NEWS NOTES ABOUT THE CITY.

What Our Reporters See and Hear Worth Giving to Our Readers—News in Brief.

Don't forget to give in your city taxes.

The new hotel scheme for Raleigh is in an apparent deep slumber. Can't it be successfully resurrected?

Be sure to be on hand in time for the bonanza excursion tomorrow morning.

Several excursions will be run from different points to the Guilford Battle ground on the 4th, inst.

Perfect quiet reigned in all the departments at the capitol today, so far as business was concerned.

There is no material change for the better in the condition of Hon. C. M. Busbee.

Andrew Syme, Esq., was today qualified as administrator of Henry Horton, deceased.

This is the week for the appearance of watermelons, according to the schedule. They are anxiously looked for.

"Tobe" Marshall who is chief of the attacking force says that all is quiet now in the mad dog line.

Chief of Police Heartt has sent out notices posting the different parks warning persons against committing depredations in the same.

We learn that the admission fee to the fair grounds on Saturday next to witness the races will be fifty cents. We are not informed as yet whether or not there will be any additional fee for the grand stand.

If the party who took the key out of my office door will return the same I will kindly thank them, as it will save me the expense of buying another lock. GEO. L. TONNOFFSKI.

We have been frequently asked why it is that a gap was left in the pavement of the streets north and south of the market house, near the crossings at the junction with Fayetteville street. We can find no one to tell us. It is a considerable inconvenience, and is pretty rough on vehicles.

It is much to be regretted that so few of the counties in the State have made appropriations to the Inter-State Exposition. It would seem from the views of the Attorney General that such appropriations are not unconstitutional and therefore every county should help out as far as possible.

It seems not to have been definitely settled whether, in making the Electric Street Railway extension from St. Mary's to the exposition grounds, the middle of Hillsboro road, or one side of it, is to be used. This being the case, we think the process of putting down gravel in the middle of the road a little premature. The matter of the track laying should, in our opinion, have been first settled.

Don't fail to remember the bonanza excursion which comes off tomorrow. The train will leave here at 8:05 a. m. but you had better be at the depot earlier so that you may get tickets and good seats. It is going to be a grand trip, and no mistake. Remember the fare is only \$2.50 for the round trip. Plenty of good water on board the train, and every precaution will be taken to render the trip a most pleasant one. It will not conflict with the Fourth of July celebration in Raleigh, as the train will return Thursday night July 2nd. Get ready and go.

Mr. J. H. Estill, President Morning News Co., Savannah, Ga., says: A member of my family who has been a martyr to neuralgic headaches for twenty years, has found in Brady's tincture an infallible remedy. je24 6t

The Steam Riding Gallery will be run on Wednesday next, July 1, expressly for ladies, gentlemen and children.

The races are going to be the great event of the 4th of July. Extensive preparations and many entries are being made.

The N. C. Teachers Association will meet in Raleigh during Education week of the Inter State Exposition.

There will be a special meeting of the Y. P. Q. C., this evening at 8:15 o'clock sharp. Every member is earnestly requested to be present as business of importance will be transacted.

Switchback Railway.

The world renowned switchback railway has been completed and is ready to accommodate the multitudes that will visit Raleigh on the glorious 4th. Nothing like this has ever been seen in Raleigh before, and all who possibly can should come and experience the delightful sensation of a ride on this wonderful railway. je20 5t

Died.

Telfair Cordon, infant son of Rev. Dr. and Mrs. J. H. Cordon died yesterday afternoon at 5 o'clock, aged one week. The remains were taken to Toisnot yesterday for interment, where, owing to the illness of Mrs. Cordon, the burial services will be held.

Annual Report.

The annual report of the Mayor and other officers of the city government has been neatly bound and are being distributed to those entitled to them. The report is a most complete showing of the condition of the city, financial and otherwise. Some admirable suggestions are made. Among these the most urgent is that announcing a new and well arranged station house. This recommendation is an absolute necessity and we hope it will not long fail to receive prompt attention at the hands of our City Fathers.

To the Members of Manteo Lodge, No. 8, I. O. O. F.

BRETHREN:—On tomorrow, Tuesday night, there will be a most important meeting of your lodge and it is most earnestly desired that every brother be present. Among other important matters that will be brought to the attention of the lodge the election of officers for the next term will be held. The first degree of Odd Fellowship will be conferred. The lodge will open at 8 o'clock. Candidates for the first degree will please present themselves promptly at 8:30. All Odd Fellows most cordially invited. Fraternally,
C. H. LEWELLEN,
Noble Grand.

Notice.

My wife has left my home and I am forced to take this course to notify the public that I will not be responsible for any debt she may make.
GEORGE MEDLEY.

Too Bad.

Raleigh has now an estimated population of about 16,000. In many respects it has fully kept up of late with the more progressive towns of the South. We have waterworks, sewerage, electric lights, street railway (in the future), &c., but we have no band which we can use on public occasions, such as the Fourth of July. For this purpose we are dependent on other places, not so large or progressive as our city. This is not as it should be. We should have a good band of music and it should be aided in all manner possible by our people. Good music is not only a great convenience but a species of enjoyment that all cities should have. We hope some of our enterprising young gentlemen will start the matter, and that it will receive encouragement from our people.

Prefers a Piano to a Husband.

A young lady in a neighboring county called at a lawyer's office in a certain city and asked to have a suit begun against a former lover for breach of promise. "He promised to marry me four times," she said; "but he hasn't kept his word and my affections are all blighted." "How much damage do you wish to claim?" enquired the polite lawyer. "Well, I was blighted four times, and I think one hundred dollars a blight is not too much." The lawyer was of the same opinion and he entered a suit for her for four hundred dollars for four blights. The trial lasted three months. The jury rendered a verdict for the full amount sued for, together with costs. The young lady invested the money in a piano, and is far happier today in the possession of it than she would have been had she obtained a husband. 2 1/2 blights, or \$225 will buy a tiptop Sterling piano at W. S. Uzzle's, 12 E Hargett street, Raleigh, N. C.

Some of the Bargains That are Now Being Offered at Swindell's.

As stated we will move in our large and elegant building on Fayetteville street, on or about August 10th, and in order to sell as much of our present stock as possible before moving, we have reduced the price on a great many lines down to prime wholesale cost and some lines we are selling at a little less than cost. Now if you appreciate a real good bargain we can certainly interest you. We will mention a few of the bargains that we are now offering. We have a big lot of genuine Linen Towels that we are selling at 10c and something larger at 15c and others very large and elegant quality at 25c.
