NEWS NOTES ABOUT THE CITY.

What Our Reporters See and Hear Worth Giving to Our Readers—News in Brief.

A new safe for sale cheap. Apply at this office.

Chatham rabbits are piling into the city.

'Possum and sweet "taters" are now the correct thing.

The Count of Monte Cristo next Monday night.

The summer cars will soon not be "in it."

There is a continued scarcity in this vicinity of cotton seed.

Don't fail to see Frederick Warde in "The Lion's Mouth" tonight.

A considerable number of country people in the city today.

The receipts of cotton today have been somewhat under the average. Prices continue low.

Close connections are now made at Goldsboro, much to the convenience of everybody interested.

Boom up the Raleigh centennial for next year—keep talking about it. This is the way to prompt action.

Lots of turkeys in town. They yelp a doleful sound just like they knew Thanksgiving Day was at hand.

Monte Cristo will be the great sensation at Metropolitan Hall next Monday night. Don't fail to see it.

Some splendid programmes are to be fixed up for the closing week of the exposition.

Pension warrants are being sent out as fast as possible from the Auditor's office.

Only a lease or so of drunk and down occupied the attention of the mayor today.

Prayer meeting at the jail tomorrow, Sunday afternoon, at 8 o'clock. All men of every denomination are requested to come.

Don't fail to go to Metropolitan Hall tonight. Frederick Warde the great tragedian will perform the "Lion's Mouth."

Miss Adela Randall the most celebrated prima donna, on the stage will probably appear here early in December, arrangements for the purpose now being on foot.

The first volume of Judge Womach's digest has been issued from the press. It has been prepared with the utmost care, and we have no doubt will rank favorably with any of a similar character heretofore issued in North Carolina.

The fall terms of the courts are adding considerably to the number of convicts in the penitentiary. Several are received nearly every day. The health of the prisoners is considered unusually good this season.

There is some talk of fixing up the upper part of the Adam's building, corner of Martin and Wilmington streets for theatrical performances, etc. We mention the rumor as given. It would make a most excellent hall if properly arranged.

Raleigh is now getting to be of a size that would seem to require a well regulated and well supported hospital for the sick and unfortunate in our midst. Let the Board of Aldermen look into the matter, and, if possible devise some means to make the Rex Hospital fund available. It is a matter of the utmost importance, and should be earnestly pressed.

"Eat, drink and be merry for tomorrow" Bradycerotine will stop the headache. wed 18 6t

It is stated that a wine manufacturing establishment is in contemplation, to be started in Raleigh in the near future. We learn further that our esteemed friend and fellow citizen, Mr. A. Dughi, is to be in charge of operations. This ensures success, because there is no gentleman in North Carolina better qualified, in all respects, and certainly there is none more deservedly popular.

The exact amount realized by the Masons for Oxford Orphan Asylum at the exposition was \$101.37.

Messrs. Jones & Powell make an announcement today, that all in need of fuel should read.

News has been received here of the seizure of a 65 gallon still which was operated by James Powell near Bradshaw, Orange county.

There will be a large attendance from Raleigh at the Methodist Episcopal Conference, in Greenville, next week.

We acknowledge the receipt of an invitation to attend the Sampson county fair which begins on the 25th inst.

At the session of the Virginia and North Carolina Conference of the Christian denomination, Rev. J. L. Foster was returned to the church in this city.

The station house question will not rest quiet. It is a matter that imperatively demands attention. We hope our worthy City Fathers will take it into early and serious consideration.

The electric railway in all its departments, is being put in first class order. A large number of white oak cross-ties are being daily received. The rolling stock will soon be replenished.

Next Wednesday will be a day of unusual interest at the exposition. The ex-Confederate veterans will present Col J. S. Carr, a handsome gift.

The Presbyterian Orphanage, at Barium Springs, which was recently burned, is likely to be rebuilt at an early day. Statesville has offered a free site and all building materials.

Market well supplied today with first class beef and pork. Our butchers are accommodating and their prices reasonable. The stock of rabbits, poultry, etc., is also good.

The dedicatory services at Central Methodist Church tomorrow by Bishop C. B. Galloway promise to be of very decided interest. The Bishop stands at the head of the list as a pulpit orator, and those who fail to hear him will do themselves very great injustice.

What about a railing to the steps leading into Metropolitan Hall. It would be a great convenience, especially in leaving the hall at night. Ladies and old people would much appreciate it. The cost would be very little. Let us have it.

Florida Oranges at 25 cents a dozen. A. Dughi. Telephone 23.

Peace Institute

A large and highly delighted audience attended Peace Institute last night, the occasion being a musicale under the direction of Mrs. Clarke, Miss McIlwaine and Miss Wade. All present were delighted.

Bomb Shells.

The few bomb shells which we are throwing in the ranks of the enemy each day is doing its work. We are now gathering our small guns and the din of musketry will be heard in a few days. The General of this little rebellion gives the command and our Lieutenants are getting the fighting forces in readiness; the ammunition wagons are being loaded while we are skirmishing on the out post of the enemy as follows:

A Few Suggestions.

The VISITOR feels that it does not transcend the bounds of modesty in claiming, that for the last dozen years, or more, it has actively upheld every scheme for the advancement of our city, and did whatever it could to promote the welfare of our people. Deeply impressed with this conviction, we do not hesitate, whenever occasion may offer, to throw out such suggestion as may seem to us plausible subject, of course, to whatever modifications and changes may appear best, from those whose opinions are entitled to consideration. In this connection, we are led to say a few words relative to the site of the proposed Baptist Female College, which, it is now understood is to be located in Raleigh.

It is hinted, or, we might say, it is openly stated, that the site heretofore selected for the Institution will not be utilized as such. This decision has been reached as we understand it, from the fact, that, in many instances, that might be mentioned, the place is not as eligible for the purpose as others that could be selected. We are candid enough to admit, that this is an opinion which was shared in by us from the first. In fact, the selection for a site for a female college, almost in the heart of the business centre of a city, is, in our opinion, entirely inappropriate. We may go further and say, that such a course, would have a damaging effect upon the discipline of the school, causing at times serious drawbacks to the studies of the pupils.

It may not be out of place to call attention to the fact that, as a rule, our seminaries of learning are located out of the reach of the bustle and business confusion of cities. For instance, we can note the Female College at Greensboro, which is located in a quiet, but beautiful and accessible suburb. The Chowan Institute, at Murfreesboro, is outside of the channel of business. Our own St. Mary's is far out on the Western suburb of Raleigh, or, at least, it was, at the time of its establishment. Peace Institute, too, at the time the buildings were erected, was on our Northern suburbs. There are other seminaries of learning, for both sexes, that might be mentioned in the same connection. We are not the advocate of any special locality, but we must think that a proper regard for the interest of the proposed college should prompt the committee to select such a site as would be most likely not prove a drawback to the studies of the inmates. We do not insist by any means, that as a necessity, it should be located beyond the corporate limits, but, we do hold that it should be in such a locality, as would remove it from undue intrusion, and where a sufficient acreage could be procured for the proper recreation of the students. We cheerfully concede, that the gentlemen to whom has been entrusted the task of locating the school, are men of discretion and foresight. It is not amiss, however, at times, to throw out ideas, which may perhaps escape the notice, even of the most observant, and we therefore hope, that what we have written, may not appear as going beyond the bounds of our duty. It is a matter in which no personal interest is at stake. We desire as paramount, the welfare of the institution—only this, and nothing more.
