### NEWS NOTES ABOUT THE CITY.

#### What Our Reporters See and Hear Worth Giving to Our Readers—News in Brief.

Happy new year to all. Some fine shows will soon be here. The street cars at Wilmington are soon to be propelled by electricity.

Holiday hours were observed at the telephone offices today.

Regular monthly meeting of the Board of Aldermen to night.

There will be but few business changes in Raleigh this year.

Snow is predicted by the knowing ones in the near future.

We are glad to note that there is a cheerful outlook among our business men for 1892.

There was little or no business transacted on the Cotton Exchange today.

The "Enchanted barrel" at Metropolitan Hall last night was a most enjoyable performance.

Everybody is making new resolutions today and all say they are going to keep them.

It is said that the farmers in this vicinity generally are seriously thinking about planting less cotton and raising more of something to eat.

The New Year's callers today have been few and far between. The old custom seems to be dying out in these parts.

The prospect for a largely increased attendance at both of our female schools the coming session, is first rate.

Maj. Heatt says he met with a hearty good reception at the hands of the chief of police of New York and his associates. To use his language "they are glorious fellows."

Remember that Sheriff Page has to settle his taxes with the State, and it is reasonable to expect that the people should come up promptly. He is anxiously waiting for them.

Gov. Vance says that after all our country is the best in the world, and that Buncombe county is the chief centre. The Governor's head is always level.

Can't the Board of Aldermen take up the matter of a wood market at their meeting tonight. There is hardly a dissenting voice in the city as to the necessity of such a movement.

Gov. Holt is busily engaged in examining into all the particulars in the case of Dawns, the Charlotte burglar. There are an immense number of applications for a mitigation of the sentence, and the Governor will decide the matter next week.

We are glad to learn that Mr. Pave will push the building of his new hotel as rapidly as the weather will permit, and that he hopes to have everything arranged for the reception of guests early in the coming summer.

About \$100,000 of old North Carolina bonds were tugged at the treasury yesterday. After July 1st, next, the exchange ceases and somebody is going to get disappointed if the act is not extended. Better bring in the bonds and have the matter settled. North Carolina should not be expected to do any better.

The sheriffs are settling slowly with the State Treasurer.

See notice of sale of land by G. B. Alford, Mortgagee.

W. A. Dunn, Esq., has been appointed receiver of the suspended bank at Clinton.

There have been 700,000,000 cigars manufactured in Durham during the past year.

The calendars this season in design surpass any we have ever seen. Some of them are truly beautiful.

This is going to be an exciting year in many particulars. Let us all keep cool and be charitable to each other.

The grippe is making havoc among the convicts on the Roanoke farm. The deaths, however, have not been many.

Next week it is expected that everybody will make a fresh start in earnest. Folks can't get over a holiday all at once.

During the first ten days in this month, merchants are required to list the purchase tax. The Supreme Court has settled the matter.

We are authorized to state that there will be no meeting of Wm. G. Hill Lodge tonight, as announced in the morning papers. It is a mistake.

As we understand it the boys at the power house merely had a little fun last night. They did no one any harm and meant none.

Read the advertisement of Mr. J. B. Culpeper, of Richmond, Va., and Mr. Wm. Easdale of this city in reference to the celebrated Remington Standard Type Writers.

The cotton receipts for the past week were 225 bales against 552 for the corresponding week last year. The season receipts are 18,473 bales against 28,359 last year.

Sheriff Page has paid in to the county school fund \$25,739. Superintendent Clements estimates that \$24,000 will conduct the public schools for four months of the year.

It is thought that the grippe is now on the decline in Raleigh. It has been bad enough, but, when other communities are compared, we have gotten along as well as could have been expected. We hope the monster will bid us a long farewell before long.

East Hargett street was today the scene of another almost complete blockade of wood carts entirely excluding the passage of other vehicles. The question being asked by our people is, if this state of things is to exist, or whether our Board of Aldermen will take cognizance of the almost unanimous verdict of our people and establish a city wood yard. It certainly is a subject of much importance and should not be overlooked.

The employees at the Power house of the Electric Railway held a regular jollification last night. They whistled the old year out and the new year in to perfection. The impression prevailed that there was a fire, and, for a time a little excitement existed. It was just a regular hurrah—nothing more.

#### Emancipation Celebration.

The colored people of Raleigh and vicinity today celebrated the 29th anniversary of Lincoln's proclamation of emancipation which he issued after long consideration as a war measure, and which he acknowledged was done with many misgivings as to its policy. In fact, it is well known among all those conversant with the history of the times, that it was the earnest desire of Mr. Lincoln to save the union, if it could be done without interfering with the "peculiar institution" in States in which it existed, and he so declared in Cabinet sessions and elsewhere. We do not make this statement to throw cold water upon the custom of our colored people in rendering due homage to the man who gave them the priceless boon of liberty. It is natural that they should feel grateful for such a bestowal, but it may be well for them to remember that it was not altogether the result of Mr. Lincoln's own views upon the matter. We are candid enough to say that in the bestowal of their gratitude the colored people should at least share some of it with Secretary Stanton and Seward, both of whom pressed and urged Lincoln to the movement at a time when he was reluctant to carry it out. However, the colored people are free and they have the undoubted right to celebrate the occasion as to them may seem best. In doing so, they certainly have the good wishes of every white person who looks at the matter in its proper light.

The celebration today consisted as usual of a parade of the different colored societies and appropriate exercises in Metropolitan Hall, consisting of the reading of the emancipation proclamation by Prof. L. B. Capehart, of Shaw University, a poem by Edna Earl Mitchell, of Tarboro, an address by Gov. Holt, and orations by Rev. Joshua A. Brockett, of Warrenton, and David Williams Parker, of St. Augustine school. Several of our prominent citizens and city officials attended the exercises which were of a very interesting character.

Rev. Dr. John S. Watkins who has been suffering from the grippe is improving.

An encouraging sign of the times is that fewer lien bonds than usual at this season of the year are being taken. This looks like our people are determined to economize and show a disposition to ride over the tight times. Such a course will again bring us out all right and make the year 1892 more cheerful.

1892.

Last Christmas it seemed as if our business could not get much larger, but it increases every year, and this year it is greater than ever.

It is very certain there are good reasons lying back of all this enlargement.

You can reason them out yourself.

We beg to say that our preparations for the coming Spring's business are nearly complete, and every effort will be brought forth to make the year's business much larger than ever.
