### CITY IN BRIEF.

The Yarrboro House is fast filling up. Crowds of Alliancemen coming in for the conclave tomorrow.

Business Men's Carnival at Metropolitan Hall tonight.

Candidates from different sections are putting in their appearance.

Regular meeting of Biram Lodge this evening at the usual time.

The Hargett street line of electric cars opened yesterday with a big boom. They were crowded all day.

Mrs. T. B. Moseley, who has been visiting her sister in Durham, has returned home.

Strawberries will soon be a nickel a quart and then they will taste much better.

The big arch over Independence Square in Charlotte for the 20th of May celebration will be lighted by thirteen electric arc lamps.

We hear that it is in contemplation to extend the Hargett street line of electric railway to the Union cemetery. A good idea.

The success of Hood's Sarsaparilla is because it possesses true merit, and no claim is made for it which is not fully supported.

The beautiful weather yesterday drew large crowds to the suburbs, and the street cars did a very large business.

Rev. G. W. Sanderlin will deliver the address at the closing of the Raleigh Male Academy June 3d. It will be an interesting occasion.

Brookside Park yesterday afternoon was crowded with pleasure seekers. It is fast becoming one of the most delightful summer resorts.

The Electric Street Car Co. is now selling tickets at the rate of six for twenty five cents. This is a first-rate idea, and will largely increase travel.

Secure tickets at Messrs. Alfred Williams & Co's book store, for the Business Men's Carnival tonight. It is going to be a big thing.

We are requested to say that the ticket office will be opened at Metropolitan Hall tonight earlier than usual in order that there may be no rush.

The city is already filling up with prominent politicians. The Democratic convention next Wednesday promises to be the largest political assemblage that has met in Raleigh for years.

Attention is called to the advertisement of Mr. Chas. F. Lumden. No. 11 East Hargett street. He has a most complete assortment of everything in the hardware line and is prepared to do tin roofing, piping, &c. in the best manner and at short notice.

Don't forget the Business Men's Carnival tonight. The ladies are very reticent in reference to just what may be expected, and yet there is that exulting sparkle about the eye when the program is alluded to, which indicates that they have a grand surprise for the public, which they are enjoying in advance. Don't fail to go and enjoy it with them.

**St. John's Hospital.**  
It is in contemplation to give an operatta at some time in the near future for the benefit of St. John's Hospital. It will be under the auspices of Prof. Allmon, of the dancing academy, and Prof. Paul. The proceeds will be devoted to St. John's Hospital. The precise date will be given shortly.

### Crop Bulletin.

The crop report for the week ending last Saturday shows that rain is much needed. The stand of corn is reported as bad in eastern district. In the central district, beneficial rains have fallen; wheat and grasses doing well; cotton coming up well as could be expected. In the western section corn planting not yet finished. Transplanting tobacco has commenced. Fruit prospects, especially apples, good; farmers well up with work.

### Music.

The committee on the part of the city of Raleigh, composed of Mayor Thos Badger, Frank Stronach, C. R. Lee and Sherwood House, are making ample preparations for the convention to be held at Stronach's warehouse next Wednesday. They are now in communication with several points for the purpose of securing the attendance of a good band of music. The warehouse will be decorated in the most fitting style. We are glad to be informed by Mr. Stronach that the best possible arrangements will be made on the platform for the representatives of the press.

### Y. M. C. A. Notes.

Quite a large gathering of young men were in attendance at the 4 o'clock meeting at the association yesterday. The service was conducted by Mr. J. L. Cunningham. The singing was excellent. Strenuous efforts are being made to organize a male quartette to aid in the song service, which will add much toward improving the singing. The Secretary's Worker's Bible Training Class will be organized Wednesday night; this class is for the purpose of developing christian workers. It is hardly possible that any doubts can be entertained now, as to whether the association will be a success. The most skeptical minded in this particular will be surprised to know that from seventy five to ninety young men visit the building daily. The reading room is well supplied, it now contains forty eight of the leading papers.

The gymnasium, which has been closed for sometime, will be opened tomorrow night at 8:30 o'clock with a dumb bell drill classes for business men. Students and clerks will be organized, the time to suit their own convenience. The general secretary has been busy for some days past making a complete membership record and in order to get a correct list of the members, blanks with the following circular letter, were sent to each member to be filled out and returned:

MY DEAR SIR:

As our Association is in its infancy, and as yet we have no correct record of our membership, we therefore take the liberty of asking you to kindly fill out the enclosed membership blank and return to us at once, so that we may issue you a Member Ticket and enter you on our books as a member of this Association. You are, no doubt, aware of the fact that a subscription of not less than six dollars a year entitles a person to the privileges of the Association. We take this opportunity of thanking you for your subscription, and hope to have the blank returned as soon as convenient.

Enclosed you will find a copy of our Constitution and By-Laws, which we trust you will read carefully and thus become acquainted with the rules which govern the management of our work.

Hoping to have your hearty co-operation in the work, and that I may have the pleasure of seeing you quite often in our building I am,

Yours very respectfully,  
GENERAL SECRETARY.

**Our Building**  
We believe the model of the building for North Carolina at the World's Fair, is about settled upon. It will be about a duplicate of what is known as the old palace of Gov. Tryon at New Bern.

**Children's Day.**  
The exercises at the Sunday School room of Edenton Street Church yesterday afternoon were of the most interesting character. They were opened with singing and prayer by the pastor, after which some fine recitations were delivered by several scholars. They were well rendered and exceedingly appropriate to the occasion which was styled children's day. The orator of the evening was Mr. Josephus Daniels the subject being "Money." For about one hour Mr. Daniels handled the subject in fine style, eliciting the highest praise from all present. After this, Rev. J. N. Cole, the pastor read some quotations from scripture and Rev. F. L. Reid delivered a short and well timed address on the "Ant." The exercises were closed amid the highest delight from all the children as well as the adults present. It was, indeed an occasion of much real enjoyment.

**A Big Lot China Silk.**  
It has been hard to get China silk in black ground with heliotrope flowers, but we have now a big lot away under value.

Yours truly,  
D. T. SWINDELL.

A train leaves Greensboro at 12:01, midnight and arrives in Raleigh at 8 a. m. Mixed freight train leaves Raleigh for Selma and Goldsboro at 8:45 a. m.

**Sleeping With One Eye Open.**  
No such thing as luck. Each man must make his own luck. Continued watching, working of active brain, coupled on to push, pluck, audacity and knowledge of ability and a big surplus in bank, give confidence to the ambitious toiler for mercantile glory and final success. Thus we labor 365 days each year, working 24 hours a day and no holidays. We know when goods are going to be slaughtered, and when the crash comes we are right there with the metallic American dollar to bridge the chasm and slide the unusual values in our store, thereby bringing luck and prosperity and popularity to our store. We have just returned from New York and the effects of our luck can now be seen. Our luck is your luck. The stores around who cry out bargains, never had a bargain to offer you. They are the side shows. We are the big circus. At these side shows you find and meet the three card monte men, and the fakers and the hawkers of all manner of humbugs. There is no earthly use for you to waste time and money in the side shows. Come right into the big circus. We have refilled our millinery department, and if your brain is at all active you can see the great difference in prices. Our dress goods and straw matting departments are replenished at the expense of the unfortunate who failed. Our shoe department has received many thousand pairs of shoes from factories which have gone under. Find D. T. Swindlell's store by all means. There is money saved.

J Hal Bobbitt has received another lot of fine limes. His fountain is crowded all day with people after the cooling drinks dispensed therefrom. Have you tried the Pineapple Sherbet yet?
