## NEWS NOTES ABOUT THE CITY.

### What Our Reporters See and Hear Worth Giving to Our Readers—News in Brief.

Raleigh Council, No. 551, Royal Arcanum, meets tonight at 7:30

Anderson Stephen died near Cary last Saturday at the great age of 95 years.

There were several loads of tobacco sold on our market this morning at pretty fair prices.

In his will, Mr. W. Robinson, of Martin county, has left the Oxford Orphan Asylum \$5,000.

Mr. J. M. Monie has purchased the remainder of the stock of clothing &c, of Mrs. Hattie V. Waitt.

Yesterday and Sunday were two of the prettiest days we have had this year.

See C. H. Anderson's stock of shoes before buying elsewhere. He is making some special offers in men's, women's and children's shoes.

Deputy Sheriff R. B. Hyatt, of Edgecombe county, brought up three prisoners to the penitentiary yesterday.

The committee on collections of exhibits for the Columbian Exposition at Chicago will meet in this city tomorrow.

One hundred thousand dollars of old bonds were presented at the State Treasury yesterday for exchange for 4 per cent new bonds

Mr. L. J. Gulley, of Panther Branch township, was yesterday appointed administrator of W. C. Sturdivant, deceased.

We saw in Hawkins' stall in the market this morning the largest turkey doubtless that was ever sold in Raleigh. It weighed 32 lbs dr seed.

Friend Sam Crocker says he is straightening up things on his street. He has built two stores and is now constructing a photograph gallery.

It is reported that Little river at Goldsboro is higher than ever known before within three feet of the railroad track.

A telegram has been received in this city from Clarksville, Texas, announcing the death of Dr. Joseph Marcellous Taylor of North Carolina on Saturday last.

A telegram was received here this morning announcing the death of Mrs. W. B. Shephard, of Edenton, N. C. She was a sister of Mr. Benehan Cameron and daughter of Mr. Paul Cameron, deceased.

Selma, Johnston county, beats Durham. We were informed this morning by a reliable citizen that a gentleman at Selma, in order to be sure to avoid going to the Chilian war had already selected his spot and dug his cave. This is practical.

Mr. Geo. R. Jarman, representing Messrs. Henry Bryer & Sob., of Charleston, S. C., who are taking steps to rebuild the old Raleigh ice factory, was in to see us this morning. Mr. Jarman says his firm will put up a first class factory and furnish ice to the people at moderate rates this summer. Success to them.

A long and fruitless debate may be looked for over the bill introduced in the United States Senate for the admission of Utah into the Union of States. It will, no doubt, end in talk. Its poligamous reputation will stand in the way a while yet.

There came very near being a serious accident on Edenton street Sunday afternoon on the street car track. Some boys were playing near Christ church and one, running after another, dashed just ahead of a rapidly moving car on a down grade. The motorman instantly reversed the machinery and the boy was saved from being torn to pieces by the wheels. The machinery sustained some damage and people were thrown about in the car considerably by the sudden stoppage.

A woman living on South Dawson street near the railroad crossing, was fearfully and probably fatally burned last evening by the explosion of a lamp. Her clothes took fire and were soon burned off her, and so burning her body that she is not expected to live.

In our issue of yesterday we failed to state that Rev. Dr. Hall assisted Rev. J. B. Hurley at the funeral of Mrs. Summerlin, for the reason that the item was written in advance. The doctor was very correctly invited to assist in the services.

### Paid in Full.

In the matter of the shortage of the late sheriff, J. Rowan Rogers, the bond has been paid in full by some of the bondsmen amounting to about \$10,000. Those bondsmen who have had to run their hands down into their pockets so deep are about to take steps to make those on the bond who have not paid their portion, do so. But the bond is settled so far as the county is concerned.

### Dr. Nash Much Better.

He was sick several days since, at his home in Wilmington, yesterday was reported very ill and many of his friends here were anxiously inquiring after him. We this afternoon received the following telegram which will be pleasing to many. Special to the VISITOR.

WILMINGTON, N. C., Jan. 26.—Dr. Nash is much better, sitting up.

### Personal Mention.

Mr. C. J. Hunter has gone to Philadelphia on business. Mr. Frank Gildiner, the popular traveling salesman for Sargent & Co. of New York is in the city. Mr. John Porter, we are sorry to learn, is seriously ill at his home. Congressman Hon. W. A. B. Branch left yesterday afternoon for the east. Rev. F. E. Clark, D. D., President of the Young People's Society of Christian Endeavor, left the city this afternoon for Columbia, S. C. Col. L. L. Polk is in the city. Col. Julian S. Carr was in the city this morning. He left for New York.

### Synopsis of the Weather at 8 P. M. Yesterday.

The following weather forecast have been received by telegraph from the chief of the weather bureau at Washington, D. C.:

The fine weather of the last few days is due to an extensive low pressure near the mouth of the river St Lawrence, which is causing the prevailing winds over nearly the whole United States to be from the southwest or northwest. At 8 p. m. the sky was perfectly clear everywhere except at Chicago where it was cloudy.

Fair weather will continue, becoming slightly colder, with northwest winds until Wednesday evening.

### Rev. Dr. Watkins Will Leave.

The people of Raleigh will regret very much that Dr. Watkins has fully decided to leave us. He made this announcement to his congregation on last Sunday night. He goes to Spartanburg, S. C.

### Died.

Last night at 1 o'clock, Mr. Geo. W. Scarborough, of Eagle Rock, this county, aged 83 years. He was uncle to our wdsman Prof. John C. Scarborough. He will be buried tomorrow (Wednesday) afternoon by the Masonic Fraternity of which he was an honored member.

### Another Needed Improvement.

Now that the city authorities have paved West Martin street to the new Union Depot, it would be a big improvement to pave the sidewalk on the south side of Nash square. The red clay soil is bad there and if something is not done, it will give strangers a bad impression of our beautiful city.

### A Little Gravel Needed.

While we are having nice sunshine weather, if street commissioner Blake would put sand and gravel on the walks of Moore square, it would improve the walks wonderfully. During the bad spell of weather just passed, it was simply impassible to pass along the walks through this square, if a person just managed to get through, he did it by walking outside of the walks on the grass. It would cost very little to fix it up.

### WATER WORKS PIPE LAYING

In Lincoln, Nebraska, where new water works have been introduced, they resort to a new method of digging trenches without breaking the surface for laying the pipes. It is to dig a trench from the main to the sidewalk and then a hole is bored underneath the lawn with the service pipe itself which is connected to a fire plug by means of a hose. The pipe is pushed into the ground and the jet of water bores a hole in advance. When one section has been pushed as far as it will go, another is screwed on and the process repeated. By this means a pipe can be carried 75 or 80 feet underground without a trench and two men can often make three or four connections in a single day.

### THE POOR THEY HAVE NOT WITH THEM.

Cor. Pittsburg Dispatch. At the union religious meeting at Vanlue Thanksgiving day a collection was taken for the relief of the poor and needy. This money was placed in the hands of a committee of ladies, and now they come forward and report that they can find neither poor nor needy in the village or vicinity, and don't know what to do with the funds.

### Struck by a Snowball.

PHILLIPSBURG, Pa., Jan. 24.—The most remarkable and, at first, seemingly unaccountable stupor and sleep of Miss Carrie Hoffman, of this village, is peculiarly explained. She lay in a comatose condition at Superintendent Anderson's home from Tuesday evening until Thursday, and then only partially regained consciousness.

Miss Hoffman states, since the restoration of her mind and memory, that she was on Tuesday evening struck on the back of the head, at the base of the brain, by a snow ball, thrown by some urchin. It hurt her but little at first, but before she got home stars danced before her eyes, and she was soon in a trance. She is probably suffering from concussion of the brain.

The Richmond Times of Sunday publishes the death of Mr. Thomas R. Taylor, and request Raleigh papers to copy.

### "Si Plunkard."

J. C. Lewis, one of the cleverest of comedians, assisted by a company of merit, presented the amusing Yankee drama, "Si Plunkard," to a fine audience in Shawhan's opera house last evening, and never was an audience more pleased. Mr. Lewis has surrounded himself with a good company. W. M. Milligan, as the German comedian, is a whole team, and he was recalled after nearly every appearance. Misses Wright and Rice and W. C. West all found favor with the audience and were responsible for considerable merriment. As to the comedy itself, there's just plot enough in it to bring out the quaint drolleries of the Yankee pedler and his coterie of friends, likewise his enemies "Si Plunkard" scored a point, and will be greeted by hosts of friends should he return to Tiffin.—Tiffin (O.) Daily Advertiser, Nov. 8, 1890.

The above attraction will appear at Metropolitan Hall, Friday, Jan. 29. Reserved seats on sale at MacRay's drug store.
