## NEWS NOTES ABOUT THE CITY.

### What Our Reporters See and Hear Worth Giving to Our Readers—News in Brief.

The case of the State vs. the Durham Fertilizer Company has been postponed until next November.

The Trustees of the University have selected Dr. Henry V. Wilson, of Massachusetts, as Professor of biology.

Grand Sire Busbee will soon be able to be on the streets. This is indeed good news to thousands.

More belt lines are being mapped out by the electric railway folks, which will be made public in a short time.

Small contributions continue to come in for the Soldiers' Home, but they are not in proportion to what that noble charity demands. We want to see a big boom in its behalf.

The attention of the authorities is called to the pump on West Lane between McDowell and Dawson streets. It needs cleaning out very badly.

Commissioner Robinson of the Agricultural department is much discouraged at the condition of the crops, especially in this vicinity. He says the outlook is bad.

Col. Olds, Quarter master General of the State Guard is detained in Wrightsville a few days looking after matters pertaining to the breaking up of camp. He is expected home during next week.

Who is now the oldest native born citizen of Raleigh? We have been asked the question but can't answer. Can't some correspondent answer? It will be an item of interest to some.

There will be a meeting of the Central Baptist Association at Wake X Roads in Wake Forest Township next Wednesday. This is the annual meeting of the Association, of which the First Baptist Church in this city forms a part.

Mr. A. B. Stronach the main mover in the matter of the great moonlight festival to take place at the exposition grounds on the 19th of August tell us that he had assurance from the street car officials that everything the possible would be done to finish line to the grounds by the time indicated. If so, it will indeed be a grand occasion. "Alec" says he has heard from parties in Durham and he thinks nearly everybody in that town who can get here will come. There will be piles of folks here, and if the street cars are running they will make a "pile" of money.

Wait for the grand excursion to run Aug. 12 by Hope for All Lodge, 2645, Grand United Order of Odd Fellows, to Richmond and returning 14th over the Raleigh and Gaston Railroad. Fair for round trip \$2.50.

Special arrangements will be made for ladies and children. Special cars for white people and special cars for colored people. Those who went to Richmond last August on the excursion run by the Odd Fellows, will remember the nice time and are earnestly requested to wait for Aug. 12, as this promises to be equally as good if not better.

For further particulars apply to Maurice Watts and Warren A. Alston, Raleigh, N. C.

Rev. James H. Cordon, pastor M. E. church, Wilson, N. C., says: I have used Bradycetine and never in a single instance failed to obtain immediate relief from headache, when directions were followed. jy28 6t

### Do You Read this Paper?

Have you got any spare money? Do you want to invest it where it will bring you 25 per cent in one year? Then buy one of those nice building lots just beyond the Governor's mansion on Bloodworth and Lane streets, 52 1/2 feet front, 125 feet deep, southern front, \$375. Payable \$10 per month. No interest. You will never have another such opportunity. There are only four left and they are going like hot cakes. You had better call and see us or drop us a card. J. M. BROUGHTON & Co.

### Painters, Take Notice.

There will be a meeting of the Raleigh Painters' Union, corner Morgan and Blount streets this evening at 8 o'clock. All painters cordially invited.

### More Fun.

Such was the success attending the last tournament of the Capital Cycle Club that it has been determined to have another next Friday night. A fine time is in store for all who attend. The weather prevented many ladies from being present at the last tournament, but it is hoped that it may be more favorable next time.

### Do You or Do You Not?

This is the all important question now agitating the public mind. And why should it, not? "Do you or do you not" believe Swindell will sell dry goods, millinery goods, shoes, clothing, carpets cheaper than any other merchant. We believe Swindell will and we are right. By August 10th the entire Racket store will be moved to 206 Fayetteville street—Norris & Carter's old stand.

### Personal Mention.

We are pleased to see Mr. H. R. Huggins in the city, after a short sojourn in the eastern part of the state. Miss Nellie Stein left yesterday on a visit to friends in the country. Mr. Armistead Jones is absent at Fayetteville on professional business. Mrs. S. H. Fleming is critically ill at the residence of Mr. T. H. Briggs. She was paralyzed several days since and is thought to be growing worse.

### The World's Fair.

Col. Keogh, one of the commissioners from North Carolina on the World's Fair at Chicago, was in the city yesterday. The Colonel is bending his entire energies in the matter for which he has been selected, and is warm in praise of the site allotted to our State for its exhibits. He is a little out of heart, however, at the prospect for such an appropriation as is desired for the old North State. Col. Keogh is evidently the right man for the duties assigned him, and we know that in connection with our esteemed fellow citizen, Col. Andrews the interests of our people will be zealously guarded.

### Very Creditable.

In conversation this morning with Private Secretary Telfair, he gave us some points of great credit in the matter of paying out the direct tax. The entire cost of the business, such as clerical assistance, &c., will be met by the interest on the money put out on loan. It will not cost the people of the State a cent. It is also a credit to our State that it is the first to put into operation the reimbursement of the people.

Although the tax in Georgia does not amount to over \$82,000, nothing has yet been done comparatively. Our people should appreciate this.

### On to Richmond.

All the talk is the great excursion to Richmond next week. Remember the day, next Wednesday August 5th, and get ready. Messrs. Laey, King and Sherwood are "old hands at the business" and will have everything arranged for a first rate time. Don't be uneasy about the water, there will be a plenty of it, and it will be kept cool. Don't worry about somewhere to stay in Richmond; you will be furnished with good accommodations at the most reasonable rates. Ladies and children will receive the best care. In fact it is going to be one of the great "gala" events of the season. Then think of it—just \$2.50 for the round trip. There will not be such a chance again for a long-time. Make up your mind and go with the crowd, you will never forget it.

Smoke the Special Permit cigar manufactured by J. M. Norwood. They are the best cigars in the city. They can be found at all the dealers.

### Ground Not Broken.

It is now stated, on authority, that the ground for the new Deaf and Dumb Asylum at Morganton will not be broken until next spring. This being the case, it is reasonably sure that the buildings will not be finished before the next meeting of the General Assembly.

Now, we don't want to appear in the role of putting on jealous airs about this matter, but we really think the removal of the institution from Raleigh one of the greatest mistakes ever made by our lawmakers. In fact, no one, on a careful investigation of the facts of the case, can see little else in it but envy. In the first place, its removal to a point far beyond the central part of the State, admits of no excuse. There was, of course, no earthly reason why it should have been done merely to give Morganton or any other point a little eclat. No one doubts that the place is in most respects, healthy, but in some instances it is not more so than Raleigh. We had the buildings here, and they are right under the eye of the State officials. Our location is central and easy of access from every point of the compass. And then, just think of a child, from the seacoast being lugged way off in the mountains, subject to all the sudden changes, so dangerous to unacclimated people. There are many other reasons, too numerous to mention, why the asylum should have remained where it was.

We hope this matter may be carefully looked into. If the western people desire an Institution of the kind, why, let them have it, but retain the one now in Raleigh. We have an Insane Asylum here and one in the west. Why not pursue the same course, as to an Institution for the Deaf and Dumb. Most states pursue this plan, for instance Virginia.

We hope the next Legislature will discard all petty jealousies in a matter of so much public interest; just let them get the idea out of their minds that Raleigh is seeking everything merely because it happens to be the capital of the State. It is the seat of government not from any selection by its own people, but by a vote of the sovereigns of the State. But being the capital we should have located here all the institutions over which official care is to be taken.

We write this in no spirit of growling, but from what we consider the best for the interest of the State, and the unfortunate class involved.

### Are You Tired of Paying Rent?

Do you want your rent money to go towards paying for you a permanent home? Then come up and see us. We have some nice plans for cheap cottage houses which we can build for you and allow you to make a small payment annually, the same to go towards paying for the house. Our prices for cottages range from \$650 to \$1,500. Can also sell you the lot on which it is built at from \$90 to \$400, payable \$5 to \$10 per month. No interest. According to location of lot. J. M. BROUGHTON & Co.

An immense reduction in the price of ladies and misses straw hats at Woolcott & Son's. All white straws reduced to 25c; all colored straw hats reduced to 10, 15 and 25c each 28 3

Remember that the Special Permit cigar is manufactured by J. M. Norwood, on Wilmington street. They can be had at the dealers generally. All who desire a comfortable smoke should try them.

Have you any houses you want to rent? If so, why not put them in the hands of J. M. Broughton & Co. They have on their file now calls for houses from parties in Durham, N. C., Moore county and Crawfordsville, Ind., besides from one to five calls per day from Raleigh people.

A. Dughi has just received a fine lot of green parrots. Price \$12.50. 2t

### The Curtains and Carpets.

Every housekeeper should not forget that an opportunity is now offered to buy fine carpets and curtains at lower prices that they can be bought a little later on. These are goods we wish sold before the new fall stock arrives—patterns of carpets that cannot be duplicated, and odd pairs of curtains, all taken from the regular stock upstairs, and shown just as you enter the Wilmington street door. In the lot are Moquette, Brussels, Velvets and Ingrain Carpets, Chenille Curtains and Portieres and Lace Curtains. We have been doing all we expected with this sale, and there now remains values as good as we first offered. W. H. & R. S. TUCKER & Co.

### By Trading at One of Them.

If you take advantage of the closing out sales at both of Swindell's stores you will act wisely. There is no kind of doubt about Swindell selling goods at prices much lower than any other merchant in Raleigh. The Norris stock was bought at a big sacrifice and this stock Swindell is selling at what it cost. Swindell stock at the Big Racket store is also being sold at actual cost and will continue till the Racket store is moved to Norris & Carter's old stand.

Four ladies with good experience in selling dry goods can get situations and good salary at Swindell's new store. Apply by mail. D. T. SWINDELL.
