Raleigh, N. C.

Local notices in this paper will be Five Cents per line each insertion.

LARGEST CITY CIRCULATION

RALEIGH, APRIL 11, 1892.

The Supreme Lodge of the Knights of Pythias are invited to hold its biennial session in Washington in 1894. The next session meets in Kansas City in August next.

THE frost this morning was rather depressing to the feelings of those who are looking forward to the fruit crop. We fear the damage to vegetable in trucking sections has been serious. We don't know what the moon has to do with it, but a cold snap and the full moon in April may age some how to come together.

Spring has been coming slowly up this way, but yesterday she came with a bound. The buds on the maples and horse chestnuts expanded as suddenly as a conjuror's flowers. There is a quite perceptible green in the squares and in some of the old city gardens the magnolias are already in bloom. And all this seemed to have happened over night. This marvel occurs every year, but one can never get used to it. Summer, autumn, winter follow in their course and excite no surprise. It is this glad awakening from death into life that never can become commonplace.—Philadelphia Times of Saturday.

Not so balmy in North Carolina.

**THE SUNDAY QUESTION.**

The World's Fair people are still discussing the propriety of Sunday closing, and it is wonderful to see the number of people, in Chicago, that are protesting against Sunday closing of the great show. This is not to be wondered at by one who looks at Chicago from a distance for it does not seem to have any religion and not much morality, but all sorts of isms of the vilest types.

**BROOKSIDE PARK.**

**Correspondence of VISITOR.**

Among the prettiest places about our city, Brookside bids fair to outstrip them all. A number of carpenters and laborers are at work putting the place in order. The lovers of roller skating will be delighted to know that the handsome and best arranged skating rink ever seen in the State, is to be built at once; it will be oblong in shape and 200 feet in length, with elevated band stand in center. There will be plenty of comfortable benches raised so that all will have a good view of the entire rink. The bath house and swimming pool is being rebuilt and otherwise improved. The grounds are being cleaned off, comfortable benches are being built. In fact everything is being done to make Brookside the most attractive place about our city. Too much praise cannot be given the new management of the street railway, for energy and push that he is putting forth in making Brookside a pleasant place for our people to spend their spare hours. Of course the children will have their swings and "switchback chairs." "The gay and festive lemonade and milk shake stands will be on deck, also the barbecue. That will remind you of old times—"befo" the war. A couple of rustic bridges are being constructed from old field pines across the brook. They will be gems of beauty, and will add much to the beauty and attractions of the place. Good music by a

brass band, and good times generally will make many children's hearts glad after an afternoon visit to grand old Brookside. The cars will run at 15 minutes intervals during the summer. Thousands of our people will visit the pretty brook near the cemetery. X.

**KEEP COOL THIS SUMMER.**

The Raleigh Street Railway Company, in response to what seems demanded by the best interest and comfort of the people of Raleigh, has arranged to supply current from its 500 volt railway circuit for running stationary motors. This constant potential of 500 volts is not dangerous in its effects and can be safely introduced into private residences and other buildings. As the field for the motor has been extended, the ease and safety with which it can be operated has been demonstrated, while its entire freedom from noise and dirt has caused it to grow in popular favor, until at the present time there are a vast number of machines driven successfully by electric motors, such as printing presses, elevators, spice and coffee mills of all kinds, ice cream freezers, etc.

There is a special field in which the rapidity with which electric motors have been pressed into service is truly remarkable. During the hot summer days and nights, "The Silent Force," by means of the equally silent fan, renders the air of offices, stores, dining rooms, parlors, etc., cool and bracing. Such fan motors we are now prepared to run from our railroad circuit.

It will be seen from our monthly rates below that with a small outlay for a fan which lasts for an indefinite period, you can have a fan of 1/2 H. P. for \$3.00 per month or 1/4 H. P. for \$1.50 per month, running in your room from 6:15 in the morning to 11:30 at night. One of these fans may be relied upon to keep a room cool and comfortable through the hottest summer days, the eighth Horse Power being used for a room of ordinary size the quarter for a large room.

The fan motors are compact and of little weight and can be moved from place to place in a room as convenience requires. Other forms of fans for larger areas are equally practicable and our customers are urged to use their own taste and judgment in selection

| 10 " "           | 60.00 " "        |

**Special rates for elevator work.**

By comparison of our rates with those in other cities it will be seen that they are very low. We charge about the same that is charged in most cities for a day service of ten hours, while we give service of over 17 hours. We will be glad to explain the terms upon which these motors and equipments may be obtained, we selling you the fan or motor at 10 per cent discount from list prices and charging for putting them in according to the time required, or referring you to dealers in the city who will make you an estimate upon the motor equipment complete.

**S. W. HUFFE,**  
General Manager.

**N. C. Baptist S. S. Convention.**

**IT'S ALL RIGHT NORTH.**

The papers report that a negro was hung in Willersburg, Ohio, a few days ago merely for the reason that he was a negro. He had committed no offense, but the people of that locality just concluded to hang him because his skin was black. Here is a case of race prejudice that it would be well for the people which are howling and shouting against the South to investigate.

If this act had been committed South just in this shape what a howl would have been made up North in certain sections. We think a howl ought to be made about it any how, regardless of where it was done. The darkest deeds of the darkest corners of this earth can't excel this one much.

**Methodist Educational Society**

For above occasion the Richmond and Danville will sell reduced rate round trip tickets to Charlotte at the following rates from points named below, intermediate points in same proportion. Tickets on sale April 11th to 14th, limited to April 16:
