NEWS NOTES ABOUT THE CITY.

What Our Reporters See and Hear Worth Giving to Our Readers—News in Brief.

The New York Bargain House will open to-morrow. Stock not yet completed. New goods arriving daily.

Messrs. Barbee & Pope have some of the finest lemons we have seen for a long time.

Why not have the weeds on the lot at the north end of McDowell street cut down?

There will be a meeting of the board of Aldermen tonight at 8:30 o'clock, when the widening of the Hillsboro street bridge will be considered.

The Walter R. Womble Hook & Ladder Company was out practicing last night on Salisbury street, in the rear of Briggs' hardware store.

A force of hands are at work clearing the grass off the sidewalks around the white Deaf and Dumb and Blind Institute.

The festival for the benefit of the Brooklyn Methodist Church was such a decided success that the members propose to give another soon.

The people claim that they are negligent of their sidewalks, because they have the example set them by the city authorities. How is that for HI?

The Union Mission room on Wilmington street is being cleaned up, and will be occupied as a tailoring establishment by Messrs. John R. Taylor & Son.

A force of hands have been busily engaged for a day or two in clearing away the grass and weeds from the sidewalk of the Governor's Mansion on Blount street.

The hot weather of the past few days has had a wonderful effect on the cotton crop, with two or three weeks more of such weather the crops will improve rapidly.

While out practicing with the running team of the bucket company, on Cabarrus street last night, a young colored man named Rue, became entangled in the ropes and was thrown down, the hose cart passing over his head, bruising him up quite severely.

Last night about 9:30 o'clock in passing Dr. Cordon's residence we heard some fine singing, and the thought struck us, was it the "Cross Eyed League" starting out on a grand serenade for that evening. The singing was splendid.

His honor, Mayor Badger had one Viola Hicks, a dusky damsel before him this morning charged with disorderly conduct in the market. After hearing the evidence the Mayor imposed a fine of \$5 and cost.

The Cross Bearer's Circle, King's Daughters will hold an important meeting on Monday night next in the Sabbath school room of Edenton St. church at 8:15 o'clock. Every member is requested to be present on that occasion as business of importance will be brought before the Circle.

Work on the power house of the electric street railway is being rapidly pushed forward. The two boilers and engines have been placed in position, the cars will be run before the house is completed.

Some person carelessly threw a banana peeling on the sidewalk yesterday which caused one of our aged citizens to receive a very dangerous fall. Our people ought to be more careful and not endanger the limbs of people walking on the streets.

I. R. Branham, editor Christian Index, Atlanta, Ga., writes: "I have used Bradyrotine with unfailing, prompt, decided relief." Aug. 11 '91

Mr. Miller addressed a small audience at the court house last night on the subject of prohibition. He made many good suggestions and was listened to with much attention. He is a fluent speaker and he handled his subject well. He is a thorough prohibitionist.

We hear every day of parties desiring to rent small cottage houses, there are none to be had in the city. It would pay any of our citizens if they would build several such houses, they could find tenants for them before they were completed.

Red Springs Fair.

Addresses were delivered at the Red Springs Fair today by Governor Tillman and Congressman Stackhouse of South Carolina, and Gov. Holt and Col. R. T. Bennett, of our own state. The subject for discussion is the financial question.

Why Is It?

No brick layers or carpenters are to be seen anywhere about the new Union Depot. The work has been suspended for about two weeks, while the exposition opening is only about a month and a half off. This unnecessary retarding of the work does not show much local pride or public spirit, on the part of somebody. The depot is badly needed and should be completed as early as possible. The public are restive and nervous under any delay.

Positively the Last Excursion This Season to Wilmington.

The grandest excursion of the season will be run to Wilmington on Tuesday, Aug. 18th. The round trip will only be \$2.50, so cheap that most anybody can go. Many attractions at and around Wilmington will be seen by the visitors. The train will leave Raleigh at 6 o'clock, a. m., and arrive at Wilmington at 12 m. Prof. Miller's Silver Cornet Band will furnish music for the occasion on the boat from Wilmington to the Hammocks. By all means go and see the sights.

This is Clever.

We are in receipt of the following for which we tender thanks. "The Winston-Salem Young Men's Christian Association makes its best bow to the members of the North Carolina Press Association and bids them a double and twisted welcome and wishes them a most pleasant stay in "The Young Man's Town of the South." The Association would be pleased to have our visitors use the rooms, 318 Liberty street, as headquarters, for correspondence, for social or business appointments, committee meetings or in whatever way they may be of service to the Convention or members."

The New Carpet Stock.

D. T. Swindell goes to New York and Philadelphia tomorrow for the express purpose of buying a stock of carpets that will do credit to the city. All the new patterns and designs right from the mills of Europe and America will be shown at Swindell's carpet rooms in a very few days, and you can then get right here in Raleigh, any kind of a carpet you could select were you in New York. Rugs, Druggets and Art Squares and floor Oil Clothes will be in keeping with our nice carpet stock. Our Dress Goods Department will be as complete as money can make it. Our Millinery will be first class in all its departments; and our department of fine shoes will be as complete as it is possible to make a shoe department. In fact we are preparing to suit you whether your pocket book is well filled or scanty filled.

Yours Truly,
D. T. SWINDELL.

Negligee Shirts.

A Negligee Shirt is one of the most comfortable garments a gentleman can have for this hot weather. We show a very complete line in Batiste, Madras &c. Now is a good time to buy all the Negligee shirts you need, because we have reduced the prices, and you can buy now for much less than earlier in the season. In addition to our regular line of Negligee shirts, we have those with the sheer puff bosom, and this puff bosom shirt is another hot weather comfort. Remember, Negligee Shirts are now at closing out prices.

The Hillsboro Street Bridge.

Correspondence of the VISITOR.

It cannot be possible that our Board of Aldermen will permit Hillsboro street to be longer ruined by the present unsightly bridge, one third narrower than the street, to exist over the railroad crossing. The bridge now there has blocked the street during the State Fair for years because there was only one roadway on it. We will now have the electric railway to cross it and all the vehicles coming and going, and the bridge should be the width of the street with two roadways over it. The Board of Aldermen should not permit that bridge to be repaired in its present shape and size if they do it is practically giving Hillsboro street to the railroad and the people will rise in indignation at the continued ruin of one of our most beautiful streets in the city. The bridge ought to be built of iron and be of modern shape, and should be the entire width of the street.

We have confidence in our Board of Aldermen and cannot believe that they will longer submit to such a nuisance as the narrow bridge across Hillsboro street nor permit it to be perpetuated by being repaired in its present shape.

The city is prospering mightily and all improvements must be modern and up with the times, and if that bridge is allowed to remain until the exposition there will be a continual block of vehicles on Hillsboro street.
CITIZEN.

A Kansas judge has received several letters warning him not to preside at the trial of a murderer in his district, on penalty of being shot. This is an entirely new way of getting a continuance of a criminal case.

The pension list is swelling at the rate of a thousand cases a day and there are only 365 days in the year. This is not giving the old soldiers a fair show.—Philadelphia Times

An Illinois woman proposes to give from \$75,000 to \$100,000 for the purpose of erecting a colored female college in Mississippi, provided the ground for a site is donated by the citizens of the locality where the college will be located. This is very commendable move in the direction of educating that class of our population.

HOUSE FURNISHINGS.

Carpets, Curtains, Table Damasks,

Napkins, Towels, Sheetings, &c.

Every one who has any preparations whatever to make in the line of house furnishings, should take advantage of the opportunity we now offer, to supply themselves, and not put off the purchase of these goods until the last weeks before the Exposition.

Nothing can be gained by putting off buying carpets, curtains, table damasks, napkins, towels, sheetings, pillow cotton, &c., as many of these goods are now offered at prices lower than under the old tariff, and if bought now money can be saved, and the trouble and inconvenience will be over before the rush of the Exposition begins.

BLANKETS.

There are a good many of our blankets carried over from last season, which we wish to clear out, before the new fall stock arrives. Some of these are solid, but the prices one can buy them for, will fully recompense them for taking an article slightly shop worn.
