NEWS NOTES ABOUT THE CITY.

What Our Reporters See and Hear—Worth Giving to Our Readers—News in Brief.

This month has five Saturdays five Sundays and five Mondays.

We will lose 58 minutes of daylight this month.

Several of our prominent business men have gone down to Morehead to attend the Tobacco Convention.

Several of our business men went down to near Garner today to a barbecue.

Several of the arc lights in different parts of the city are not giving light. They should be attended to.

In accordance with an order from the County Commissioners, Sheriff Page is calling on the merchants for their taxes under schedule "B."

The State Treasurer's office is now one of the most tasty and conveniently arranged places of business in the city.

We hear that work will soon commence in arranging the Adams building for the new Farmers and Commercial Bank.

Among a cart load of watermelons purchased by Messrs. Jones & Powell this morning, there was one, two feet five inches long.

Are you ready for the trip to Richmond tomorrow morning? Don't fail to be on hand. It will be a delightful occasion and no mistake.

A look into the Mayor's office these days, will convince almost anyone that Raleigh is the most quiet town in North Carolina. Not even a rattle of excitement.

The Louisburg Times says it was well done and adds a great deal to the looks of the edifice. Raleigh workmen in any line are hard to beat.

The annex to the Yarboro House will soon be completed. This, with the Central and other hotels, will aid the matter much in the way of taking care of the crowd at the exposition.

The high water and the fact that the crops are much in the grass has operated some against the water melon trade. There are not so many being brought to market as is usual at this season.

The reserved seat car used last year will be with the excursion that leaves here tomorrow morning. The train will leave the depot promptly at 8:05 o'clock. Returning will leave Richmond at 10:30 o'clock on the 7th. Don't fail to be on hand.

Mr. A. B. Laforme, Boston, Mass., says: I ordered and distributed one dozen large bottles of Bradyrotine among my friends afflicted with headache, and in every case it has afforded almost instantaneous relief. Aug 4 6t

If we can't get an auditorium, we ought at least to have a new station house. That could be put under the head of a necessity for the city. Don't you see?

This is a most admirable time to be looking after the sidewalks. In many places, they are badly out of repair. They should be fixed up before the fall, so that when winter sets in the usual amount of grumbling will be dispensed with.

The city ordinance against throwing rinds and other garbage on the streets should be rigidly observed by our people, and those who have so little regard for the health of the city as to violate this ordinance should be punished to the extent of the law. It is essential to health that the city be kept clean.

A nice coat of paint on the market house building would be the most refreshing sight we know of. The Board of Aldermen will meet next Friday night, and we hope they will take the matter under consideration. Don't be "penny wise and pound foolish" gentlemen. We doubt not you have appropriated money on several occasions where less necessity existed.

It is said that the Tabernacle church Sunday school room will be ready for occupation by the first Sunday in September. The church will be finished by November. It will be a beauty.

Attention is called to the advertisement of Mrs. H. V. Waitt who calls attention to the stock of clothing &c., now being offered to the public at the old stand of D. S. Waitt. Call and make your selections.

When the new depot is finished we will have another clock, and then when the town clock runs down or gets wrong for two or three days we will not be so bad off. This is a self evident truth.

The increase in the State tax derived from the Railroads at the rate of 28 cents per \$100 will be about \$14,000. It will also be of much benefit to the counties through which the roads run.

The work of decorating the southern inter-state exposition building will soon commence under the supervision of Mr. Leroy Mitteldeffer, of Richmond, Va. He is said to be one of the best designers and decorators in the South.

Messrs. Wynne and Spence when they started out on the trip this morning were dressed in the height of bicycle riders fashion. They looked like they meant business.

The County Commissioners went out to the Poor house to day. Tomorrow the case of the Raleigh and Gaston Railroad vs. the Commissioners will come up. Col. Hinsdale is counsel for the road. The commissioners will be represented by Mr. Armistead Jones.

The new well house in the capitol square is about finished and adds much beauty to the place. Now let the old arsenal be torn down and we will have one of the prettiest parks in the State.

We saw a farmer today who said he had a good crop. That is he said he had first rate corn and peas, but little cotton. He said he was satisfied—and he didn't have a lock of hair in his hand either.

Take your wives and children to Richmond on the excursion which leaves for Richmond tomorrow morning; you will never regret it. A splendid chance to see the sights of the capital of the Old Dominion for a trifling sum.

The Clerk of the Superior Court, to day was engaged in giving certificates to United States pensioners to be forwarded to Wm. Rule, Knoxville, Tenn., the pension agent. About thirty applications were made this morning.

It was indeed a great oversight that the drawback in the shape of an appropriation for an auditorium was not looked into before the last Legislature adjourned. It could be built in our opinion without costing the people a single cent provided there was no constitutional hitch. And some think, yet, it can be done, but just how, we are not financiers enough to know. Can't some of the legal luminaries of Raleigh put their heads together and get us out of the dilemma.

Raleigh Work.

The contract to paint the Baptist church, in Louisburg, was awarded recently to our fellow citizen Mr. S. V. House, who sent Messrs. Bullock and Perry, two of our best painters to do the work.

Right.

The Tomahawk says: "What are we going to do for the Exposition? We must do something, and for that something to be effective it should be done now."

Right, brother; whatever is to be done should be done quickly. No time to lose.

A few refrigerators still in stock at Hughes' which will be closed out at great reduction to make room for fall goods.

Rescue Fire Company.

We learn that this most admirable and time honored Company are desirous of procuring new uniforms, and wish to raise fifty dollars, or more if necessary for the purpose. They will soon have out a soliciting committee to call upon their present active and honorary members, with a view to contributions. This company is one of the oldest in North Carolina, having been organized in 1870, and has seen a great deal of active service. We hear that they have never received any pecuniary aid from the city, and this is the first occasion in which they have made a direct appeal for help. We sincerely hope that they may succeed in their enterprise. Let all give them a helping hand.

A Handsome Compliment.

The Greensboro North State alluding to the completion of the Western N. C. Railroad to Murphy, takes occasion to pay our esteemed fellow citizen, Col. A. B. Andrews the following compliment:

The man who accomplishes this result should never be forgotten by the people of North Carolina. Collect together all the politicians in the State over whom the people have fussed and fumed for twenty five years past and the sum total of their labors in behalf of their constituents would not make a shadow when compared with the benefits of North Carolina and her people to be derived from the construction of the W. N. C. R. R. by Col. Andrews.

North Carolina may well be proud of such a citizen. Col. Andrews deserves the plaudits of the people, and succeeding years will sing his praises when they look at the result of his work, the greatest achievement in the Southern States of money, skill, brains and energy.

A Raleigh Boy Honored.

Mr. C. M. Weathers, the popular engineer of the Savannah, Florida and Western Railway, is in the city visiting his parents and relatives and will remain until Aug. 14th, when in company with his brother, Mr. Kim W. Weathers and a party of friends, he will visit the Northern summer resorts.

"Lum" has with him one of the handsomest pins we have seen in a long time, it is a "B of L. E" pin beautifully engraved and studded with diamonds and is extremely attractive in its appearance. Lum appreciates and values it very much, as it was voted to him over several competitors at a grand picnic given by the Brotherhood of Locomotive Engineers of the Savannah, Florida & Western Railway, and the Central Railway of Georgia at Tybee Island, Ga., July 23rd, and is especially prized by him as showing the warm fellowship that exists between him and his brother "Knights of the throttle" in his adopted home.

The End is Near

Each hour, each tick of the clock brings the time nearer and nearer. A few more days, a few more transactions and the big RACKET STORE will be moved to No 206, Fayetteville street, and be transformed into the Great New Racket Store. This new store will be known as Swindell's Dry Goods Emporium, where all manner of dress goods in the newest productions, newest things in trimmings; newest things in carpets, newest things in clothing and the place of all places where shoes will hold high carnival. We expect to surpass anything in Raleigh in ladies and gents fine shoes. Don't forget this. We will do it.

Respectfully,
D. T. SWINDLELL.

The Tobacco Convention will be held at Morehead City next Wednesday, the 5th instant. It is a matter of utmost importance, and we hope there will be a large attendance from Raleigh. In addition to business, there will be any amount of fun such as fishing, boating &c.

Wait for the grand excursion to run Aug. 12 by Hope for All Lodge, 2645, Grand United Order of Odd Fellows, to Richmond and returning 14th over the Raleigh and Gaston Railroad. Fair for round trip \$2.50.

Special arrangements will be made for ladies and children. Special cars for white people and special cars for colored people. Those who went to Richmond last August on the excursion run by the Odd Fellows, will remember the nice time and are earnestly requested to wait for Aug. 12, as this promises to be equally as good if not better.

For further particulars apply to Maurice Watts and Warren A. Alston, Raleigh, N. C.

Preparations for the Exposition.

Are you going to take boarders, or will you simply have some friends to entertain during the exposition? In either event, you will likely require some housefurnishings, carpets, sheetings, pillow cottons, counterpanes, table damasks, napkins, towels, &c. Our buyer is just back from the Northern markets, and we have just in, bran new stock in this line—bought for cash during the dull season in New York, and those who will buy now can save money. If you will have to buy a carpet, buy it now—have it put down and let the trouble be over. We have a lot of passed patterns which we will sell less than it cost to make them, and besides these we have a magnificent line of new carpets at lower prices than later on.

This Week.

Continuation of our
SPECIAL SALE OF

Embroidered Skirtings.

DURING THIS WEEK—

We will continue the Special Sale of Embroidered Skirtings, which began last Monday, and since that day we have sold a number of the better grades.

THE WET WEATHER—
has been somewhat against the sale of fine white goods, and not wishing to carry over a single piece, we are now offering them at lower prices than ever before.

WE HAVE PLACED THESE—
Skirtings upon counters just at the Fayetteville street door, and we wish every lady in Raleigh who appreciates a rare bargain to examine what we offer in this line.

REMEMBER—
that there has never been such an opportunity offered in this city to buy fine Embroidered Skirting at such low prices.
