NEWS NOTES ABOUT THE CITY.

What Our Reporters See and Hear Worth Giving to Our Readers—News in Brief

Mr. Joseph A. Haywood has started a large orchard and vineyard at Millburnie.

Railway travel is just now very light. It is the pause before the usual rush at the commencement season.

Mr. N. S. Moseley has leased the Central Hotel for a term of years. The building will be completely refitted and refurbished.

The North Carolina Car Company has taken a contract to build two hundred cars for the Raleigh & Gas ton Railway.

Senator Butler gives encouraging news of the Sampson huckleberry crop. It is generally known that this crop brings more money into that county than the cotton crop.

The surplused choir of the Church of the Good Shepherd is invited to the church at Henderson next Sunday, and will probably leave here on Saturday evening.

Most of the delegates to the Episcopal convention of this diocese have returned from Asheville. The next convention will be held at Greensboro.

Hal. Bullock, colored, was fatally injured Saturday, in the wreck of the freight train between Hillsboro and Mebaneville.

Saturday evening after 9 o'clock two marriage licenses was issued. Both were for persons in the country, and one couple departed from the custom by eloping.

In the Mayor's court today one colored boy was sent on for the larceny of a watch and on failure to give the required bond was committed to jail. Other small cases were disposed of and the city treasury slightly augmented.

Rev. J. B. Boone will commence his work about June first, of raising the balance of the subscriptions to the Baptist Female University to be erected here, and with this complete he will enter upon the work of raising an endowment for it.

There was an afternoon Sunday school organized under the auspices of Central church with 23 present yesterday a week ago, at the corner of Polk and Elm streets, in the north-eastern part of the city. Yesterday there were 53 present. This promises to be a decided success.

Mr. A. Dughi has in a cage the "five brothers," these being canaries. The mamma bird laid five eggs and hatched them all, the result being the five fine male birds. It is a remarkable case. She is now sitting on five more eggs, that appearing to be her favorite number.

The prospect for a grape crop in this section is the finest in three years. The frost and changes in the weather have done no damage. There are yet ahead, of course, the danger of black rot and mildew. There are many acres of grapes in this township, and numbers of vines coming into bearing this season for the first time.

We return thanks to Messrs. A. Williams & Co., in the name of the Sunday School recently organized in the north-eastern part of the city, for a generous donation of Sunday School music books. These gentlemen are doing a business, such as commands the confidence of the public. Their business like their liberality is conducted on a broad liberal scale. Thanks, gentlemen.

The railway commissioners will meet tomorrow, and will give the railway officials a hearing as to the matter of the rulings regarding passenger and freight rates. There will be many railway people here this week as the hearing will occupy several days. Mr. Tree, of the Western Union telegraph company, will also be here.

Cotton is dying rapidly and the farmers feel blue.

Two more veterans arrived at the Soldiers' Home today.

Considerable progress is being made on the paving of West Martin street.

The greater part of the stone foundation of the new depot has been laid.

The new press of the State Chronicle has been put up and is in operation.

It is proposed that there shall be a music festival during the Exposition, on a large scale.

The Supreme court will be in conference tomorrow, will file a number of opinions and will adjourn for the term very probably.

There was a larger number present at Central church yesterday than at any regular session during its existence. This is encouraging to the Central workers.

"Life has been a burden to me for past 50 years on account of great suffering from very severe and frequent headaches. Bradycrotine has done wonders for me. I am now a new man and shall proclaim the merits of your medicine to all I can reach."—Geo. P. Fowler, Attorney at Law, Palatka, Florida. May 18 6t.

Masonic.

There will be a regular meeting of Hiram Lodge, No. 49, Monday evening, May 18th, at 8 o'clock. Members are urgently requested to be present. Brethren of sister lodges cordially invited. E. B. THOMAS, Secretary.

Will Picnic at New Berne.

On the 26th instant the Sunday School of the Baptist Tabernacle will go to New Berne on the annual excursion and picnic. A good schedule has been arranged. Ten cars will be provided and tickets will be sold to persons not connected with the Sunday School at \$2 for the round trip. It is probable that 600 persons at least will make the trip and certainly they will have a delightful one.

Cotton Injured.

The unseasonably cool nights continue and are injuring cotton; in some sections considerably. West of here the cotton, which is just coming up, looks very feeble. Not a few farmers are speaking of the desirability of a change from cotton to other crops, as they don't believe this part of the State is really suited to the culture of cotton. The farmers find many disadvantages this unpropitious spring.

Glad He is Gone.

The people who have business in the jail have had no end of trouble with Sherman Henderson, a crazy negro, who labors under the delusion that he is a divine being. Today, to their great delight, he was sent to the Eastern hospital at Goldsboro. His madness was worse in the later hours of the day, and at night he kept up an incessant noise. Today he allowed himself to be tied, but announced that he would make trouble before the day ended. As soon as he was put aboard the train he threw his feet against a window, smashing it to pieces. Deputy sheriff Walters and police officer Willis were in charge of him. The courthouse people are all glad Henderson has gone.

Lawn Party.

The "Lend a Hand" Circle of the "King's Daughter's" will give a lawn party, on the post office lawn, Thursday afternoon and evening, May 21, 1891. It will be given for the benefit of a most worthy object. There will be refreshments. Neapolitan chocolate and other creams, orange and lemon sherbets, cakes, strawberries and other good things.

Epworth League Reception.

To night at 8 o'clock the Epworth League at Edenton street Methodist church, will hold a social meeting and reception in the bible class rooms. All the members of the church and congregation and their friends are cordially invited to attend.

This meeting is intended to give an opportunity to the members of the congregation to meet each other socially and enable those who have recently moved to the city and connected themselves with the church to become acquainted with its members. Music, readings, recitations and social enjoyment will make up the programme.

Hotel Accommodations.

It seems to be one of the hardest sort of jobs to get the people of the city properly aroused on the subject of hotel accommodations for the crowds who will attend the Southern Inter State Exposition. The hotel capacity may be adequate for present demands, but unless something is done to provide for the large crowds that will be in the city in October and November the city will not be benefited by the Exposition. The "cursing" will exceed the blessing. The excess of visitors will not be so much of second class people as some claim. Thousands will come from a distance, from the north and from Europe and Canada, and unless accommodations for a large number of first class people are provided the advantages of the Exposition will be badly offset. Will those who are interested most remain indifferent and inactive, in a sort of comatose state, until the opportunity to make this occasion a great blessing to Raleigh has passed? Wake up, public spirited men, or else forever deny that you are public spirited.
