NEWS NOTES ABOUT THE CITY.

What Our Reporters See and Hear Worth Giving to Our Readers—News in Brief.

See notice of J. O. Ferrell, mortgage sale of land.

The roof of the new depot will be slated all over in a day or so.

Etta Pool, the woman so badly burned a short time since, died at St John's Hospital last night.

The beautiful weather brought out the ladies in force today, and shopping was lively.

With the exception of a few lingering cases, the grippe has bid us farewell.

Arrangements for the proposed wine factory will, we hear, soon begin.

The tower of Trinity College, at Durham, which fell sometime since, has been rebuilt.

The newly arrived street cars are now at the power house being fixed up for use.

Yesterday afternoon the directors of the Raleigh Cotton Mills, re-elected Mr. J. S. Wynne as Secretary.

Work on the Louisburg road is progressing rapidly. It will soon be one of the best county roads in North Carolina.

Nearly two hundred and thirty brands of commercial fertilizers have been registered at the Agricultural Department.

We hear that there is some considerable difference in Republican circles about putting out a State ticket this year.

The work of grading West Martin street has been resumed and is rapidly progressing. When finished, it will be one of the prettiest streets in the city.

It has been suggested, that the ticket system would prove, not only a matter of accommodation to the public, but a source of increased receipts to the electric railway company.

There is still much complaint in the matter of railroad connections at Goldsboro. A letter to Wilmington from this city is frequently until about midnight in reaching its destination.

Mr. Frank P. Haywood Jr, who sprained his ankle last Tuesday evening while coming down the steps at the residence of Col. Hinsdale, on Hillsboro street, is getting on very well. He will be all right in a day or so.

There will be a regular convocation of Raleigh Commandery No. 4, this evening for the installation of officers for the ensuing Masonic year. A full attendance is desired as important business is to be transacted. Refreshments will be served.

The negroes near Gastonia have laid a plan to stop stealing, and have an association which whips all offenders. A few days ago they chased a thief, caught him with a suit of clothes he had stolen, stripped and beat him. Why not have such an association in Raleigh?

Mej. E. G. Harrell and Prof. Hugh Morgan, left this afternoon for Atlanta, Ga., to attend a meeting of the Executive Committee of the Southern Educational Association which meets in that city tomorrow. The next session of the association will probably be held in Atlanta on July 4th to 7th.

The Republican State Executive Committee yesterday afternoon is sued a call for a convention to meet in this city April 14th next for the purpose of appointing delegates to the National Republican Convention at Minneapolis. The convention is to be restricted only to the appointment of delegates, no nominations for State officials to be made.

Mrs. Alice Waldo qualified yesterday as the executrix of the late Dr. S. P. Waldo, of Cary.

Cotton receipts are at a standstill comparatively. Few bales are now brought to market daily.

A large number of people in the city have not yet paid their taxes. The sheriff and city tax collector are anxiously waiting.

John Boyd, the man who confessed to wrecking the train at Boston's bridge on the W. N. C. Railroad, is in Charlotte jail held under three charges, viz: row stealing, house breaking and train wrecking. The railroad men claim that there is no doubt of his guilt.

It has been suggested that the house in which President Andrew Johnson was born should be definitely located, and then taken to the Chicago World's Fair to constitute a part of the North Carolina exhibit. It would create a sensation, no doubt.

We still adhere to the idea that a statue of Sir Walter Raleigh would be an appropriate adornment to Nash square. Can't some liberal minded citizen of means immortalize his name by lending a helping hand to the movement? It would be an appropriate emblem for the beautiful city that bears the name of the great courtier.

Mr. I. Winetrob is in the western part of the State having carried with him his entire old stock of goods which he is disposing of. On his return he will secure an entirely new stock in his establishment here, which will be superior in all respects to any he has heretofore had. Due announcement will be made in the VISITOR.

At the Union services at Central M. E. Church last night the formation of a layman's Union was put on foot, composed of members from the three Methodist churches in the city. A committee was appointed to mature plans of organization and cooperation, who will report to a meeting to be held next Wednesday night at Edenton Street church.

There will be a rare treat for lovers of music and elocution Friday evening, at the residence of Mrs. Kreth, 116 Edenton street, where will be given, under the auspices of "Lend a Hand Circle," a musicale. The programme, rendered by Raleigh's best talent, will be music, vocal and instrumental, recitations and reading. It is given for the benefit of the needy poor of the city, and the circle has been particularly blessed in having the favorite voices of the city and Peace Institute lent for the occasion. Come and help us—"Lend a Hand Circle" of the King's Daughters.

Yesterday afternoon Mr. Ray L. Royce, the comedian received a telegram making the sad announcement of the death of his mother at Chicago, in consequence of which he left this morning for that city. He will necessarily be absent from the company for some days, during which they propose to remain in Raleigh. It has been suggested that perhaps it would be a good idea to secure their services for an entertainment in behalf of the Soldiers Home. Cannot some such arrangement be made? It would no doubt be of mutual benefit.

Cotton Acreage.

It would seem that a reduction in the acreage of cotton in this section is about to be an accomplished fact. It is understood to be the result of the conference held in this city, last Tuesday afternoon that the reduction shall be, if possible 20 per cent, and, it was agreed that the farmers of the county should press the matter, that the Alliance should use its influence to carry out the plan, and that the merchants should, if necessary, refuse to make advances of supplies to those farmers who insist upon the old plan of putting all their land in cotton. Pledges were made to carry out the resolves made, and if they are adhered to, the desired end may be accomplished.

It will prove valuable to the politician, the merchant and the farmer as well as the editor. The price is 25 cents. Send on and get a copy.

Teacher's Assembly.

Mej. E. G. Harrell, with his characteristic energy, is already actively engaged in arranging for the next session of the Teacher's Assembly at Morehead. He has succeeded in securing the services of Dr. Edward S. Joyner, of Columbia College, S. C., to deliver an address, which will prove, no doubt, an intellectual treat.

Personal Mention.

Many Different Versions.

It is amusing to hear the different kinds of advice given us, as to our moving to Baltimore and the different versions offered by friends and enemies. If we should give either our consideration we would have no time in which to prepare for the final move. We don't lose any sleep on account of what people say. We have canvassed all the "ifs" and all the "ands" in the matter, and we fully intend moving in April. Hence we are parting with our goods at wholesale cost, and we are selling them rapidly, and as the trade improves each day we begin to feel that we shall have but little to move to Baltimore with us. There are lots of people who expect to go out of town this summer and are buying trunks now. There are others who are not going out of the city and are buying carpets. Then there are hundreds of people who are laying in a supply of dress goods, knowing well the price will go up when we leave. Lots of our fine shoes are moving out, and lots of white goods are being sold.

Yours truly,
D. T. SWINDELL

Whipcords and Vigognes at \$1.

Our special sale of vigognes at \$1, worth \$1.50 and \$1.75, has met with splendid success, and to continue the line with as good assortment of shades as when first begun, we have added an even greater value, 50 inch all wool whipcords, cost to land \$1.50, but we will offer them along with the vigognes at \$1 per yard. This is a clear loss of 50c per yard; but it keeps the line complete for a short time longer, and every one can save that amount on these excellent dress materials.
