NEWS NOTES ABOUT THE CITY.

What Our Reporters See and Hear Worth Giving to Our Readers—News in Brief.

Fine weather.
The new bank will soon be ready.
Clean up for the exposition; the time is near at hand.

The County Commissioners are still engaged on mere routine duty.

The new delivery wagon of Messrs. Eberhardt & Pescud is a beauty.

A very large attendance is anticipated in the graded schools during the coming session.

The condition of ex-Gov. Scales is about the same as at our last report. His case is hopeless.

The street car business is rapidly improving. Every afternoon the cars are loaded to their utmost capacity.

Mr. W. B. Merrimon has taken a position with Messrs. Berwanger Bros., where he will be pleased to see his friends.

Phalanx Lodge, K. of P. will meet at 8 o'clock tonight for work in the second rank. Visiting brethren cordially invited.

Don't forget to report to Maj. C. D. Heartt and Mr. A. L. Ferrell if you can arrange to take boarders during the exposition.

Rev. Dr. J. W. Carter, of the First Baptist church of this city, will hold protracted services at Lincolnton during the present week.

The regular monthly meeting of the Directors of the Raleigh Cotton Mills will be held at the mills at 4:30 o'clock tomorrow afternoon.

The Barlow Bros. Minstrel troupe which appears at Metropolitan Hall next Friday night, is said to be one of the best troupes on the road.

A right good rubbing of the statue of Washington would come in well just now. Give the old gentleman a cleaning up before the exposition.

Call at the Agricultural department and witness the working of the comptometer, which is a most remarkable instrument for computation &c.

The drug store of Mr. Jno. B. Pescud on Fayetteville street, is receiving a new coat of paint, and is being otherwise fixed up for the coming exposition.

All who expect to take boarders during the exposition, should send in their names at once to Maj. C. D. Heartt and A. L. Ferrell. There is no time to lose.

A passenger train made the distance between Danville and Charlotte, 142 miles last Sunday in three hours and five minutes. It made eight stops.

Every train is bringing young ladies to Peace Institute. Our schools of every description will be more flourishing than ever during the fall and winter session.

We learn that one of the balls with which Capt. Kirkland was shot sometime since, has been extracted. It had lodged near the knee. We hope his recovery may be speedy.

Can't our friend Mr. E. G. Harrell tell us something about the proposed Cuban trip? It would be a most delightful occasion no doubt and we should like to see it successfully carried out.

It now seems that there will be no report made by the Railroad Commission on the Third creek disaster until the end of the present year when it will be made to the Governor direct.

I feel it my duty to write you in regard to the benefit your Bradycrotine has been to my wife. Ever since a child she has been subject to the most dreadful headaches, usually several times a month. She has tried doctors from Maine to California but none could prevent these spells running their course. Bradycrotine has not failed to effect a cure in a single instance, one dose usually being sufficient. Oscar F. Frost, Monmouth, Maine.
Sept. 2 6

Cards are out for the marriage of Mr. Samuel Watts of Auburn to Miss Laura B. Meyer, to take place Sept. 17th, in Centenary Methodist Church at Richmond, Va., the city in which the brides' parents reside.

There are still about forty or fifty copies of the laws of the last legislature remaining uncalled for by Justices, in the office of the Register of Deeds. It is highly important that they should have them.

It is rumored that it will be yet about two weeks before the Hillsboro street line will be running the entire length. We are unable to learn where the hitch is, but we must take it for granted that the officials have good reason for the delay.

It is now estimated that at the present rate the entire appropriation for the return of direct taxes will be exhausted long before the Chicago exposition. We must raise something for the great show by individual contributions or it will not be raised at all.

Messrs. W. H. & R. S. Tucker & Co., and Messrs. W. C. & A. B. Stronach are having their stores put in "apple pie" order for the coming exposition. We shall have much to say about these improvements as well as about the proprietors as soon as the work is completed.

If you have failed to list your property for taxation, it is your duty to go before the Board of County Commissioners and make your excuse. If it is a good one, they will no doubt, take off the penalty. If no excuse is made, it may be taken for granted that the failure was wilful.

Mayor's Court.

His honor was on time this morning and promptly at 10 o'clock took his seat for the administration of justice.

Richard Burwell, colored, was arraigned for stealing a silver watch, the property of Joe E. Perry, on the 7th inst.

A little colored boy testified that Burwell brought him a watch and told him to hide it and not let any one see it, even if it was five years. He told the little boy it was not a stolen watch, but he was only fooling with a fellow.

Officer Lewellen's evidence was a clincher, so far as the guilt of the prisoner was considered.

Mr. Hobgood testified that Burwell told him he had found the watch, but until it had been identified he thought he ought to keep it. He did not think that Burwell intended to steal the watch.

Burwell was bound over to court in the sum of \$50, which he gave. A case of drunk on the street was discharged with an admonition. Thus ended the docket.

Central Methodist Church.

During the day yesterday we heard a number of our citizens who attended the opening of this new church last Sunday, speak in the strongest terms of admiration of the beauty of the building and its finish and furnishing. It is decidedly the handsomest church in this section of the State. The congregation was large, both morning and at night, filling main auditorium and a large number overflowing into the Sunday school room, which is made available on such occasions by large folding doors. The services were interesting and profitable. Dr. Nash preached two able sermons. The public, from the various and numerous expressions we have heard, were greatly pleased with the new church and with the services.

Dr. Nash and his building committee deserve great credit for their remarkable success in erecting this building. Very few would judge it to have cost less than \$20,000 or \$25,000, while it has really cost only about \$14,000. The beautiful Vocalion organ placed in the church by Mr. Geo. Mears, is a magnificent instrument, and beautifully matches the finishing and furniture.

An Offer.

The VISITOR is always anxious and willing to aid in whatever may conduce to the public welfare. It is an absolute necessity to the proper success of the exposition that the most perfect arrangements possible should be made to accommodate all who come to our city. This is necessary, not only in the interest of the exposition, but with a due regard to the reputation of Raleigh. We have, heretofore, called attention to the fact, that Maj. C. D. Heartt and Mr. A. L. Ferrell have been selected as representatives of a bureau of information to receive the names of all persons who are willing to take boarders during the time the show is in progress.

In order to facilitate the matter as much as possible, the VISITOR, under the head of "Boarders Wanted," proposes to insert cards of such persons as can accommodate boarders, at 25 cents for not exceeding 3 lines during a period of one month. All that is necessary to be stated in the cards is the names of the parties, number and street and whether table board or lodging or both can be had.

It will be readily perceived that this proposition is almost gratuitous, being only about sufficient to cover the expenses of composition and the worth of the space. We hope all who contemplate taking boarders will send in their notices at once.

Personal Mention.

Mrs. L. N. White has returned from Baltimore, where she has been to visit friends.

Judge Thos. C. Fuller, was in Durham yesterday.

Mr. W. Penny, from Auburn has accepted a position with Mr. D. T. Johnson as salesman, in his wholesale and retail grocery business, on east Hargett street.

We are pleased to learn that Mrs. M. F. King who was injured several days since by being thrown from her buggy, is rapidly improving.

Col. John S. Robinson has gone to Cleveland Springs.

Capt. Peyton J. Brown, one of the gentlemanly conductors on the Richmond & Danville System, is on a ten days leave of absence, which he proposes to enjoy in a trip with his family. Hope he will have a good time.

Ferrell, left to day for Murfreesboro, to resume their studies at the Chowan Baptist Female Institute, which they attended last session. They will be accompanied by Misses Alice and Fannie Perry from the Southern part of Wake, who go as new scholars to the Institute.

To the Tobacco Growers of North Carolina.

The chief of the U. S. Weather Bureau is about to perfect a system of frost warnings for the benefit of the tobacco growers in this State. The cold wave flag (white flag, square with black center) will be the frost warning symbol, and display stations will be established wherever a displayman (preferably a tobacco grower or some interested person) can be secured who will purchase or make his own flag and display it from a tall staff for the benefit of the community or section. Bulleting the information, utilizing the press, railroad wires, telephones, etc., will form part of the general plan of giving these warnings to the people of the several counties where tobacco is grown.

Tobacco growers or any other persons who wish to receive the frost warnings are requested to correspond with the undersigned.

SEPTEMBER—THE TIME FOR DRESS GOODS.

THIS MONTH

is the time to think of and buy Dress Goods

September is an interesting month for the customer who wishes to buy, and for the storekeeper who wishes to sell; and we are not going to let this September be any exception to the rest.

IT IS NOW

particularly interesting in dress goods, and will continue so, for our buyer is daily letting us have the best that money will procure.

We would like to tell you of every line of dress materials that he has sent us, but we can only tell you of a portion.

AMONG THE LAST

sent was a little lot of Dress Plaids

at 40c—very stylish. Then at 50c are a lot of beauties; one line of Striped and Plaid Scotch Cheviots, look almost like Cassimeres—but that is the right finish for this season.

Another lot at 50c in Plaids, very wide, 44 inches. This lot not at all rough finish, but still good sellers.

Of 60c goods there is one line of beauties—medium and dark grounds with bright Roman stripes. Another lot equally as good, but less conspicuous—these Irish Tweeds—nothing wears better, and they closely resemble materials at twice their price.

The above are what we consider among the best at the prices, but probably after seeing the stock you will like others, for we have so many kinds, and we know the prices are right on all.
