RALEIGH, N. C., DEC. 21, 1891

The January, 1892, Bulletin of the Department of Agriculture will contain the following

Statement.
 The notoriously inaccurate and misleading reports of the case of the Board of Agriculture vs. the Durham Fertilizer Company, and S. W. Parker, as published in some of the papers of the State, necessitates the publication of the following correct statement of the case.

JOHN ROBINSON,
 Commissioner.
THE BOARD OF AGRICULTURE VS. THE DURHAM FERTILIZER CO., AND S. W. PARKER.

The case was called at Granville Court, and several issues were framed for submission to the Jury.

The first issue was as to whether the fertilizers which had been seized in the warehouse of the defendant Parker were in his possession and on sale. The other issues related to the character and composition of the fertilizers.

The attorneys for the Board announced to the Court that the Board would admit that if the fertilizers at the time of seizure had been actually delivered to the consumer, the plaintiff would not be entitled to the relief asked for, to wit: the condemnation and sale of the fertilizers, and proceeded to offer testimony on that issue.

The Court, upon the testimony offered, and upon the request of the plaintiff that it should indicate what the Court would hold, said it would charge the Jury that the fertilizers were not in the possession of Parker and on sale, and the Jury must find the first issue for defendant.

The evidence being that the fertilizers seized had been turned over by the railroad agent to the defendant Parker for one Cole as agent of the White Rock Alliance. The plaintiff's counsel contended that as the fertilizers when found and detained in Parker's warehouse had not been tagged according to law, they were not legally delivered to the consumers for whom they were intended; but upon the intimation of his Honor that he would hold otherwise, the plaintiff took a non-suit and appealed.

It was in evidence, and not contradicted, that the sixty one bags had been in Oxford nearly a month without tags.

The issues as to character and composition of the fertilizers were not tried, it being considered unnecessary to consume time by offering testimony upon them when his Honor's opinion was against the plaintiff on the first issue, which, found against the plaintiff, would end the case.

It thus appears that the question as to whether the fertilizers were below the guaranteed claim ascended for by the Department, and for which it has sufficient proof, has not been decided.

The complaint asserted positively that the sixty one (61) bags of fertilizers made by the Durham Fertilizer Company, and seized in Oxford, were not up to the claim, and considerably below the guaranteed value.

The answer filed by the Company did not positively deny this allegation, but stated that as to this allegation (to wit, the quality of its own fertilizer) the defendant had no knowledge or information sufficient to form a belief. The issue was raised in this way.

The Morganton Manufacturing and Trading Company's wood working factory is running to its full capacity and yet they cannot keep up with their big flow of orders. They have recently received large orders from Asheville and other towns for doors, sash blinds, mouldings, etc. — Morganton Herald.

Southern Pines in Moore county, is now beginning what it appears will be its most prosperous season. Many Northern people are going there. There will soon be a great grape and fruit growing section. A stock company, of which J. Van Lindley, of Guilford, and B. Douglass, of New York, are members is putting out 25,000 peach trees, having cleared 370 acres of pine forest for that purpose. There are already some large vineyards in that section — Wilmington Messenger.

The Durham Sun very correctly says, "accidentally killed" is becoming quite frequent of late among those who go out to hunt. T. T. Hamilton, of Asheville, was killed Tuesday by the accidental discharge of his gun. The Oxford Day reports a similar accident near Midway on the same day. This was a colored man, whose name was not given.

BOARDERS WANTED.
 TWO gentlemen can be furnished with board and lodging at No. 102, Saunders street. dec. 21-1f

D. BELL & CO.
 — — —

"A Yard of Roses."

This Slip and \$1.75.

Fire! FIRE! Fire!

Safe, Safe, Safe.

We know how to build Vaults and Safes. We know the requirements of most customers. Our work is the cheapest because it is the best. Our work is NOT the lowest in price. We have had experience.

Are you insured?
 Is the evidence of your insurance insured?
 A good Fire Proof Safe for their protection is the only insurance for them. Have you a good Safe?
 When placing your insurance did you obtain bids from several companies and select the lowest priced company?
 Or did you consider and decide that the best company would prove the cheapest should a loss occur?
 Why not follow out the same line of reasoning in the selection of a good Safe in which to insure your insurance policies, books and valuable papers from destruction by fire or from theft by burglars?
 When about to employ a lawyer for a case of importance, do you get bids from several and accept the lowest?
 Or do you employ a capable man who has had experience and a good record?
