Now that the Geological Survey is under way, we hope that Wake county may receive a fair share of attention. There is every reason to believe that valuable deposits of various kinds of ore exist in this vicinity.

We hope that Secretary E. G. Harrell may make arrangements to carry out his idea of a trip, with the teachers to Cuba next fall. It would be a delightful occasion, and it could not doubt be enjoyed at a rate within the reach of many.

The agent for a patent hair restorer received this testimonial: "Dear Sir: A few days ago I accidentally spilled some of your 'hairatcher' on the corn lusk bed at my boarding house and when I returned home I found a hair mattress."

The fourth of July Committee find that to make a proper display they need \$50 more. There are hundreds who, themselves and their wives and children, will enjoy the occasion equal to those who have contributed largely, and now they are asked to contribute. Don't wait to be called upon, but call at Messrs. W. C. & A. B. Stronach's and hand in what you are willing to contribute. Small sums will be received.

Delicious cream and cooling drinks will be served at the Fete Militaire tonight.

Attend the Fete Militaire tonight early and see the best drilled soldiers in the State win the gold cup.

The magic lantern show of the Fete Militaire will be worth money to see it and will cost you nothing.

The condition of Hon. C. M. Busbee this afternoon is little, if any, improved. He continues very ill.

A prayer meeting for men will be held at Central Methodist Church tomorrow, Friday evening, at 8:15 o'clock. All are invited.

Read the advertisement of Messrs. Whiting Bros., who make an announcement that all should see, if you want to save money enough to make a trip to Morehead.

An enjoyable time is promised to all who attend the Lawn Party to be given by the ladies of the Baptist Tabernacle tonight. Plenty of refreshments. Don't forget the place, Mrs. Ray's, opposite Mrs. Harrison's boarding house.

Attorney General Miller has decided that the North American Commercial Company shall pay rent for the seal fisheries in proportion to the catch. The basis of the contract limits the annual catch to 100,000 seals. The yearly rent is \$50,000. As the catch for this season is limited to 7,500 seals, the rent will be \$3,700. In addition to the rent the contractors pay a tax of more than \$10 on each seal skin taken. Seal skin wearing will be among the costly luxuries in the near future.

## The Races.

Not the least of the varied entertainments mapped out for the 4th of July, will be the races, for which great preparations are being made. It seems that the occasion will be more than a local event, as entries will be made from towns of the State. The breeding of fine horses has become an important matter, in this section of late years, and we have already established quite a reputation in this line. Perhaps, in the near future, racing may be restored to its old time popularity, and we may yet have an annual "Derby day" in North Carolina.

## Geological Survey.

The Board of Managers of the geological survey met in the executive office yesterday afternoon. Prof. Holmes reported that the active work of the survey had commenced, and that the U. S. Government was pushing the matter of a map of the State. The work has already been completed for the mountain counties. It was recommended that the geological explorations of each county be made as thorough as possible. Mr. H. B. C. Nitze was appointed assistant geologist. The board will meet again July 1st.

### Norris' Dry Goods Store.

A 30 day sale, and every day a BARGAIN DAY. Specials, Jobs, Remnants, Trade Winners, Boomers, Flyers—will be offered. Our stock must be sold—High Tariff, Low Tariff, or no tariff. Free trade is what we indulge in today. Buy where you buy lowest, where your "Round Dollar" has most purchasing power.

Our low prices is the magnetic attraction. Our unremitting efforts bring about us a constant flow of trade. Busy all day yesterday, but our "closing out prices" would make the dullest season gay. Our entire stock must be sold during next month—nothing reserved that can be disposed of. At this season of the year there is a custom among merchants to get up all "Stickers," bad colors unsaleable goods, old style toughs, &c., and place them on a BARGAIN COUNTER. They are usually dear at any price. Not so with us. Everything in our store, the "freshest laurels" our newest, brightest and best goods. This summer's purchases go to make up that comprehensive term, BARGAINS which we claim rather of necessity than choice to make. Such inducements we offer are without profit to us. Our loss is your gain.
