and his observations gave him ample chance to "hew to the line" with the strictest impartiality.

We are led to these reminiscences by noticing that our new Mayor is following a most noble precedent. Unlike the Caliph of Bagdad our worthy Mayor does not go disguised. He would find it hard to do that if he desired, because there is hardly a man, woman or child within the precincts of his authority who would not at once discover in some manner his identity. But he does look around to see what is going on and he is always on schedule time. For instance, he is at the seat of authority at the early hour of between 9 and 10 o'clock each morning, much to the relief of such unfortunates as have spent the night in the basement. He dispatches business promptly. He comes quickly to the point and "nothing extenuates or sets down ought in malice." In other words, our municipal executive bids fair to be an early bird, and evinces a desire and interest to see as much for himself as possible concerning the proper regulations of the city. Now we must not be understood as hinting in the most remote degree that, like the Caliph of Bagdad, our "Badger" walks around in the midnight hours. Such is evidently not so, as his early rising attests, but, for being early at his post in the morning and readily dispensing of all matters, he could give the Caliph Haroun Alriscid two in a game and beat him. With such a Grand Vizier as Charley Heartt and the other adjuncts at his disposal, our Caliph is far superior in all respects to the old time renowned official of the East.

The sheriff of Rowan county brought four convicts to the penitentiary today. All colored men.

Soldiers' Home.

A meeting of the directors of the Soldiers' Home was held at the Home yesterday afternoon at 2 o'clock. The following were present, Messrs. W. E. Ardrey, of Mecklenburg, A. B. Andrews, of Wake, W. P. Roberts, of Gates, W. C. Stronach and F. H. Busbee, of Wake. Col. A. B. Andrews was chosen President and Miss Williams the matron was requested to perform temporarily the duties of matron. Mr. W. C. Stronach was elected Chairman and Messrs. F. H. Busbee and J. S. Carr members of the Executive Committee.

The regulations for the admission to the Institution will be published by the Executive Committee.

The following are the lady managers: First district, Mrs. Thos. J. Jarvis, of Pitt; second district, Mrs. O. W. Farrar, of Edgecombe; third district, Mrs. Thos. H. Sutton, of Cumberland; fourth district, Mrs. Jos. B. Batchelor, of Wake; fifth district, Mrs. J. Turner Morehead, of Rockingham; sixth district, Mrs. H. C. Jones, of Mecklenburg; seventh district, Mrs. Joseph P. Caldwell, of Iredell; eighth district, Mrs. Geo. P. Erwin, of Burke; ninth district, Mrs. H. A. Gudger, of Buncombe.

Regulations for the managers will be prepared by the Executive Committee and the manager for each district will appoint an associate from each county their districts. The board will meet again at the call of the President.

NORRIS' DRY GOODS STORE.

Bibulous Jurymen of Queens-land.

The jury system appears to have its defects in Queensland as well as in other civilized countries. Recently a young man was on trial at Gympie, and when the jury retired to consider the evidence they saw the bailiff lock up the prisoner and go away for a drink. The "twelve good men and true" forthwith climbed out of a window and went to a saloon, where they were found when the judge sent to learn the reason of their delay in reaching a verdict. Result, a new trial for the accused.

The finest new cut herring we have seen was received at Uzzle's at 3:35 his day. 219 S. Wilmington street.

We have a tremendous stock for you to select from, and we will continue selling them at one half their real value until we move in our new store.
