The cotton receipts in this city for the season up to last Saturday were 33,585 bales against 21,212 last season.

A bunch of about eight keys has been lost. Finder please return to this office.

Mr. John C. George promises us one of the best electric Railway systems in the south. He is able to keep his word and will do so.

There will be a regular communication of Hiram Lodge at 8 o'clock tonight. Prethren of sister lodges invited.

Tomorrow is the day. What day? Why, the Edenton Street M. E. Sunday School excursion to Fayetteville and return. Round trip \$1.50.

The regular meeting of the Litchford Encampment No. 26 I. O. O. F., will be held tonight at 8 o'clock, p. m. Work in the Degrees. Also election of officers.

The Trustees of Trinity College have under consideration the establishment of a chair of medicine for the institution.

Attention is directed to the statement of the United States Branch of the Caledonian Insurance Company, of which Mr. H. W. Brown is manager, and Capt. Staake I. Batchelor general agent.

The excursion train to Fayetteville will leave the passenger depot to-morrow morning at 7 o'clock sharp. Tickets for sale at John Y. MacRae's, Jones & Powell's and Wyatt & Co's.

The Railroad Commissioners are in session today for the purpose of assessing the various railroads for taxation.

The force of hands on the connecting road with Caraleigh Mills, have been increased, and rapid progress is being made on the work.

The buildings for the Industrial and Training School for Girls, at Greensboro, will be commenced at once and will be ready for occupancy, it is thought, by Jan. 1, 1892.

J. W. Davis, the murderer of B. C. Evans, has been sentenced to be hung in the jail at Fort Worth, Texas, on August 10th next. Davis is the young man whose case has excited so much sympathy and was appealed to the United States Supreme Court.

Mr. J. T. C. Moore one of the managers of the grand excursion that will leave Raleigh Thursday morning June 25th, at 7 o'clock for the city of Asheville, N. C., is in the city today advertising. This is a cheap trip for white people only, and promises to be the best of the season. Fair only \$3.50 round trip.

Workmen on the new depot have at last struck a solid foundation beneath the quicksand deposit, at a depth of over twenty feet. There will now apparently be no further difficulty and work will progress rapidly. If possible the building will be in readiness for use, by the coming fall. We hear that the old depot will, after undergoing some needed repairs, be retained for deposit of certain freight.

Mr. A. L. Ferrell, the newly elected sanitary officer for the city, is engaged in making a copy of the births and deaths, in the city, since 1890. It will prove a ready reference.

We hear that Mr. W. R. Blake, will probably have supervision of the construction of the new electric street railway. Mr. Blake is a most experienced business man, and, if his services are secured our people may depend upon it that the work will be well conducted in all its parts.

A meeting will be held at the Mayor's office tonight for the purpose of forming a local building and loan association for Raleigh. We hope there will be a large attendance. A well managed association of the kind will be of much benefit to persons of moderate means. Be sure to go and help the scheme out.

"I have in my employ a man who has been a victim of periodic headaches for years, has tried all kinds of treatment, and I have tried various remedies on him. Your Bradycerotine helps him more than anything ever did." O. D. Kingsley, M. D., White Plains, N. Y. je15 6t

The Roanoke Weekly says: "A Sioux city evangelist who was formerly a lawyer declares 'there is no use in talking; a man can't be an honest man and a lawyer. I know that to be so; a lawyer goes in to win his case, and if he can't do it by fair means he will by foul.' Now this sort of thing is not only bold nonsense but it is an unfair and mean use to put the columns of a newspaper to. For any one to deny that knaves and fools get into the legal profession as they do into every other profession and calling under the sun, is to prove himself one of the latter, but to denounce a respectable and useful class by wholesale in this way is foolishness in the extreme."

Personal Mention.

Mr. Ed. Chambers Smith and mother have gone on a trip to Niagara Falls. Dr. F. J. Haywood left today for Morehead City, where he will remain for the season as resident physician.

Mrs. Harriet Andrews has returned from Atlanta, Ga., where she has been to visit relatives and friends.

Dr. G. W. Blacknall passed through the city this morning. He is on his way to Morehead.

Mr. H. H. Crocker left this afternoon to spend a few days at Morehead City.

We regret to learn that Hon. C. M. Busbee continues quite ill.

Mr. F. X. Hooper of the firm of Messrs. Hooper, Wilson & Co., type founders of Baltimore is in the city. He is connected with the Raleigh Street Railway Company.

Railroad Commissioners.

This body will be in session at their rooms in the Agricultural building tomorrow. The object of the meeting is for the purpose of assessing the various railways in the State for taxation, and it will probably take several days, at least to do so. Heretofore the roads have been assessed by authority of the chairmen of the different boards of commissioners in the several counties through which roads pass. This involved much inconvenience and no little trouble. Now, the entire business is in the hands of the Railroad Commissions. In order to arrive at a just valuation of the different roads it will be necessary to go through with the different reports, consisting of the value of road beds, rolling stock &c. This course will be much more complete and correct, in all respects, than that heretofore adopted, and while it will be more acceptable to the roads, will prove better for the interest of the State at large.

Everything points to a good time to be enjoyed by all who participate in the excursion to Fayetteville.

Fine lot of bananas at D. T. Johnson's.

Funeral.

The funeral services of the late Mr. D. S. Waitt were held yesterday morning at 9 o'clock from Edenton Street M. E. Church, and were attended by a large concourse of relatives, friends and citizens generally. The services were conducted by Rev. Dr. J. H. Cordon, and the ceremonies were under the auspices of the Masonic fraternity, Mr. Waitt having been treasurer of the Grand Lodge. The floral offerings were of the most beautiful designs and execution. The following gentlemen acted as pall bearers: Messrs. D. W. Bain, R. T. Gray, C. H. Belvin, V. C. Royster, T. W. Blake, V. E. Turner, J. W. Thompson, J. A. Jones. The interment took place in Oakwood cemetery.

"Idlewild."

This beautiful suburban property is being rapidly closed out at the reasonable rates fixed in the printed schedule of the Raleigh Land and Improvement Company. About half of the property has already been sold to our very best citizens, many of whom intend to build at once. This has been accomplished without fuss or parade, or any questionable method. The property has sold itself.

We desire to say to those in or out of the city who may wish to make a safe and buying investment, that if they will let us know, we will take pleasure in showing them the property, and will call at the train or residence for that purpose. Those in the State living upon railroads and who come to the city and purchasing any of this property through us will have their railroad fare refunded by us.

It is the opinion of the best judges of such matters that real estate in and around Raleigh will very rapidly increase in value in the near future. The electric railway now being built insures this in regard to property so favorably situated as "Idlewild."

With the electric railway now in process of construction and the industries being started in and around Raleigh the population of the city must largely increase and hence real estate will increase rapidly in value, especially real estate situated in the new town, "Idlewild."

Those desiring information in regard to this property will do well to let us know.
