

**The Spinning Jenny and Catch Pennies.**

Correspondence of the VISITOR.  
Among the good things you are doing for the welfare of Raleigh, we hope you will raise your objection against the incoming of a number of catch pennies which are likely to fall upon us as the Exposition time approaches. The city government ought to watch and protect us against these methods to get the people's money. No games or spinning jennies ought to be allowed a place in the city among or near to houses. They are like a circus, and ought to be taxed, and if we must have them let them be away from houses where the sidewalks will not be so blocked as to cause ladies to go into the street to get along, and where people can get a little rest from their steam whistle and their never changing music.  
CITIZEN.

The Isabella Circle of the Kings' Daughters will give a musical on Thursday evening next at the residence of Mr. Garland Jones. An interesting programme has been prepared.

**THE GREAT Panacea Springs WATER**

CERTIFICATE FROM DR. J. B. BOBBITT, RALEIGH, N. C., June 5th, 1891.

To the Panacea Springs and Hotel Co:  
Gentlemen—It affords me great pleasure to state that I regard the Panacea Springs water the very best in the catalogue of mineral waters now in use for scrofula, and especially for dyspepsia. One year ago I was a great sufferer from dyspepsia and after spending several weeks near the springs and using the water daily, I was completely relieved. Since that time I have had occasional returns of it, and in every instance I have experienced prompt relief by the use of the water. I would advise every sufferer from dyspepsia, who can do so, to use this water. It is what its name indicates—a panacea—for some of the worst, if not all, the diseases which flesh is heir. I have known the water for a number of years, and I cheerfully recommend it. Respectfully,  
J. B. BOBBITT.
