Have You Attractions to Settle and Investors to Offer?

The special edition of the Raleigh Visitor of 20,000 copies, now soon to be issued and sent to those throughout the United States and Canada who are interested on the subject of the advantages to be found in the south, is the very best medium of advertising in this particular line, that is available at ten times the cost. This 20,000 edition will contain articles setting forth the attractions and advantages offered by the sections companies and Real Estate Agents who furnish such articles. Now don't forget that the main thing in advertising is to get what you write in the hands of those interested in what you have to offer. This is just what we guarantee. We publish matter in the issue for the Southern Inter-States Immigration Bureau and thereby secure their best mailing advantages. Let us have your manuscript as soon as practicable, as we expect to get the issue out about the 20th. It will be the North Carolina Industrial edition of the Raleigh Visitor. The charge for space will be \$25 per column. Call at the Visitor Office or address the Raleigh Visitor through the mails. Don't let this opportunity pass.

Normal School.

A meeting of the Board of Directors of the Normal and Industrial School for girls will be held in Raleigh at 10 o'clock a. m. June 9th. In making the call, Superintendent Finger says:

"This meeting will be not only for the purpose of locating the institution, but also for the transaction of any other business that may be presented to the board that comes within the scope of their duties under the statute. I think it will probably be at least best to select a president for the institution at that meeting. Doubtless other matters will come up for consideration and the meeting will be an important one."

Come and Look and You Will be Convinced.

For sometime we have been telling you about our great slaughter dress goods sale, a good many have been around and examined our stock, and as soon as they saw the extremely low prices, that we were selling our fine dress goods at, they could not help being convinced of its great unequalled value, and invariably avail themselves of this rare opportunity of getting a fine dress at less than one half its real value. We invite everybody to come and see these great bargains that we are now offering, and will continue to offer until we move in our new store on Fayetteville street. It will not cost you anything to look, and if you should find something in our mammoth stock of dress goods to suit you we will guarantee the price to be much less than you can buy the same goods for elsewhere. We have a very large and superb assortment of white goods; these goods we bought very cheap and we are selling them at a real bargain. We are constantly receiving new attractions in millinery goods in the very latest and most fashionable style and designs. In shoes and slippers we can give you any size or style that you may want, and in this line we will guarantee to save you at least 25 per cent.

The Book Trust Knocked Out.

A CARD TO THE PUBLIC.

Some six months ago we began the publication of our reprint of the famous Encyclopedia Britannica in 25 Volumes, which we issued at \$1.50 per volume. The price of the English edition always has been and still is \$8.00 per volume, and the Scribner edition \$5.00 per volume in the cheapest binding.

That the public appreciate so great a bargain is shown by the fact that over half a million volumes of this reprint have been sold in less than six months.

This elegant new edition we still offer at the same price, \$1.50 per volume. This is the greatest bargain ever known in books.

Better still, we will deliver the set complete on small easy payments, to suit the convenience of customers.

Remember this is not an abridgement, but the great Edinburgh ninth edition, reproduced page for page, with important articles on American subjects rewritten to date by eminent American authors, and new maps, later and better than in any other edition.

SPECIAL OFFER.—We claim that our reprint compares favorably with the high priced editions in every respect, and in respect to maps, and strength and beauty of bindings is superior to them. In order that this claim may be tested by a personal inspection we make the following proposition: We will furnish volume 1. at 60 cts.—a fraction of actual cost—if sent by express. Add 40 cts. postage if wanted by mail. Amount paid for Volume I. will be credited on price of set when ordered.
