## NEWS NOTES ABOUT THE CITY.

### What Our Reporter's See and Hear Worth Giving to Our Readers—News in Brief.

Hunting season will soon be over, so far as birds are concerned.

There are very few applications for the direct taxes now being received.

The rabbit season will soon be at an end.

Counterfeit silver dollars are still afloat. Lookout for them.

It is rumored that cars will be put on the Hargett street line next Monday. Hope it is so.

Turnip salad is now the correct thing for dinner. It is getting plentiful.

Another marriage in municipal official life is the talk. It will probably come off soon.

It is said that there is a very large quantity of cotton in Wake county, of last years growth, yet unsold.

There will be a special meeting of the county commissioners next Wednesday.

A countryman was heard to remark today that there was more cotton now in the country than rations.

Let the street car company adopt the ticket system. It will surely be beneficial alike to the company and the public.

The people in the eastern section of the city are anxiously awaiting the opening of the Hargett street car line.

There is a good deal of fun ahead yet, in theatricals, etc., before the season ends. Some splendid companies are heading this way.

And now it is whispered that Samuel Spencer, formerly president of the Baltimore and Ohio road, is booked for the presidency of the R. & D. system.

Work on the new plate ice factory is rapidly progressing, and the plant will no doubt be in readiness for operation before the warm weather sets in.

Don't fail to attend the concert at the Yarbore House tomorrow night. Remember it is in aid of St. John's Hospital.

Five negro prisoners made their escape from the jail at Henderson yesterday by knocking down and choking the jailer. They were pursued and captured.

A gentle rain of several days duration would be of benefit at this time. It was getting quite dusty in this vicinity, and a little softening of the ground in the country would aid the process of ploughing.

State geologist, Prof. J. A. Holmes, is delivering some most interesting lectures. We would like to hear him in Raleigh, on the matter of the valuable deposits in Wake county, of which there are a large quantity.

### Teacher's Assembly.

As recently stated, Maj. Eugene G. Harrell is making unusually early preparations for the meeting of the Teachers' Assembly the present year, which promises to be the most interesting yet held. In connection with the assembly, the educational exposition will take place, and this will be on a scale of considerable magnitude. Space has been arranged for the State University, the Agricultural and Mechanical College, St. Mary's school and the graded schools of Raleigh, Wilmington, Goldsboro, Greensboro, Charlotte and Winston. The principal schools of the State will also have an exhibit, and the cause of education will be better represented in North Carolina than ever. During the month of July the Southern Educational Association will be held at Atlanta, Georgia, and as this formed under the auspices of the Teachers' Assembly of this State, at its session in July, 1890, it will be of peculiar interest to our people.

There will be a rare treat for lovers of music and elocution Friday evening, at the residence of Mrs. Kreth, 116 Edenton street, where will be given, under the auspices of "Lend a Hand Circle," a musical. The programme, rendered by Raleigh's best talent, will be music, vocal and instrumental, recitations and reading. It is given for the benefit of the needy poor of the city, and the circle has been particularly blessed in having the favorite voices of the city and Peace Institute lent for the occasion. Come and help us.—"Lend a Hand Circle" of the King's Daughters.

The entertainment will be rendered all the more attractive from the fact that Mr. Horwitz, of the Ray L. Royce Company will sing some of his choice selections and Miss Jesse Lindsay will execute some of her most fascinating dances.

The Board of Directors of the Y. M. C. A. held a meeting last evening in Dr. Battle's office in the Agricultural building. The reports of the collectors and committees were encouraging. The committee appointed to see what rooms could be obtained and report upon their suitability, &c., reported and were continued, with power to select and contract for the most suitable they could get. Mr. N. B. Froughton was added to the committee. The board are determined to procure as attractive a suit of rooms as are obtainable. It is to be hoped that those who have desirable rooms will show their public spiritedness by doing their part towards helping on this great public benefit.

### An Opera House

Almost every day demonstrates the necessity of a first class opera house in this city. It is an undeniable fact that the matter of amusements of a varied kind is becoming more popular among our people than ever before. A visit to Metropolitan Hall on nearly every occasion of an entertainment, will prove that there are numbers of our citizens who formerly did not attend, now liberally patronize such shows as are not offensive. Such being the case, it is proper that we should have a building that would draw here entertainments of the highest character. There is hardly a city the size of Raleigh in the entire country that is without an eligible opera house, and we hope some of our enterprising citizens will not long allow us to be lacking in this respect.

### Death of Francis M. Sherwood, Esq.

It is with the deepest regret that we announce the death of this most estimable and popular gentleman which took place at his residence, No. 121 North Bloodworth street, at one o'clock this morning, from pneumonia.

Mr. Sherwood had been sick for some ten days, and at the time of his death was in the 28th year of his age. He was and had been for some years an engineer on the Raleigh and Augusta Air Line Railroad and stood in the highest role in the confidence of the company. He was a member of Phalanx Lodge, No. 34, Knights of Pythias and also a member of the Brotherhood of Locomotive Engineers. Mr. Sherwood was a grand son of that well-known citizen of former years, Mr. Chas. Dewey, cashier of the old State Bank of North Carolina. He was a son of Rev. John Milton Sherwood, and was born in Fayetteville Nov. 27th, 1864, while his father was pastor of the Presbyterian church of that place.

He leaves a widow, two children and an only brother, Mr. John Sherwood, to mourn their loss, with whom the visitor most deeply sympathizes.

The funeral will take place at 11 o'clock tomorrow morning from the First Presbyterian Church.

### Fine Table Butter.

30 cents per pound at D. T. Johnson's.

### Assured.

On Wednesday evening last a meeting of the leading business men of Greensboro took place, at which the necessary financial arrangements were made for the location of the colored Agricultural and Mechanical College in that place. This seems to settle the matter.

### Called.

The members of the First Baptist church, at Durham, have extended a unanimous call to Rev. H. W. Battle, of Wilson, to fill the vacancy caused by the resignation of Rev. J. L. White. A committee was appointed to notify Mr. Battle of the call.

### Important Meeting.

A meeting of prominent military men is called to meet here early in March for the purpose of arranging a change to what is termed "the three battalion" system, which will give three battalions of four companies to each regiment.

### Personal Mention.

Miss Lovie Crawford has returned to the city from a visit to Asheville. Dr. E. H. McCullers, of Clayton, is in the city.

Mrs. E. S. Brown is convalescing very fast.

Mrs. Minnie M. Shaw is much better we are glad to state.

Mr. W. T. Mabry is somewhat improving.

### K. of P.

There will be a meeting of Phalanx Lodge, No. 34, Knights of Pythias at their hall tonight, at 8 o'clock, for the purpose of making the necessary arrangements to attend the funeral of their brother, the late Francis W. Sherwood, which takes place tomorrow morning at 11 o'clock from the First Presbyterian church. Members of Centre Lodge invited to attend.

### A Good Showing.

A report transmitted to Congress, by the secretary of war, relative to the military service in the different States, thus alludes to our State:

In North Carolina the report shows that there are two generals, twenty eight on the general staff officers, one hundred and seven company officers, three hundred and twenty five non-commissioned officers, one hundred and fourteen musicians, nine hundred and sixty six privates or an aggregate of one thousand five hundred and eighty six. The number of men available for military duty in the State (unorganized) is two hundred and thirty five thousand.

### Mayor's Court.

The mayor this morning had some what of a spur up in the official line.

A colored man named F. Nash was before his honor on a charge of being drunk and disorderly in Smith's bar-room, near the market. He was fined \$5 and costs.

Lucinda Fowler, a white woman, was arraigned for being drunk and soliciting on the street. Fined \$5 and costs.

Green Hill, a good natured looking gentleman from the country, had imbibed too much; and was down on the street. It appears that this was his first offence before his honor as he had not drank for two years. He was cautioned and allowed to depart without damage.

### Whipcords and Vigognes at \$1.

Our special sale of vigognes at \$1, worth \$1.50 and \$1.75, has met with splendid success, and to continue the line with as good assortment of shades as when first begun, we have added an even greater value, 50 inch all wool whipcords, cost to land \$1.50, but we will offer them along with the vigognes at \$1 per yard. This is a clear loss of 50c per yard; but it keeps the line complete for a short time longer, and every one can save that amount on these excellent dress materials.
