**A Prominent Professional Man's Extraordinary Statement.**

(N. Y. Sun.)

To The Editor. SIR—As my name and face have appeared in your paper and the public prints lately, and as many of my professional brethren are wondering at it, I feel it only just that I should make an explanation. The statement published over my name was made ten years ago, after long and mature investigation, and I have never changed my mind as to the facts then stated. At that time I said, as a physician, that I believed Warner's Safe Cure was the best of all known preparations for the troubles it was advocated to cure, and I say so still. I know it is considered the proper thing for the medical profession to deery proprietary and other advertised articles; but why should they do so? As the late Dr. J. G. Holland, writing over his own name in *Scribner's Monthly* said:

"It is a fact that many of the best proprietary medicines of the day are more successful than many physicians, and most of them were first discovered or used in actual medical practice; when, however, any person knowing their virtue and foreseeing their popularity secures and advertises them, in the opinion of the bigoted all virtue went out of them."

Dr. Holland was an educated physician, an unprejudiced observer, and he spoke from a broad and unusual experience. Proprietary medicine should not be decried. The evidences of their value are overwhelming. I have seen patients recover from gravel, inflammation of the bladder and Bright's disease after using Warner's Safe Cure, even when all other treatment had failed.

I make this frank and outspoken statement in the interests of humanity and because I know it to be true. I trust for the same reason you will give it to the public. Respectfully,  
R. A. GUNN,  
No. 124 West Forty seventh St., New York.

**THE SILVER QUESTION.**

Special.

WASHINGTON, May 27.—The silver advocates are having their inning today. Under the call of the National silver committee, which consists of the Congressmen and Senators favoring free coinage, every State in the West has sent a delegation to join in forming a National Bi metallic Association or league. The East is not well represented, but the West is making up for lack of delegates from that section by an unbounded enthusiasm. The convention is held for the further purpose, as the call puts it, "of thwarting the determination on the part of the gold combination to suppress the silver issue for at least another half decade, and to fasten forever the gold standard on the country."

There are delegates here representing the Farmers' Alliance of the country, the Knights of Labor and in fact every organization that favors the free coinage of silver. Among the prominent men here are Congressman Bland, Senators Peffer, Teller, Wolcott and Kyle and Congressmen Simpson and Watson. It is understood that Congressman Bland will be asked to preside, but he will probably decline, as "he has something to say on the floor of the convention."

**That Tired Feeling**

Is a dangerous condition due directly to degenerated or impure blood. It should not be allowed to continue, as in its debility the system is especially liable to serious attacks of illness. It is remarkable how beneficial Hood's Sarsaparilla is in this enervating state.

Possessing just those elements which the system needs and readily seizes, this medicine purifies the blood, and imparts a feeling of serene strength which is comforting and satisfying. Hood's Sarsaparilla is the best remedy for that weakness which prevails at change of season, climate or life.

"I have been convinced that Hood's Sarsaparilla is one of the greatest medicines in the world. I say this for the benefit of all other tired out, run down, hard-working women. Hood's Sarsaparilla is not only excellent as a blood purifier, but for all other female complaints, even if of long standing." Mrs. M. A. SCARLETT, Northville P. O., Mich.

LARGEST CITY CIRCULATION.

RALEIGH, MAY 27, 1892.

THE grip has not let up in New York; there were 200 deaths in that city last week from that disease, according to the report of the city bureau of vital statistics.

J. GOULD is growing weightier; he has increased from 104 to 120 pounds. He is a heavy man on railroads.

A resolution for the disendowment and disestablishment of the Church of Scotland was defeated a few days since by a vote of 965 to 279.

Mr. Hezekiah A. Gudger of Asheville delivered the literary address yesterday at the Greensboro Female College commencement. Forty four young ladies received diplomas.

**THE WOMEN WIN.**

The Methodist Protestant General Conference for the United States, now in session at Westminster, Md., have admitted women delegates to seats in that body, and have practically decided that in every instance in their constitution "man" means "woman," and this was demonstrated practically by the admission of three lay women as delegates and Mrs. St. John of Kansas as a ministerial delegate.

**SHORT, SHARP AND SNAPPY.**

The season, which always comes every fourth year, for the publication of labored arguments against a second term, consecutive or otherwise, for our Presidents, is now upon us, and the papers opposed to Messrs. Harrison and Cleveland are brimming over with them.

Mr. Cleveland will probably endorse every word that Mr. Hill said about "the cultivation of a fraternal spirit" the other day. That spirit, however, is notably absent just now among the adherents of the two men.

South Carolina led the armed revolt in 1861 and its Democratic State convention has given notice that it may lead an unarmed political revolt this year, if the Chicago platform doesn't suit them.

The big steamship companies have, it is said, declared their intention to have the scalp of the Commissioner of Immigration at New York, because of his strictness in barring out pauper and contract immigrants—in other words, because the law is being too strictly enforced. How is that for audacity?

June will be convention month, consequently Congress will only be nominally in session. The first half of the month all of the leading Republicans will be absent, and in the latter half the Democrats will take their turn.

The poorly paid German working men are growling at the extravagance of their Emperor. His latest is a special train of twelve vestibuled cars, costing more than 4,000,000 marks, and exceeding in the splendor of its appointments the famous royal train of Queen Victoria's which created lots of trouble in England a few years ago. No wonder socialism increases in Germany.

**OWN YOUR OWN HOME?**

Are we saving any money as the days pass by? Are we buying a home for ourselves and families, while we are better prepared than when we get older? Young men are you saving any of your salary? Some think they cannot save anything while they have to pay such high rents and other expenses. Just so; but did you know that you can make arrangements with "The Covenant Building and Loan Association" and buy your desirable home for less monthly payments than you are now paying rent? Would it not be well to see about this? We can show you where we have loaned \$5,000 in Raleigh to build houses. Young men, every young man should save something every day. Did you ever try it? Well, then, suppose you try it for one month. Do with half your daily cigars, half of daily tobacco, and half of other unnecessary expenses. Why, you would be the most surprised of any one, how much this would save. Then invest in the Building and Loan Association and your profits will equal each payment within seven years. Our Building and Loan Association want to loan money here, and will arrange it so that you will hardly know how you repay it. Apply to may 2-1m. WAYNE ALLCOTT.

**PEACE INSTITUTE.**
