NEWS NOTES ABOUT THE CITY.

What Our Reporters See and Hear Worth Giving to Our Readers—News in Brief.

A little child of Mr. C. C. Crow died today.

See notice of dissolution of the firm of Grausman & Rosenthal.

Green apples are getting abundant and the demand for paregoric increasing.

Summer travel on the railroads is said to be heavier than usual thus early in the season.

The excursion to Richmond will take place July 22nd. The fare will be only \$2.50 for round trip.

Mayor Badger arrived from Washington City today, on the one o'clock train from the west.

We learn that the remains of the late Mr. D. S. Waitt will not be interred before Sunday next, in order to await the presence of relatives.

Mr. A. L. Ferrell, the newly appointed Sanitary officer for the city, has entered on the discharge of his duties.

There will be a meeting of the Wake Co., Horticultural Society at the Mayor's office Saturday evening at 5 o'clock. All persons wishing to purchase grape baskets would do well to attend. W. R. WOMBLE, Sec'y.

City papers please copy.

Dr. I. W. Faison, of Mt. Olive, performed an unusual surgical operation on a little boy fourteen years old, who had never walked a step, and in a week after the operation was going where he pleased.

Mr. W. C. Stronach, treasurer of the Soldier's Home, received the following contributions yesterday: Maj. C. W. Grandy, \$100; Col. Geo. Tait, \$20; R. J. Voight, \$5; Mrs. Jno. A. McDonald, \$20.

"Janitor" Marshall, *alias* "Tobe" is putting in some good work in the way of adornment for the summer. With brush and bucket in hand, he gave the trees in front of the market house a coating of white wash this morning.

Can't our City Fathers be prevailed upon to give the market house a coat of paint? It would not only be a great improvement to the building, but would go far towards preserving it. As it is now the premises present an unsightly appearance.

The second great auction sale of town lots will take place at Greensboro on the 17th of June. There will be free carriages, a free barbecue on the grounds, and all other necessary comforts for those who attend the sale.

Judging from the number of applications being received, there will be no lack of amusements in Raleigh during the coming fall. With a tremendous crowd in attendance at the Exposition and entertainments of a varied character, our city will be a gay one.

We learn that copying of the stubs of the receipts for direct taxes by the young ladies at the capitol will be finished in a day or so, and no doubt full instructions will be given by the Governor next week as to how those entitled to the money may receive it.

The delegation from this city to Washington, D. C., whence they went to extend an invitation to the President and cabinet to visit Raleigh during the exposition, have returned. They report a good time in the federal city.

A gentleman of well known information remarked to day, that Raleigh afforded a better field for insurance companies than any town he knew of in the country according to size. We have had fewer disastrous fires during the past twenty years than any southern city can boast of, and the fire department is so thoroughly arranged that any considerable destruction of property is almost impossible.

In the case of Cheek vs. Mial today in the Federal Court a verdict was rendered in favor of the defendant.

McDowell street between Hargett and Morgan is closed for the present to vehicles on account of the illness of a lady.

Mr Wm. Dunn dug 586 barrels of potatoes from less than five acres of ground, and these were not his best ones either. He had commenced digging on some that are yielding 140 barrels to the acre.—New Berne Journal.

At all times, in all places, on all occasions, under all circumstances, for all headaches, use Brady's time only June 8 6t.

We must insist that the Fourth of July Committee make arrangements to have all the bells in the city rung, and a rousing salute of artillery fired at sunrise on the morning of Independence day. Let arrangements also be made to have all the locomotives in the city fired up and a unanimous whistle put fourth. Don't forget, in the hurry of the moment, to have the ice house whistle scream out a little. All these will help out the occasion hugely, and impress upon our minds most indelibly the fact that we are a free and independent people, and that we will not for an instant tolerate monarchical institutions, baccarat playing included.

Carpenters and Laborers Want ed.

The Caraleigh Phosphate Co. wishes to employ carpenters and laborers at once. Apply at office of Company or to G. W. Ellis, on the grounds. je12 6t

WEATHERS—BETTS.—The Baptist Tabernacle was crowded last night to its utmost capacity, to witness the marriage of Mr. Joseph H. Weathers to Miss Ida A. Betts. The bridegroom is a member of the firm of Messrs. Ed. H. Lee & Co., and the bride is the popular daughter of Rev. Alvin Betts. The church was most tastefully and profusely decorated with choice flowers, and all arrangements were of the most elaborate order. Rev. N. S. Jones, of Salisbury, acted as best man to the bridegroom, and Miss Effie Broughton was maid of honor. The ceremony was performed by Rev. Dr. J. J. Hall. The following were the attendants: Misses Carrie Edwards and Florence Love, Messrs. F. H. Phillips and Alonzo Love; Misses. Tempie Betts and Nora Cole; Messrs. Walter A. Parker and Henry Hicks. There were a large number of valuable presents.

The Visitor extends to the contracting parties, its cordial wishes.

Death of D. S. Waitt, Esq.

We are pained to announce the death of this well known citizen, which took place at his residence, corner of Hargett and McDowell streets, this morning at 2:30 o'clock, aged 41 years.

Mr. Waitt had been sick for many months from a most painful and distressing disease, and his death has not been unexpected. He leaves a widow and six children to mourn their irreparable loss.

The deceased was a native of Chapel Hill, and came to Raleigh about 1864. For the past fifteen years or more he has been engaged in the clothing business, in which capacity he enjoyed the high esteem of the business community. In social life he was a most amiable gentleman and retained the confidence and regard of a large circle of friends.

Look Out for Him.

Chief of Police Hearst has received from the Pinion Detective Agency a full description of Robert Dougherty, a white man, who killed W. A. Torrence, in Asheville, on the 31st of last month. A reward of \$200 has been offered by the State for his apprehension and delivery in Asheville, or \$1 for his arrest and detention in any jail of the United States until requisition papers can be had. The murderer has followed the occupation of running stationary engines and may be found probably running some steam saw mill. He is only 21 years old, talks long and slow, keeps his mouth almost always open, countenance bad. Any information should be addressed to 'W. H. Deaver, Chief Pinion Detective Agency, Asheville.'

County Index Book.

At the recent meeting of the Justices of the Peace for Wake County, a resolution was adopted requesting the County Commissioners to provide suitable double index books for the office of Register of Deeds, or to have the present ones overhauled and corrected.

This is a matter of the utmost importance to the people of all classes in Wake County, and should be promptly attended to. In fact, it has been too long neglected. The books now in use have become so thumb worn and mutilated as to almost render them useless, and unless some remedy is applied it will be difficult, in the not distant future to trace a title deed correctly. We hope the Board of County Commissioners will not allow this matter to slumber much longer. It will have to be attended to finally, and, this being the case, why not apply the remedy at once. As the books now exist they are a disgrace to Wake County.
