## NEWS NOTES ABOUT THE CITY.

### What Our Reporters See and Hear Worth Giving to Our Readers—News in Brief.

**Grand tournament tonight.**  
Talk about mullets, Uzzle has the finest. The fat is in them. See them. The Union Depot is fast looming up.

There is a noticeable lack of visitors to the city.

Gov. Holt will be sixty years old next Wednesday. Here's hoping for many years yet, Governor.

The ladies are especially invited to attend the grand cycle tournament at Stronach's warehouse tonight.

The process of making out warrants for direct taxes is rapidly progressing.

Little boys and girls will be admitted tonight for only 10 cents at the tournament.

There will be a gala occasion at Stronach's warehouse tonight. Go have a grand time and help the boys out.

The employees of the Inter State Bureau are making things hustle at the exposition grounds. The busy hum of preparation is heard on all sides.

Wm. G. Hill Lodge, No. 218, A. F. and A. M., will meet in regular communication tonight at 8:15 o'clock. Visiting brethren invited.

There will be a meeting of the Epworth League tonight at 8:15 o'clock, in the Bible class room of Edenton Street Church. Every member is requested to be present.

Drum corps will meet in armory tonight at 8:30 o'clock sharp.

J. I. THOMPSON, Major.

The train with the Virginia troops for the North Carolina State Guard Encampment, will leave Richmond next Saturday night at 9 o'clock, and will run directly through to Wrightsville without change of cars.

Gov. Holt expects to leave next Monday, 20th, to attend the Wrightsville encampment. With this exception the Governor will take but little recreation during the summer, as the business of his department is pressing.

The schedule of the Raleigh and Augusta Railroad has been changed so that the freight and passenger train will leave going South at 5:10 a. m. and returning will reach Raleigh at 4:42 a. m.

We are informed by a gentleman well up in such matters that it was almost impossible to make a contract now for building as all our contractors were far ahead in their orders. This speaks well for the improvements now going on in Raleigh, which far exceed any time in its history.

We clip the following from the Daily Register of Columbia, S. C., of June 30, by request:

#### DEATH OF AN INFANT.

Mr. and Mrs. H. A. Deal had the misfortune to lose their infant son on Sunday afternoon, and it was buried yesterday morning, the funeral services being performed by Rev. E. A. Wingard. In their sad affliction they have the sincere sympathy of their many friends in Columbia.

Mr. and Mrs. Deal have relatives and friends in this city who sympathize with them in their affliction.

Mr. M. A. Murray, Wilmington, Del. writes: "I had one of my severe head aches and was persuaded to try your valuable (Bradycrotine) medicine. I never had anything to do me so much good." jy8 6t.

There is portion of the road leading south from the city left in a bad condition. The work-house hands worked the entire road except about a hundred yards which it is understood the city is to fix. It should be attended to at once, as we learn the place is very rough, so that vehicles cannot pass without, in some cases being injured.

## Special Meeting Rescue Company.

A special meeting of Rescue Fire Company will be held tonight. Members take notice. By order of the Foreman

## Lawn Party Tomorrow Night.

Don't forget that the young ladies of the Tabernacle Sunday School will hold a lawn party at corner of Wilmington and Davis streets tomorrow night. An evening of pleasure may be spent and a worthy undertaking encouraged.

## Oakwood Cemetery.

We hope that the proposition of Mr. R. H. Battle, President of the Raleigh Cemetery Association, to erect a chapel at Oakwood Cemetery will meet with a hearty response at the hands of our people. It will be a much needed improvement and the cost, estimated at only \$2,000, will be small in view of the advantages to be derived.

## Elon College.

It is a source of pride to North Carolinians generally, no less than to the Christian denomination, that this most excellent institution is enjoying great success. At the recent session, which was its first, there were one hundred and thirty-seven students; a considerable increase is anticipated next term. The faculty is one of the best in the State, and the course of instruction admirable.

## The Musical Festival.

There is much preparation on foot for the musicale to take place in this city October 1st and 2d. The musical director is Mr. A. Pauli, well known as a leader in his profession. Most of the cities and towns of North Carolina will be represented, and it is expected to surpass any attempt of the kind ever made in the State.

## Filthy Sidewalks.

If we are not going to have paved sidewalks we can at least keep them clean. In a stroll over the city yesterday we were shocked to find how filthy some of them are. On Fayetteville street, in some places, a lady could not walk without soiling her dress, and on almost every street in front of some private house we noticed a want of attention.

If not done oftener we do hope that everybody will see that their sidewalks are cleaned off every Saturday afternoon.

## A Boom.

The Raleigh correspondent, of the Charlotte Democrat, has the following cheering intelligence about our city:

"It is not claiming too much for Raleigh to say that it is not often given to what may be termed 'spasmodic booms.' Since the war it has pursued the even tenor of its way, gradually increasing in population and business importance. During the past month or so however, it has taken a sudden jump, and is now enjoying a veritable boom, especially in the matter of real estate. On the suburbs, noticeably, is this discernible, and it has its origin in the proposed extension of the electric railway. Real estate in the immediate vicinity of the city cannot be obtained except at fancy prices, while in the city proper, houses for the accommodation of small families are very difficult to get, except at unusual rent. Business, too, is rapidly on the increase. A new bank will go into operation on or about the 1st of September, and the Caraleigh cotton mills, in the southern skirts of the city, will be ready for work when the new crop commences to come in. We look for a population of no less than forty thousand by the end of the next decade, and this is no extravagant prediction."

## Rain Won't Prevent the Grand Bicycle Tournament.

The most interesting amateur entertainment ever given in Raleigh will be given tonight at Stronach's warehouse from 8:30 to 10:30 or 11. There will be a large number of wheels in the opening grand march, and the expert and fancy cycling of Capt. Wynne and his trained and athletic cyclers will be immense. Afterwards the grand exciting prize tournament.

## W. C. T. U. Convention.

The eighth annual convention of the Woman's Christian Temperance Union of North Carolina will be held at Durham commencing next Monday and continuing three days. The address of welcome will be delivered by Mrs. J. K. Barney, superintendent of prison work for the world's W. C. T. U. On Friday an address will be delivered by Mrs. Lathrop, of Michigan. It is expected that the attendance will be very large.

## The Tournament.

The following is the programme of the great bicycle tournament to take place at Stronach warehouse tonight.

1st. Grand march of the Club and visiting wheelmen.

2nd. Messrs. Wynne and Woodall in wonderful contortion acts.

3rd. Fancy riding of members of the Club, which will be great.

4th. Mr. Will Wynne will have the floor.

5th. Grand Prize Tournament, after which prizes will be awarded.

This is an excellent programme and numbers 2, 3, 4 and 5 will be specially fine.

The admission is only 25 cents—10 cents for children. There will be a parade on Fayetteville street this afternoon at 6 o'clock.

## The Colored A. and M. College.

No town or city in all this country has a more respectable, honorable and deserving population of colored people than we have here in Raleigh. Nor can there be found a greater proportion of them that are intelligent and progressive.

All these healthy conditions are due largely in our judgment to the fact that we are so well supplied with schools and colleges for the colored people. There is just one missing link, and has been through all these years of their freedom, and that is a school of practical, technical training.

If 25 years ago there had been established a school for the teaching of sewing, cutting, fitting, cooking, laundering, &c., for the women and carpentry, drawing, blacksmithing, mechanics, practical business, &c. for the men, we should find ourselves surrounded by a class of laborers and helps that would greatly aid the development of this section of the country.

The proposed establishment of the Colored Agricultural and Mechanical College is right. The Trustees are to meet in this city next month to receive propositions and locate the institution.

Raleigh owes it to its colored citizens and to itself to secure this college if possible. It means more for our city than it could for any other in the State. We believe it is of the highest importance to the colored people of the state that it be located here. But the Trustees will consider our advantages provided we make a liberal offer to secure it, and not otherwise.

A committee of worthy colored men are out securing subscriptions and every citizen should encourage and help them.

Let's have the Colored A. & M. College at Raleigh.

Let all who desire an evening of enjoyment go to the entertainment at Stronach's warehouse to night. The Capital Cycle tournament will be a rare treat. Only 25 cents admission; children 10 cents.

## The Postoffice.

The bulletin board of the postoffice and of Wake county court house show an advertisement by the postmaster inviting sealed proposals for carrying the mails between the postoffice and the Union depot of this city; to be filed with him on or before July 25, 1891.

Now let everybody who wants a contract take note of the terms and conditions and make their proposals so low as to be reasonable and so high as to be just, and may the best man win.

## SPECIAL NOTICES.

Good Huck towel, 20c.; bleached Turkish towel, 17c.; fancy Terry towels, 19c. These are new and extra value for the money.

WOOLLCOTT & SON.

## Carpet Clearing Sale.

Passed patterns, short lengths and remnants, now shown at Wilmington street door. Twenty five hundred (2,500) yards Moquettes, Body Brussels Ingrains, &c. Prices much below those for the coming season. Housekeepers should take advantage of this special sale at once, because the best values in such a lot always go first. We are ready to cut, sew or lay any carpet bought in this sale, or we will hold free of charge any carpet purchased in this sale until September 12th.

W. H. & R. S. TUCKER & CO.

## Tack it on the Floor.

We will enable you to tack a real nice carpet on your floor. During the next 15 days we will sell all or any of our carpets, whole pieces or remnants, at exactly what the carpet cost in New York. Now you want to know why this sale. Well, it is simple. We are to move in 15 days and would as soon sell these carpets at cost as to move them. Now, if you need, or if you will need a carpet don't let this offer go by. You will not buy carpets as cheap later.

Tomorrow we will make an announcement probably will surprise you.

## DRY GOODS

—OUR—

## OFFERINGS

— TO THE —

## PEOPLE.

TWO weeks ago we began a special sale of

## WHITE GOODS,

These were placed upon tables near the Main Entrance, and offered to the people of Raleigh at lower prices than the same goods had ever been offered before.

IN THIS special sale of

## WHITE GOODS

All kinds were included, not a few pieces selected from the regular stock to close out, but full lines of the most desirable styles, and the prices were no more than those, oftener paid for soiled pieces and remnant lots.

Now, to our friends and patrons, who have not yet supplied themselves with all the

## WHITE GOODS

They will need this season, we wish to say that the special sale will be continued during the week, and, though a great many have taken advantage of these offerings, there still remains some of the best values.
