Full moon, 15th—7:41 A. M.  
Last quarter, 21st—6:02 P. M.  
New moon, 28th—8:04 A. M.

### SYNOPSIS OF THE WEATHER.

The following is the synopsis of the weather at 8 a. m. today:

The storm which was yesterday central over North Carolina has moved off the coast of New England.

A second storm is now central over Illinois, which is followed in the extreme northwest by a decided cold wave.

No heavy rains have fallen during the past 24 hours, although the weather continues cloudy everywhere except in the Gulf States.

### RALEIGH AND VICINITY.

Until 8 p. m. Thursday: Cloudy weather; occasional showers; colder Friday and Saturday.

### CITY IN BRIEF.

Trees beginning to bud freely.

The Board of Directors of the Insane Asylum were in annual session at the Institution today.

The penitentiary was reinforced with two convicts from Vance county yesterday.

There were eight applications for membership in the Royal Arcanum last night.

Col. Paul Faison says that the rails on the Washington Branch Railroad will be laid by the 1st of May.

Some clear warm weather would much facilitate the work of the farmers.

Only a trivial case or so engaged the attention of the mayor this morning.

Gov. Holt has under consideration the petition for commutation of the sentence of Weighman Thompson, Johnston county.

Mr. Daniel O. Vaughan and Miss Emma Williams, both of this city were united in marriage yesterday afternoon in the Sheriff's office, Justice Barbee officiating.

With Brookside and Pullen Parks and the street cars running to both, our citizens will be well supplied with pleasure resorts this summer without going abroad.

Mayor Badger has received a letter from Geo. H. Curtis, Esq., of the commandant's office of the Norfolk Navy Yard, stating that the "Raleigh" will be launched at 11 o'clock on the morning of March 31st.

A committee of the congregation of the First Baptist Church of Charlotte has been appointed to look after the matter of entertainment of delegates to the Baptist State Convention which meets in that city April 14th.

Two dogs engaged in a fight on the electric car track on Fayetteville street this morning. The cars came along. One dog gracefully retired and was uninjured. The other was so badly mangled that he died.

The VISITOR is working wonders in the shape of trade to its customers. They all say so. Now is the time to put your merits before the public. Remember we have the largest city circulation, and you cannot reach the public through a better channel.

Messrs Jones & Powell, with an eye to comfort, have placed a new and attractive awning in front of their office on Fayetteville street. They believe in keeping themselves cool during the summer, and the public warm during the winter.

The arrangements at the Atlantic Hotel, at Morehead the coming season, will be on a much more elaborate scale than ever before, and should attract a large crowd of people. There can be no reasonable excuse for those seeking pleasure or health to go beyond the limits of North Carolina. There is no better resort on the Atlantic coast than Morehead, and none at which the pleasure seeker will have finer accommodations.

Read the advertisement of Messrs. Thomas H Briggs & Sons who announce a line of Spring Baby Carriages, &c

Evangelist Fife and Mr Geo O. Needham, a noted Baptist preacher of New York will conduct a bible conference in Wilmington commencing April 4th.

We renew our invitation for a grand excursion from Raleigh to Atlanta this summer on the completion of the connecting link of the Seaboard Air Line system.

There will be a meeting of the State Board of Pharmacy held in this city, on Tuesday and Wednesday, March 15th and 16th, for examination of candidates to practice pharmacy. Information can be obtained from Wm. Simpson, Secretary of the board, at Raleigh.

A friend from Greensboro informs us that the condition of Hon. John A. Gilmer continues most critical. It is stated that, by reason of disease, his mind has become considerably impaired. This will be sad news in deed to thousands of his friends throughout North Carolina.

There will be a Union meeting to night at Central Methodist church, under the auspices of the Layman's Union. It is desired that there be a full attendance. In addition to the prayer service, matters of importance will probably be considered.

Chief of Police Heartt, acting in the capacity of Manager of Metropolitan Hall deserves the thanks of the amusement loving portion of our people, for catering to their entertainment. He has given us the benefit of some of the best troupes in the country and always has his eyes open to the main chance. Charley would have made a most excellent manager. In fact, he looks like it.

### Died.

Yesterday afternoon, at the residence of Mr. J. W. Mullen, Mrs. Emilie Morse, aged 79 years. The funeral took place this morning at 10 o'clock from the residence, and was attended by a considerable number of friends and relatives.

### How They Stood.

A correspondent writing from Raleigh to the New York Times says that of the forty eight members of the Democratic executive committee, recently in session, thirty six were for Cleveland. A correspondent of the Charlotte Chronicle corrects this, and says that in fact there were thirty five members of the committee present, and of these twenty one were for Hill and fourteen were scattering. Thus it is that there is a wide difference of opinion, and the VISITOR gives the estimates as matter of news from which its readers may draw their own conclusions.

### The "Kimball" Organ

is one of the standards of the world and there have been already purchased by the music loving public over 130,000 "Kimball" organs. We can honestly say that of all the instruments of this make we have sold, each one has given the best satisfaction to the purchasers. They embody many essential improvements, and as there cannot possibly be over "one best for the money," we will advise the "Kimball" in every instance. We have now five salaried travellers on the road all the time, two of whom work only on the railroad and the large towns, and our output of Kimball organs will be larger this year than ever before. In prices we are at the lowest for high grade goods.

We state in connection that the "Kimball" piano will in the future be our strongest, specially in connection with the "Kranich & Bach" and at prices under the K. & B. to some extent, though in every respect high grade. All musicians, musical critics and the music loving public all ways cordially received at our music warerooms.

THE NORTH STATE MUSIC CO.  
O. G. Stone, Manager.

## HORRIBLE ACCIDENT.

### A Boiler Explodes and Kills the Son of a Prominent Citizen of Wake County.

This morning between 11 and 12 o'clock the boiler of an engine used for the purpose of operating the mill of Col. L D Stephenson, near his residence in Swift Creek Township, exploded. At the time of the explosion Jno. H. Smith, a boy named Jones and John Stephenson a young son of Col. Stephenson, aged about 16 were on the premises. James Stephenson was the miller and Jno Stephenson was firing the engine. James Stephenson heard the explosion and went to the scene, but no traces of his brother's body could be found. The boy Jones is very badly hurt. The explosion was a terrific one striking the mill and damaging it considerably. The woods in the vicinity were set on fire. As soon as the explosion took place, a messenger was sent to overtake Col Stephenson, who had started for Raleigh. He returned to the scene of the disaster and the messenger came to the city. The news has caused the widest excitement here and several of our citizens, together with Mr. Thos. P. Devereux left for Col. Stephenson house about 2 30 o'clock. It is indeed a sad disaster and Col. Stephenson has the sympathies of all our people in his distress. We give the above account as taken from a hurried interview with Mr. Devereux, who obtained it from the messenger. In the excitement, however, it may be subject to revision.

### "Kranich & Bach."

The name of this world renowned and celebrated Piano is fast becoming a household word. They are sold at from \$50 to \$200 less than other high grade pianos by the manufacturers sole N. C. dealers at Raleigh. They are made of the choicest material, in the best possible manner, and an acquaintance with the piano and its construction will show remarkable skill and ingenuity as well as honesty of purpose. They embody more real improvements which effect the vital parts of the piano than any other, and are not simply talking points to help the sale of it, which in many pianos do not effect the tone, touch or life of an instrument. The best musicians and families in N. C. are at present buying "Kranich & Bach" pianos.
