NEWS NOTES ABOUT THE CITY.

What Our Reporters See and Hear Worth Giving to Our Readers—News in Brief.

There will be many amusements at the Fete Militaire tonight, such as dancing, &c.

See advertisement of Mrs. H. V. Waitt relative to closing out stock of goods of the late Mr. D. S. Waitt.

Over one thousand guests at the Atlantic Hotel in Morehead yesterday. That does pretty well.

We are authorized to state that there will not be any game of base ball between Henderson and Winston tomorrow.

Dave Outlaw, a colored man for maliciously beating a colored woman was fined \$10 and cost by the Mayor this morning.

A folding door key and a latch key have been found and left at this office. Owner can get them by calling and paying for this notice.

The North Carolina Board of Managers, in connection with the Chicago Exposition, were in session today at the executive office.

The executive committee of Wake Forest College yesterday elected Mr. E. W. Sikes to fill the Chair of Physical Culture in place of Mr. Sprinkle, resigned.

Read the advertisement of Idlewild Lots for sale. This is a most important announcement, and we advise all in want of cheap investments in lots it would be well to call upon or correspond with Messrs. J. M. Broughton & Co., agents. There never has been a better time to secure homes at low rates.

We learn that there is a general disposition on the part of the retail grocers of the city to close their stores early in the night, and that the opposition comes only from one source. We hope that the matter may be settled so that the system may go into speedy operation. None will be injured by it.

There will be a meeting of the Raleigh B. & L. Association at Metropolitan Hall tonight for the purpose of electing the officers. Let every one holding stock attend. Any one wishing to subscribe at that time can do so and participate in the proceedings.

"I have in my employ a man who has been a victim of periodic headaches for years, has tried all kinds of treatment, and I have tried various remedies on him. Your Bradycrotine helps him more than anything ever did." O. D. Kingsley, M. D., White Plains, N. Y. je15 6t

Capital Cycle Club.

Last Wednesday this Club was formed at the store of the North State Music Company and will be known as the three "C" Club. The following officers were elected: President, J. D. Turner; Secretary and Treasurer, Cecil G. Stone; Captain, W. A. Wynne.

Ruth Lodge, D. of R., I. O. O. F.

The regular meeting of Ruth Lodge, No. 4, will be held this evening at 8 o'clock. All members are earnestly requested to be on hand. The degree will be conferred. The election of officers for ensuing term will also take place.

A Cordial Greeting.

This morning Grand Chancellor-elect Sherwood, of the Knights of Pythias, who was recently elected to that high position at Charlotte, arrived in the city. He was met at the depot by a delegation from the Lodge in this city and escorted up town in a carriage drawn by four horses, and received with all the honors due to his high position. The escort was headed by the drum corps of the Governor's Guard.

Died.

At the residence of his parents in Garner, yesterday afternoon between 2 and 3 o'clock, Joseph B. Montague, infant son of Mr. and Mrs. Geo. B. Montague, aged 8 months and 23 days.

Take Notice.

For the benefit of all concerned, we insert the following extract from a city ordinance now being sent out by Mayor Badger.

SECTION 13. It shall be the duty of the City Policemen, under the direction of the Mayor or Chief of Police, to investigate the condition of the privies, back yards and other places in the city, and to notify the owner or tenant of the premises found in a filthy condition to cleanse the same. If they are not so cleansed within forty eight hours after notice is given, the party in default shall be fined ten dollars additional for each day such nuisance shall continue. This ordinance will be strictly enforced.

Personal Mention.

Hon. Jno. W. Graham, of Orange, is in the city.

Capt. Jno. Smith, of Marks Creek Township, is in the city.

Senator King, of Guilford, is in the city.

Messrs. Ed. H. Lee and E. B. Englehard returned yesterday from a trip to New York City.

Miss Annie Gaster, of Fayetteville, who has been attending the commencement exercises of Greensboro and Trinity Colleges for the past three weeks, arrived in the city this evening and will be the guest of Miss Ida A. Snelling for several weeks.

The condition of Mr. W. T. Mabry is somewhat improved today.

Mr. H. H. Crocker returned from a trip to Morehead, this afternoon.

A Just Appreciation.

We had the pleasure of seeing in the city today our friend, Mr. Jesse F. Hoskins, of Summerfield, Guilford county, who is here in connection with his duties as a revenue official. Mr. Hoskins, or as he is familiarly termed by his immediate friends, "the Duke of Summerfield," has been in the revenue service for several years. Sometime since he met with an accident which laid him up for about four months. He has now so far recovered as to resume duty, and the government, in consideration of the faithful manner in which he has served the public interests, has assigned him a place much more desirable than formerly, and one in which he can better serve the internal revenue system. Such an appreciation on the part of the government is commendable, but certainly deserving in this case.

Oil Ponds in the Gulf

Between the mouth of the Mississippi river and Galveston, Texas, ten or fifteen miles south of Sabine Pass, is a spot in the Gulf of Mexico which is commonly called "the Oil Ponds" by the captains of the small crafts which ply in that vicinity. There is no land within fifteen miles, but even in the wildest weather the water at this spot is comparatively calm, owing to the thick covering of oil which apparently rises from the bed of the gulf, which is here about fifteen to eighteen feet beneath the surface. This strange refuge is well known to the sailors who run on the small vessels trading between Calcasieu, Orange, Sabine, Beaumont and Galveston. When through stress of weather they fail to make harbor elsewhere, they run for "the Oil Ponds," let go the anchor and ride the gale in safety—this curious spot furnishing a good illustration of the effects of "oil upon the troubled sea."—Chicago Times.

Chased by a Cloud Burst.

KNOXVILLE, Tenn., June 16.—At Noumanville, Greene county, Saturday, a cloud burst did great damage. The storehouse, residence and out buildings of T. N. King were swept away, the flood coming so quickly that he did not have time to even close his store doors. The postoffice was kept in his store and everything was lost. An iron safe weighing 1,500 pounds was carried one fourth of a mile by the force of the water. A number of other houses were carried away and all crops along the creek bottom lands were destroyed. The water came down so fast that the people had no time to flee to the ridge.

OVER NIAGARA IN FIREWORKS.

THE DARING PLAN OF CANADIAN WIRE WALKER S. D. DIXON.

The only man who ever crossed above Niagara by wire, Samuel J. Dixon, of Toronto, promises a still more wonderful series of feats for some time next month. On a wire above the Whirlpool Rapids he will be followed to the middle by the most glaring calcium lights. These will be turned off, and fireworks from every rock along the rapids and rockets from the end of his own balancing pole will be set off. He thinks these will not confuse him.
