VOL. XXVII.

RALEIGH, FRIDAY, MAY 27, 1892.

NO. 30

CITY IN BRIEF.

Another nice rain this morning. When will the weather settle down to genuine summer temperature? The penitentiary is turning out a large number of brick. Berry picking rehearsals are in progress. The entertainment will be a great success. The next session of the Justices of the Peace for Wake county will be quite an exciting one. One solitary drunk and down constituted the Mayor's docket this morning. The North Carolina Medical Society will hold its next annual session at Winston. Are you going to Winston? You will never have a better chance to visit the twin city. Auditor Sanderlin has gone to Littleton to deliver the address before the High School at that place.

Meeting of Phalanx Lodge, K. of P., tonight at 8:30. Third rank will be conferred. Music by the Pythian band. A full attendance desired. It is expected that a large crowd will be in attendance at the Gosport, Va., Navy yard to witness the launch of the battle ship Texas.

Mr. Edward Lewis, who has been working in this city for the Edison Electric Company, has gone to Cleveland, Ohio, to take a similar position. Twenty thousand square feet is the space allotted North Carolina at the World's Fair. Hope it will be well filled.

Mr. Charles McDonald had the first snaps of the season in market this morning, which sold readily at 15c. per basket.

Regular business meeting of Epworth League at the Sunday School room of Edenton Street Church this evening at 8 o'clock.

The prostration after the Grip is entirely overcome by Hood's Sarsaparilla. It really does make the weak strong.

Mrs. H. H. Crocker had new snaps for dinner today gathered from her garden. They are among the first we have seen.

It is probable that the rails of the electric street railway on West Cabarrus street will be taken up as soon as it becomes necessary to extend the line to the new Union depot.

The graduating exercises of Greensboro Female College took place yesterday and the concert took place last night. The graduating class received the highest honors.

Prof. Kinealy will deliver an address at the Agricultural and Mechanical College tonight at eight o'clock. Public invited. He is a fine speaker, and a literary treat may be expected.

Some weeks since the gearing wheels in the mixing department of the phosphate mills at Caraleigh broke. They were repaired and work was resumed, but they soon broke again. We hope the delay will be only temporary.

The Edenton Street M. E. Sunday school were disappointed in getting a train on the 24th of this month for their excursion to Clarksville, Va., but have secured one for Wednesday, June 8th. The committee are doing everything to make this the most enjoyable excursion the school ever had. Remember the date, June 8th.

Entertainment.

There will be an entertainment at Peace Institute tonight given by the graduating class; consisting of songs, recitations, &c. It will be a great literary treat and a large crowd may be expected.

House For Rent

University Commencement.

A special train will be run by the Richmond and Danville Railroad on Tuesday and Wednesday, May 31st and June 1st, connecting with trains leaving Raleigh at 7 a. m. and returning arrive at Raleigh at 3 p. m. This will enable parties to spend an entire day and part of the evening at Chapel Hill.

Teachers' Assembly.

The N. C. Teacher says: "We all expect to be at the Assembly in June. The county superintendents are urging their teachers to attend, well knowing the advantage which a teacher who attends the Assembly has over all others in the confidence of the people and in securing a good position in the schools. Attendance upon the Assembly is worth to a teacher, in many ways, ten times the slight expense of going to Morehead City."

Sad Accident.

On Wednesday last, a most distressing accident took place near Rogers' store in this county. A little three year old son of Mr. and Mrs. Vaughan Ray was so badly burned as to cause his death. Mr. Ray left the little fellow alone in the house where there was a fire, and on her return found him hopelessly burned. It is not, of course, known how the accident took place. The parents are overwhelmed with grief.

Fair Notes

The Secretary of the State Agricultural Society, Mr. H. W. Ayer, is lending his utmost energies in the direction of making the next State Fair a complete success. If possible Mr. Ayer will make the exposition second to none that has preceded it. The premium list is nearly prepared and will soon be in the hands of the printer. It will be beautifully gotten up and illustrated in handsome style, containing pictures of our new Union depot, new opera house, new hotel, etc. There will be nearly a thousand premiums, among them a cash purse of \$300 and a town lot in Oakdale worth about \$60. To the lady making the prettiest display of articles at the fair, a special premium of \$50 in gold will be given. Competent judges will be secured to make the awards.

Among the attractions will be the "Wild West Show," which is pronounced the greatest in the world. We may expect the next fair to be a grand success.

Prohibition Address.

Ex Governor St. John, of Kansas, one of the most popular orators of the country, addressed a very large audience at Metropolitan Hall last night. He was greeted with much applause and his style is such as to attract the closest attention. He was introduced by Dr. J. M. Templeton in a few appropriate remarks. The address consisted of a full exposure of the evils of the license system as applicable to spirituous liquors, and the eloquent speaker held up both the Democratic and Republican parties as wanting in a proper regard for the wants of the people, as far as the moral side of the prohibition question is concerned, by allowing, and to that extent enforcing the sale of liquor. He declared that the consumption of liquor had increased from 2 1/2 gallons per capita in 1863 to 15 1/2 now, and that the saloons had increased from 170,000 to 240,000. He disclaimed any intention to mix politics with religion, but demanded a party that would persevere in the effort to effect prohibition. He wanted the free coinage of silver and denounced the tariff as advocated by the Republicans. He was in favor of the government ownership of railways and telegraph and the election of President, Vice-President and Senators by a direct vote of the people. He paid a high compliment to Mr. Cleveland, which elicited the greatest applause.

Flowered Lawns and Organdies

These goods are really and truly worth 20 and 25 cents a yard and we are selling them both at 10 cents a yard at Swindell's.

Not Even Politics.

When we give you a hat for 15 cents which you must pay 50 cents and \$1 for at any other store we are bound to be popular.
