### CITY IN BRIEF.

#### End of Lent.

We regret to hear of the critical illness of Mrs. J. C. Brewster.

Church decorations for Easter are in order.

Claims for direct taxes are still coming in.

We were pleased to meet in the city today Dr. W. H. Wheeler of Winston He is looking remarkably well.

Interesting exercises will take place in the Episcopal and Catholic churches tomorrow.

Last Tuesday was the one hundredth anniversary of the formation of Cabarrus county.

Judge Whitaker will commence the term of the Superior Court at Oxford April 25th.

A new city clock would be an appropriate adornment to the market house building.

Metropolitan Hall is decorated today with National flags and a profusion of red, white and blue bunting.

The Association of College Professors will hold their annual meeting in Greensboro on Friday, April 22d.

Next week fishing parties will be all the rage. The funny tribe is in great danger of annihilation.

Lieut. Shipp of the U. S. Cavalry is in Oxford instructing the Granville Grays in the new drill.

Willie, the little son of Mr. and Mrs. E. S. Brown is very sick on north Salisbury street.

Work on the sewerage and water facilities for St. John's Hospital will commence next Monday. Let all give what they can to help the noble charity.

The Ladies Auxiliary to the Young Men's Christian Association have postponed the tea party which was to have been given next week. Ladies who promised to contribute refreshments are notified that they will not be needed at present.

The Republican State Convention assembled at noon today in Metropolitan Hall for the purpose of electing delegates to the National Convention at Minneapolis and reorganizing the State Committee. There is a considerable attendance.

We hope our friend, Maj. Roberts, superintendent of the capitol and grounds, will take a notion to have the statue of Washington scrubbed up a little for the spring and summer. The old gentleman looks a little rusty at present.

The drug business of Messrs. Williams & Haywood has been purchased by W. H. Kim & Co. It will be gratifying to their friends to know that Mr. J. Ruffin Williams and his son, Mr. Robert Williams, will retain positions with the new firm. Both of these gentlemen are highly proficient in the business.

The Republican convention was temporarily organized today by the appointment of James H. Young (colored) chairman. He made a speech, after which the committees were appointed. The convention adjourned until 8:30 o'clock to await the report on permanent organization, credentials, &c. The main fight will be on the selection of the Executive Committee, over which there is much excitement.

### Look Out.

Our gardeners are destined, it seems from the report of the weather bureau, to have another dangerous time next Saturday morning, when frost is predicted. It would be well to cover up all the vegetables possible.

### Trinity College.

The foot ball team of Trinity College have signified their intention of participating in the sport of three days celebration in May of this year. Another University is being solicited to send their club to an inter State game.

### Fatal Disease.

We hear that a fatal disease of a very peculiar nature is raging among the horses in Warren county and some parts of Vance. Several gentlemen have lost valuable animals. The disease resembles epizootic somewhat, the animals refusing to eat, become weak, and die apparently without pain.

### A Nice Time Ahead.

Next Monday being Easter, will be a grand time at the Exposition grounds. Extra cars will be run over the electric road. The switchback will be in operation and arrangements are on foot for bicycle and foot races; other amusements will be added. It will be a day of genuine fun.

### A Noble Proposition.

It is well known among our people that St. John's Hospital is sadly in need of all the help that our citizens can reasonably spare, and any aid is always most acceptable. With the view of doing what he can to aid so worthy an object, Mr. A. Dughi makes a proposition which we must think should be cheerfully accepted. He has fixed up an ice cream saloon at his place of business, adjoining Bobbitt's drug store, on Fayetteville street, and next Monday, being Easter holiday, he will formally open the establishment. In doing this, Mr. Dughi proposes to give the profit on the receipts for ice cream at his saloon to St. John's Hospital, and in this connection he requests the ladies to call and donate cakes, which, of course, will be turned to the same account. Mr. Dughi has on other occasions proven himself a friend of this noble institution, and the offer he now makes is much to his credit.

### Important Case.

The validity of the fertilizer tax law is again under consideration, the question having been raised by the Patapsco Guano Company. The law passed two years ago, requiring a tax of \$500 each, was declared by the Supreme Court unconstitutional, and the last legislature levied a direct tax of 25 cents on each ton of guano sold or offered for sale in the State. The company claims that this tax is as unconstitutional as the old law. The case will be argued before Judge Bond, at Greensboro, on May 7th. Messrs. T. N. Hill, of Halifax, and J. W. Hindsdale, of this city, are attorneys for the company. Steps will be taken by the Board of Agriculture to protect the State's interest.

### Good Arrangements.

Manager Huff, of the Electric Street Railway, is most energetic in the matter of catering to the interests of our citizens. He has arranged so that parties wishing cars to carry them to and from picnic grounds can secure them by applying at the office of the Street Railway Company a day or two before the time of picnic.

Brookside Park has been very greatly improved and made a most delightful resort. It will be ready for picnic parties by Easter and will be open to those coming in the cars of the company.

The Street Car Company has set apart a car to be known as the "depot car," which will meet all trains between 7 a. m. and 11 p. m., and pass down Fayetteville street on the way to the depot in time for all trains. This car will make as many trips between train times as possible.

### Well, Well, This Beats the Yankees.

The above exclamation was indulged in yesterday by a good natured fat lady who walked into Swindell's store and saw the entire store crowded with customers, all anxious to be waited on. Said she: "This don't look like dull times; this beats the Yankees. I have been all over town and nobody doing any business but Swindell." Said she: "This looks like Baltimore, if you didn't move there." Said she: "I have heard Swindell is selling goods of all kinds for less money than the goods should cost at wholesale, and I suppose this accounts for this crowd, because I see people in here now who said they would not trade at Swindell's any more 'cause he did not move to Baltimore. See here, Mr. Underwood, (Underwood was the clerk waiting on her), what does Swindell mean by selling these goods so much cheaper than anybody else? Tell me, ain't the fixing to break or something like that? I tell you I would not be surprised at anything Swindell should do. He is the only man I ever saw that would not cut samples and would not credit people, and still do all the business of the town. I don't like Swindell, and I left home this morning swearing to myself that I should not go to Swindell's store, but here I am, and I guess I had better buy what I want." This same lady now feels better. She said what she wanted to say, and she is now comfortable. The same privilege is granted to any one who wants to abuse Swindell. Come right into the store and abuse him till you feel better. He won't notice you.  
Yours humbly,  
BETSY B. B. BROWN
