NEWS NOTES ABOUT THE CITY.

What Our Reporters See and Hear Worth Giving to Our Readers—News in Brief.

Ex-Gov. Scales is no better. His death may be expected any moment.

Another hot wave predicted. Hope it may give us the go by.

Blind Tom is booked for Raleigh in the near future.

The latest news is that Auditor Sarderlin is rapidly recovering from his injuries.

Messrs. Joseph Separk and Fab. H. Brown left this morning at 1 o'clock for Trinity college.

The sear and yellow leaf of the year is approaching. So is the ex position.

Angelina Bragg, an old family servant of the late Gov. Thomas Bragg, died yesterday afternoon in this city, aged 90 years.

Work has commenced on the market house building, by plastering over the worn places, so that the paint may be put on.

Next month Jno. Robinson's circus will put in its appearance. This with the exposition, will give all fun enough.

The electric street car line is rather short at present, but, wait awhile. All things come to those who have patience.

Considering the inclement weather, work on the new Union Depot has progressed wonderfully. The front on Dawson street is rapidly going up.

Remember the thimble party to be given by the young ladies and gentlemen connected with the Baptist Tabernacle, at Stronach's warehouse tonight.

Can't something be done to bridge over the mud at the corner of Harrington and Martin streets? Pedestrians cannot cross there without wading.

A party who had "cussed" a little in the market house Saturday night was before the mayor this morning, but it being the first offence he was let off with a reminder.

Capt. B. P. Williamson owns a half sister of the celebrated lightning mare, Nancy Hanks. The Captain never gets left on horse flesh, or any thing else, as to that.

Did you ever hear an old-fashioned spinning wheel? Well, just listen to the whiz of the electric cars, and you will hear something your grand folks used to listen to with delight. Nothing new under the sun, said Solomon, and he knew.

The horses in the city are gradually making the acquaintance of the new electric cars, but they still keep up considerable prancing. The country horses and mules don't like such city airs and are extremely suspicious.

What about a belt line extending from Oberlin through Brooklyn, around to the power house; would it not pay handsomely? Let our benefactor, Mr. George of the electric railway, think of it.

Rev. M. L. Latta, a colored minister, yesterday purchased from Mr. Henry E. Litchford four good size lots in Oberlin upon which it is proposed to erect a university for both sexes of the colored race. He will leave for the north in a few days to solicit contributions for the institution.

Work on the interior of the Citizens Bank building is nearing completion and a prettier or neater place of business cannot be found anywhere in the south. In fact it is as nicely arranged as it can be for the accommodation of the public. In addition to other improvements, brass plates have been put up, on which the different departments are designated, such as President, Cashier, General Book-keeper, Book-keeper, paying and receiving counters, collections, customers &c. This will be of great convenience to all who have business with the bank.

Personal Mention.

Master Geo. H. Snow, Jr., left yesterday to enter the Horner school at Oxford.

We are pleased to see manager Brown of the Western Union Telegraph office out again. He has been laid up with a sprained ankle.

Prof. L. S. Packard is in the city to day and reports everything moving on smoothly at Pine Bluff.

Mr. Geo. H. Searls has taken a position with Messrs. W. C. & A. B. Stronach in their retail department.

We are delighted to note the return of Rev. Dr. John S. Watkins, who has been for a time sojourning at the Buffalo Springs. He is much improved in health.

Miss Blanche Fentress returned yesterday from a delightful visit to her father's relations in Norfolk and Princess Anne county, Va., also to her brother in Wilmington and sister Mrs. E. M. Nadal of Wilson.

Mortuary Report.

We are indebted to Mr. A. L. Ferrell, the efficient city Sanitary Inspector and clerk of the Local Board of Health, for the following synopsis of his forthcoming report, which is now in the hands of the printer:

The Baptist Female University.

A number of citizens attended the called meeting of the Chamber of Commerce last night for the purpose of considering the matter of locating the Baptist Female University. In the absence of President Latta, Mr. R. H. Battle called the meeting to order and stated the object. Mr. W. N. Jones, in behalf of the committee, appointed by the Baptists last week, reported that they had made as careful a canvass as possible in so short a time. About \$32,000 was now pledged leaving \$8,000 unsubscribed. He said that the Trustees did not propose doing anything in the way of locating the school until the full amount of \$30,000 should be subscribed. Mr. James Briggs suggested that the committee should have until the regular meeting of the Chamber on the 8th September, to canvass, which was agreed to. Mr. Vitruvius Royster was added to the committee and Mr. W. N. Jones was re-appointed chairman.
