LARGEST CITY CIRCULATION. RALEIGH, MARCH 30, 1892

Wilmington wants to organize a base ball team and join the inter-State league.

For the first time in Jewish history the Jews sang the 107th psalm of 'Old Hundred' at the laying of the corner stone of the Hampstead Synagogue.

The spelling of the name of the city of New Berne is again being agitated. The postmaster gives good reasons for the spelling to remain two words with a big B and a final e rather than be spelled 'Newbern.'

SCIENCE, SO-CALLED.

EXPERIMENTING WITH COLD.—The laboratory of Prof. Pictet, at Bern, is designed for the investigation of the effects of cold. The refrigerating machinery, driven by several powerful engines, keeps the objects under observation at any temperature between 20° and 200° below zero C.

It is believed in police circles in Paris that the Anarchists have really begun the war on the Government, that is to be waged in all its fury of extermination.

All the papers of that city comment today on the explosion on the 28th which worked such havoc in the rendezvous of M. Bulot. The Figaro says that Mr. Girard, an expert in explosives, declares that melinite is the only article that would have caused such destruction as is witnessed in Rue Clichy.

MAGNESIUM LIGHTING.—A new magnesium lamp, devised by M. Dronier, burns without attention for regular periods of twenty four hours. A pound of magnesium is consumed in about one hundred hours, giving a light equal to that of one hundred pounds of candles, eighty pounds of petroleum, or somewhat more than one hundred cubic yards of gas.

PROJECTED RAPID TRANSIT.—The schedule time for cars on the proposed electric railway between Vienna and Buda-Pesth is expected to be 75 minutes for the entire distance of 15 1/2 miles.

ed electric railway between Vienna and Buda-Pesth is expected to be 75 minutes for the entire distance of 15 1/2 miles. As planned, the road will have two main power stations with 100 sub-stations, but only three or four stopping places. Each car will be about 130 feet long, fitted with four bogie trucks and an electric motor at each end will receive current through contact wheels running on conducting rails. The ends of the cars, to diminish air resistance, will be shaped like those of a ship.

POWER FOR SMALL BOATS.—The novel feature of a new electric boat, the idea of a French engineer, is a sea water battery. The zinc and copper plates are under the boat, and can be raised or lowered by pulleys, serving as a kind of keel while at the same time driving a propeller by means of a motor.

AUTHOR OF "KATHLEEN MA-VOURNEEN."

It is reported that Prof. Crouch, of Baltimore, now in his eighty fifth year, is at the point of death, and in a condition of poverty that calls for substantial sympathy. As the composer of the music of "Kathleen Mavourneen" and other imperishable melodies, that betoken his musical genius, and the sweetness of his nature he deserves a kinder fate.

He dies in utter poverty, leaving only various manuscript translations of his most famous compositions.

WAR OF EXTERMINATION.

It is believed in police circles in Paris that the Anarchists have really begun the war on the Government, that is to be waged in all its fury of extermination.

Castoria

For Infants and Children. Castoria promotes Digestion, and relieves Flatulency, Constipation, Sour Stomach, Diarrhoea, and Feverishness. When the child is rendered healthy and its sleep natural, Castoria contains no morphia or other narcotic property.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ASCHER, M. D., 111 South 4th Street, Brooklyn, N. Y.

"I use Castoria in my practice, and find it specially adapted to affections of children." ALEX. ROBERTSON, M. D., 1057 2d Ave., New York.

"From personal knowledge and observation I can say that Castoria is an excellent medicine for children, acting as a laxative and relieving the pent-up bowels and general system very much. Many mothers have told me of its excellent effect upon their children." Dr. G. C. OSGOOD, Lowell, Mass.
