SUSPENSION OF THE FIRST NATIONAL BANK OF WILMINGTON.

A dispatch was received today announcing the suspension of the First National Bank at Wilmington, N. C. We have official authority for the statement that the banks of Raleigh are in no wise whatever affected by the suspension, as the suspended bank did not owe the banks of this city a cent. We are proud to state that the institutions in this city, are on as firm basis in all respects, as any in the country, and their management is in splendid hands.

Funeral.

The services over the remains of the late Mr. Walter R. Womble, took place this morning from the First Baptist Church and were attended by a vast concourse of the relatives and friends of the deceased. The ceremonies were conducted by the Odd Fellows, and the Board of Aldermen and fire department attended in a body. The following were the pall bearers chosen from the Board of Aldermen, the Odd Fellows and citizens: Mayor Thos. Badger, Messrs. J. E. Pogue, Frank Stronach, H. E. Crocker, N. B. Broughton, Millard Mial, J. H. Parham and Josephus Daniels.

The floral offerings were profuse and of the most beautiful design. Rev. Dr. J. J. Hall, of the Baptist Tabernacle, preached the funeral sermon. He was assisted in the services by Rev. Dr. Carter. The procession to the burial ground was long and imposing.

Thus has been laid at rest one of our most beloved citizens. His memory will long linger in our midst.

To-Morrow.

The recurring anniversary of Thanksgiving is to be celebrated tomorrow and it is not out of place to suggest to the people of Raleigh the words of the Savior of mankind, "The poor ye always have with you." What is more fitting for the observance of the day than by remembering the poor. "It is more blessed to give than to receive." Then let the blessing come among many. We cannot do better than to adopt the language of a valued contemporary:

As a people, we have much to thank the Master for. While measure of our hopes has not been filled to overflowing, it must be borne in mind that it might have been worse. No pestilential disease has marked our section; no devastation of any character, but rather a healthful record, leaving us our strength and full capacity to battle with the affairs of the world. For these then we should be grateful. With a more solid peace throughout the land, an intimate inter-state trade is springing up, making the bond stronger and bringing the people together in a common love, for a common country. Why we have much to be thankful for.

Are Times Hard?

Yes times are hard and money was never so scarce, but we are sure of a big business because times are hard. We know that people who have but one dollar and want to get two dollars worth of goods must seek our store, as we are the only ones who does give two dollars worth for one dollar. And again we call your attention to buying goods on credit. Don't do it, you must pay a big price and in many instances you must pay for goods you never got at all. Stint yourself a little while and get a little money ahead, then you are master of the situation. When you trade on credit you are under the thumb of a tyrannical master more terrible than a savage. You know that credit is a moth and mold that will assuredly blast and blight you as the sun shines; shake off the yoke and be a man; if you have but one dollar buy one dollar worth at Swindell's, and you will get about as much as you will for two dollars in the old credit way. You know how you shun those haunts who comes around with your bill, he is like the warden of a dark prison making the rounds of the cells to see if all are well caged, and when he leaves you can imagine you hear the dull thud of the prison locks as they close in on you. Shake off this terrible curse and trade at Swindell's for cash and run no bills, and your youth will be renewed and sweet sleep will come to your eye and slumber to your eyelids. Your appetite will be renewed and your pocket will gingle again. Your friend in need,
D. T. SWINDELL.

Union Services.

The Union Thanksgiving services tomorrow will be held in the First Baptist Church in the morning at 11 o'clock. Rev. Dr. John S. Watkins will preach the sermon.

A Steam Shocking Machine.

Mr. C. H. Kaylor, of this city, has built a diminutive steam engine, complete in every particular, and connected with it a dynamo of the Edison pattern, which operates by a nickel being placed in the slot, and the speed of the engine can be regulated up to 3,000 revolutions per minute. It is an ingenious piece of mechanism and shows clearly that Mr. Kaylor thoroughly understands the construction of steam engines and electric dynamos. He built this wonderful and powerful machine at night in his room at Mr. C. D. Christophers. He is a first class machinist and deserves a great deal of credit. This grand little machine must be seen to be appreciated.

Maj. Finger's Report.

The reports for the past year were completed yesterday. The delay has been caused from the failure of friends in several counties to send in returns. The amount expended on schools last year was \$740,000, of which \$715,000 was on country schools and \$25,000 on city schools.

The school census showed that the number of children between the school ages of 6 and 21 years was 380,704 whites and 213,857 negroes; total 594,561. This was against 371,144 and 216,524 the previous year. The falling off in the negro census is noticeable. It is due very probably to the exodus. The actual enrolment in the schools last year was 214,877 whites and 115,808 negroes; against 205,844, and 110,689 the previous year. The school terms are for both races three months on an average. There is not a difference of two days in their duration for the two races.
