## CITY IN BRIEF.

The merry month of flowers.  
Now we are on a through line to Atlanta.

An illicit distillery was seized near New Hill, this county, last Saturday.

The County Commissioners are in session today.

Wilmington's electric street cars made their first trip on Friday.

The Mayor's docket was a slim affair for Monday. The city was perfectly quiet yesterday in all respects.

Another dormitory is to be built at the Agricultural and Mechanical grounds.

It is not what its proprietors say, but what Hood's Sarsaparilla does, that makes it sell, and wins the confidence of the people.

It is now expected that a series of meetings will be held in the Christian church, this city, beginning about the first of June.

The regular monthly meeting of Board of Stewards of Central M. E. Church tonight at 8 o'clock sharp. Every member requested to be present.

We are much gratified to learn that force of hands that was dispensed with at the Raleigh and Gaston Railroad shops, in this city, a few months since, are being gradually reinstated.

A printer named Sloan was taken yesterday afternoon to the Keeley Institute, at Greensboro, to receive treatment for the opium habit. Several gentlemen in the city made contributions in his behalf.

It should not be forgotten that the Burlesque Initiation will take place at Metropolitan Hall tonight, and the entertainment will be much more interesting than the one recently given. Some new features have been added of a most laughable kind.

Bretsch, the French Baker is doing quite nicely with his Joe Cream enterprise. The people are showing their appreciation of the cozy arrangement he has made for the accommodation of the public, and especially of the very superior cream, &c., he is furnishing.

Mr. and Mrs. N. G. Whitfield are very grateful for the many attentions and expressions of sympathy extended to them in their recent trouble in the death of their dear child, and desire to express their appreciation of the same through the columns of THE VISITOR.

It has been suggested that the lot on Halifax street, just in the rear of the Agricultural building, would be a most admirable site for the erection of a building to be used as a State Arsenal. The present one is a mere burlesque, and should be removed. If it is to be used at all, it should be for committee rooms, provided it is fixed up for the purpose.

Pavements are sure to increase the value of city property. Martin street is an illustration of this fact. A large amount of money has recently been invested on the western section of this street, and a well informed business gentleman said, today, that much of it was due to the recent paving and grading of that thoroughfare.

During the month of April the health of our city has been remarkably good for this season of the year.

The Young Men's Christian Association now numbers about three hundred members and additions are being almost daily made.

A very valuable cow belonging to our friend, Mr. C. W. Lambeth, died last Saturday afternoon. She gave four gallons of milk a day.

Burlesque Initiation at Metropolitan Hall tonight. Plenty of fun. Get ready for a good laugh. Proceeds, in part for St. John's Hospital and Young Men's Christian Association.

## Attention, Rescue Co.

Regular monthly meeting of your company tonight at eight o'clock.

## Address.

An address will be delivered before the King's Daughters by Mr. Weston R. Gales at the assembly room of the Y. M. C. A., on Tuesday afternoon next, at 5 o'clock. Every member of the order is earnestly requested to be present.

## Funeral.

The funeral services of the late Mr. J. B. Howell were attended by a large crowd on Saturday afternoon. Rev. K. D. Holmes officiated. The following gentlemen acted as pall bearers, Messrs Geo F Ball, W. Z. Blake, J. H. Marshall, J. R. Kelly, W. R. King, G. L. Tonnoffski.

## Journalistic.

The Fayetteville Observer has been sold to Mr. E. J. Hale, only son of E. J. Hale, Sr., who was the founder of the paper in 1835. Mr. Hale is an able journalist and we have no doubt the Observer under his control will retain its well deserved reputation.

## Agricultural Statistics.

An opinion has been rendered by the Attorney General to the effect, that the failure on the part of tax listers to furnish the commissioner of Agriculture with the statistics of their respective counties, is a misdemeanor, but that they are entitled to compensation for such service.

## Officers Elected.

The stockholders of the Cotton Seed Oil Mill have elected the following directors:

Messrs. W. G. Upchurch, Julius Lewis, T. M. Belk, O. N. Peet, T. R. Chaney, R. F. Munro. The directors elected the following officers: T. R. Chaney, President; W. G. Upchurch Vice President; R. F. Munro Secretary; Justus Rolph, Treasurer; Garland Jones, Assistant Secretary and Treasurer.

## Died.

At her residence on East Hargett street, last Saturday night, at 9:50 o'clock, Mrs. Sarah Thomas Pulley, wife of Mr. R. H. Pulley, aged 27 years. She left a husband, one child, two sisters and a brother to mourn their loss. The funeral took place yesterday afternoon at 4:30 o'clock, from Central Methodist Church, Rev. Mr. Hurley, the pastor, officiating. The following were the pall bearers: Messrs. T. C. Williams, Wm. Caudle, Frank Causey, W. N. Snelling, L. H. Woodall, S. W. Walker.

## Childrens' May Day Festival.

All the pastors, Sunday school Superintendents, teachers and Sunday school workers are requested to meet at the Young Men's Christian Association rooms at 6 o'clock sharp tomorrow (Tuesday) afternoon. The meeting is to consult and arrange plans for the grand May Day festival to be held in Raleigh on the 25th of May. Sunday schools from all the surrounding country, within a radius of a hundred miles of this city will be invited to participate in the joyous occasion, and it will be the grandest gathering ever seen in Raleigh. Do not fail to attend the meeting tomorrow.

## A Good Outlook.

We were informed today by our friend, Mr. John D. Briggs, the well known builder and contractor, that the outlook in his line of business is bright. Mr. Briggs says he has all the work on hand and in prospective that he can well do. He suggests, however, one drawback that is somewhat a surprise to us, and that is the scarcity of brick. It would really seem that there should be no excuse for this, as there are as good opportunities in this direction in this vicinity, as can be found in most sections. This calls to mind the fact that our attention was recently directed by our friend, Mr. C. H. Belvin, to the brick used in building the Raleigh National Bank building. These bricks were made near the city, and, as far as our judgment goes, backed by that of gentlemen well versed in the business, they are equal in every respect to what are known as the Baltimore pressed brick. That there is remuneration in this line of business cannot well be doubted, and we hope some of our citizens suited to the business and possessed of means to push it, will soon embark in the enterprise.

## A Beautiful Model.

We were shown this morning, by our friend, Mr. Hal W. Ayer, Secretary of the Agricultural Society, a most beautiful and complete model of the United States cruiser "Raleigh." Mr. Ayer succeeded, after most earnest and energetic efforts, in securing it from Secretary Tracy. It is the original model of the vessel and the only one in possession of the Navy department. It is, including the elegant glass case, in which it is enclosed, 17 1/2 feet long, and occupies a position in the office of Mr. Ayer on the corner of Martin and Salisbury streets, where the public are respectfully invited to call and see it. We are informed by Mr. Ayer, that he succeeded in obtaining from Secretary Tracy permission to retain the model until after the State fair, where it will be on exhibition. In this connection, we can say that if visitors calling to see the model, are so disposed, contributions will be received in furtherance of the project to present a suitable present to the vessel. We advise all our people who desire to see something really pretty, to call at Mr. Ayer's office. It is a treat in the artistic line. Too much credit cannot be awarded Mr. Ayer for his success in securing it for the inspection of our people.
