NEWS NOTES ABOUT THE CITY.

What Our Reporters See and Hear Worth Giving to Our Readers—News in Brief

Charley Lambeth is pushed to the "thumb latch" calculating taxes.

The grape season is now fully in blast, and hundreds of baskets are being shipped daily.

Regular meeting tonight in Bible class room of Edenton Street church of the Epworth League. Every member requested to be present.

It is hoped that work on the Baptist Tabernacle will be finished so far as to allow its occupancy in a few weeks. Rains have badly interfered with progress recently.

Wm. G. Hill Lodge, No. 218, A. F. and A. M. will meet in regular communication this evening at 8:15 o'clock. Visiting brethren invited. Work in the fellow craft.

We notice that there is a general commendation of the course of Gov. Holt in the matter of taking the direct taxes for any other purpose than that for which it is intended. Gov. Holt is "strictly business," and no mistake.

Mayor Badger put on a serious look this morning and told a party of youngsters who had been disturbing the peace, that he intended to have order in Raleigh at all hazards. He said he was going to fight it out on this line, and no mistake. He means business.

It is the current rumor here, that Mr. Ben King, a well known commercial traveler and a Raleigh boy, has professed conversion and will soon start out as an evangelist. Success to him.

Up to noon today there had been about twenty two hundred warrants issued on the treasury for direct taxes, amounting to over \$50,000. There seems to be very little if any decrease in the number of applications as they are coming in by every mail.

The Mayor's levee was attended this morning by a crowd of youngsters who were charged with using profane language yesterday afternoon, in Brookside Park. They were sent to the station house for awhile.

Can't the street railway company push up matters so that the cars can run to the exposition grounds by August 19th; this will be a splendid time to make the first trip. Thousands would take advantage of it, and the road would start off amid a perfect "boom."

It has been decided that the electric street railway will enter the exposition grounds at the south gate on the Hillsboro road, and not at the east gate as has been supposed. Just how the road will get into Pullen Park has not, so far as we can ascertain, been determined.

There are several persons in the city who desire to rent houses suitable for small families, but none can be obtained. We know a gentleman who is in business in Raleigh, but is compelled to let his family remain in Durham simply because he cannot rent a house here. This is too bad. Let us have more builders. A regular bonanza is in store for them.

Mr. N. B. Broughton, who, it looks like, is never satisfied, unless he is engaged in something for the good of humanity took up the collection at the annual meeting of the Trustees of the Thomasville Orphanage recently. Over \$500 was secured. If he could spare the time from his business he would be "the right man in the right place" to look after the contributions to the Baptist Female University. We wish it was so that he could enter on the business, not that we wish to draw any invidious comparisons, but because we deem him peculiarly fit to secure the desired end.

Don't dispute with your wife when she tells you she gets the best Egerton snuff at C. O. Ball & Co's.

The wire fence around Moore square was not put there to sit upon. Don't forget this, or the police may make you remember it to your cost.

What are our people doing about the colored Agricultural and Mechanical College? Are we to let this chance slip? A large meeting will be held in Wilmington next Thursday to consider the matter. Other towns are making exertions. What are we doing?

Encyclopedia Britannica.
A full set of this great work can be seen at the Visitor office. It is not an abridgment but a reprint of the entire 25 volumes of the great Edinburgh ninth edition. It can be bought for about one sixth the cost of the English edition. Call and examine it. Try us on prices, we'll astonish you.

Superintendent McMakin's new rock crusher is here and we have no doubt he will proceed to make the best use of it possible. Now is the time to put the roads in order, so that when the bad weather sets in next winter they will be all right. His recent work on the Hillsboro road is very creditable.

Prof Pauli is busy as a bee getting ready for the grand musicale to take place just prior to the opening of the exposition. It will be a most wonderful musical event. Just think of it. An orchestra of 28 pieces. It will be huge, and no mistake.

The excitement increases as the day for the great festival at the exposition grounds, approaches. It is going to be the great event of the season and no mistake. "Alec" Stronah is reserving his fire, and won't tell all he knows at present, but he will "let the cat out of the bag soon" and paralyze the natives.

Mr. W. H. J. Goodwin, one of Wake county's well known farmers, has had a patent applied for on his new invention in the way of a cotton chopper. He is confident of the complete success of his invention and declares he would refuse \$10,000. When the patent is received he intends giving a barbecue and at the same time exhibit the workings of the invention.

Is it sensible? Is it reasonable? Is it economy, to suffer yourself and worry others with a headache when Bradycrotine will relieve you in fifteen minutes. It costs only fifty cents a bottle. July 21st

Wait for the grand excursion to run Aug. 12 by Hope for All Lodge, 2645, Grand United Order of Odd Fellows, to Richmond and returning 14th over the Raleigh and Gaston Railroad. Fair for round trip \$2.50.

Special arrangements will be made for ladies and children. Special cars for white people and special cars for colored people. Those who went to Richmond last August on the excursion run by the Odd Fellows, will remember the nice time and are earnestly requested to wait for Aug. 12, as this promises to be equally as good if not better.

For further particulars apply to Maurice Watts and Warren A. Alston, Raleigh, N. C.

The Curtains and Carpets.

Every housekeeper should not forget that an opportunity is now offered to buy fine carpets and curtains at lower prices than they can be bought a little later on. These are goods we wish sold before the new fall stock arrives—patterns of carpets that cannot be duplicated, and odd pairs of curtains, all taken from the regular stock upstairs, and shown just as you enter the Wilmington street door. In the lot are Moquette, Brussels, Velvets and Ingrain Carpets, Chenille Curtains and Portieres and Lace Curtains. We have been doing all we expected with this sale, and there now remains values as good as we first offered.

W. H. & R. S. TUCKER & Co.

Call at C. O. Ball & Co's and get a good 5c cigar thereby helping the disabled Confederate soldiers.

Executive Notes.

The Governor today appointed Charles Edgar Mills, of New York, a commissioner of deeds for North Carolina.

The following notaries public were appointed: L. D. Colettain, Concord, N. C.; G. R. Foulke, Mitchell county.

Assignment.

Late Saturday afternoon Mr. I. Winetrob, merchant tailor of this city, filed an assignment to Mr. M. Rosenthal, as assignee. The liabilities will probably be about \$6,000. The following are the principal creditors provided for: Cumner, Jones & Co., Boston, \$500; Lippincott, Johnson & Co., Philadelphia, \$635.50; Farner & Co., New York, \$1,000; Plymouth Woolen Mills, \$1,000; Duhlman Bro., New York, \$600; Mrs. Effie Winetrob, \$500; I. Winetrob (allowed by law), \$500. The assets could not be ascertained.

Another Musical Festival.

We learn that it is in contemplation by the colored people to have a musical festival in this city sometime during the exposition, under the management of G. H. Mial. All the choirs and glee clubs of Raleigh and many from other sections of the State will participate. It will be a most interesting occasion, no doubt, and it will awaken much musical enthusiasm among our colored friends. We will have more to say on the subject here after.

By Trading at One of Them.

If you take advantage of the closing out sales at both of Swindell's stores you will act wisely. There is no kind of doubt about Swindell selling goods at prices much lower than any other merchant in Raleigh. The Norris stock was bought at a big sacrifice and this stock Swindell is selling at what it cost. Swindell stock at the Big Racket store is also being sold at actual cost and will continue till the Racket store is moved to Norris & Carter's old stand.

Four ladies with good experience in selling dry goods can get situations and good salary at Swindell's new store. Apply by mail.

D. T. SWINDELL.

Died.

Mr. Geo Taylor, an old citizen of this city, died at his residence on New Berne avenue Saturday afternoon. Mr. Taylor was widely known and enjoyed the reputation of being a man of the highest sense of honor. He had a noble heart full of generous impulses. For several years he had been afflicted with blindness and other infirmities. No man in Raleigh ever had more of the "milk of human kindness," and there are many who deeply regret to hear of his decease. His funeral took place yesterday afternoon from his residence. May he rest in peace.

An Interesting Address.

It is very creditable to the colored people that they are taking such interest in the Inter State Exposition. In furtherance of the object Rev. J. C. Price, who is one of the foremost orators of the colored race in the country, will deliver an address in Metropolitan Hall next Thursday. He has met with the greatest encouragement throughout the South, both from the press and our public men generally. Reserved seats will be set apart for our white citizens and we hope there will be a large turnout. The occasion will be one of much interest.

Sales Ladies Wanted.

We want four sales ladies who have good experience in dry goods. A good salary will be paid. Want these ladies for our new store. Apply by mail.

Respectfully,
D. T. SWINDELL.

Just Received.

A fresh lot of Egerton "Scotch Snuff" in cans, bottles and bladders at C. O. Ball & Co's.

Dedication.

Notwithstanding the rain yesterday afternoon, there was a large crowd in attendance at the dedication services of the West End Baptist Mission church. The sermon was preached by Rev. Dr. Carter of the First Baptist church who was assisted by Rev. Dr. Durham, and it was of peculiar feeling and interest. He assured the congregation that the new mission would be under the fostering care of the First Baptist church, the congregation of which would see to it that at the proper occasions it should be furnished with services. It is understood that the church will be open every Sunday afternoon at 4:30 o'clock for preaching. Whenever Dr. Carter can do so, he will preach, if not he will see that the pulpit is filled.

The history of the establishment of this mission is full of interest, and we are pleased to know it will start out under the most favorable auspices. It is the result of the persistent energy of many religious ladies and gentlemen who, for several years have cherished the idea. Since the settlement of so many persons in that suburb, and in view of the early completion to it, of the electric street car system, there is a strong probability that the new congregation will commence with nearly a hundred members, certainly seventy five is not over the mark. Let us hope that it will be productive of the greatest good and that the good work may continue to increase from year to year.

The Durham Sun says: The second nine of Durham and Chapel Hill teams crossed bats last Friday afternoon at that place, and Chapel Hill was defeated by a score of 13 to 10.
