

**REPUBLICAN CONVENTION.**

**Special.**  
**MINNEAPOLIS, June 6**—The eve of the Republican Convention! The last cohorts are arriving this morning and seeking shelter in the odd nooks and corners of the twin cities. Thousands walked the streets all night and are today sleeping off their hours of unrest on the couches occupied by the looker ones during the night. It is the experience of Chicago and St. Louis in 1888 over again. It is estimated that half a million visitors are here today every one anxious to get a seat in the convention hall which will comfortably seat 11,000 and incommodably accommodate 12,500. The newspaper men are splendidly cared for in the ten story New York Life building where 40 typewriters are serving them through the courtesy of the local press free of charge. The great Lake hotel at Minnetonka and White Bear are open and thousands are crowding into them. Among those at hotel Lafayette are: Congressman Crapo, of Massachusetts, E. F. Jones, of Pittsburg, ex-Chairman of the National Committee. Prominent men in the city have given up their magnificent residences to the visitors. The downtown churches have opened great dining halls, each of which will accommodate from 1,000 to 2,000 people at a sitting. Masonic Temple has been turned into a vast restaurant.

 So does every other member of the family. A 25 cent package makes 5 gallons of this delicious drink. Don't be deceived if a dealer, for the sake of larger profit, tells you some other kind is "just as good" as the real. No imitation is as good as the genuine Hires'.

**MOLTEN METAL FELL ON HIM**

Michael Haley, 45 years of age, of West Philadelphia, a laborer employed at the Bement Miles Company's machine tool works, had a narrow escape from instant death Saturday afternoon. He was assisting in the foundry, when a mass of molten metal fell a distance of forty feet, striking his left shoulder and running down his arm and through his fingers, producing frightful burns. The mass of melted metal barely escaped striking his head. His burns are considered serious, but not fatal.

**AN INCORRIGIBLE PARROT.**

An old maiden, lady, who strongly objected to "followers" had as a companion a gray parrot with a wonderful faculty for picking up sentences. One day the old lady had cause to severely reprimand one of her maids for a breach of the "follower" ordinance. This so irritated the girl that a word up to the receipt of her wrongs, in the hearing of her fellow servants and Polly, who happened to be with them, she exclaimed passionately, "I wish the old lady was dead!" The parrot lost no time in stowing off its newly acquired knowledge when next taken into the drawing room, to the great of an elderly mistress, who superstitious thought it was a warning from the other world.

She at once consulted the vicar who kindly volunteered to show his own parrot, which could almost preach a short sermon, sing psalm &c., to be kept a short time with the imps on one in order to correct its language. To this end they were kept together in a small room for a few days, when the lady paid them a visit in company with her spiritual adviser. To their intense horror, immediately the door was opened, the lady's parrot saluted them with the ominous phrase, "I wish the old lady was dead!" The vicar's bird responding with all the solemnity of an old parish clerk, "The Lord hear our prayer."—Ex.

**LARGEST CITY CIRCULATION.**

**RALEIGH, JUNE 6, 1892.**

Winnington is trying on the half holiday idea. It was commenced on Friday by the closing of the banks at noon and the closing up of many of the merchants at 1 o'clock.

All the talk of the city is the resignation of Secretary Blake as the premier of President Harrison's cabinet. Just what is going to be done at Minneapolis is so difficult to determine. It looks like Secretary Blake will be nominated or elected will dictate the nominee. It is an emphatic copy of each, but seems to show the proceedings of the convention far into the future. Who the successor of Mr. Blake as Secretary of State will be does not now appear.

**GOSSIP.**

When gossiping is spoken of our immediately think of woman; yet if the species were averaged up according to sex there would be like the animals that went into the ark, one male to every female. But for right down professional backbiting it takes a man to outdo a woman every time. When you want the flies in a dress, or the bad smelling of a coat criticised, then you need a woman, but for performing the hypochondria, laudendo snivelling, doubting, and throwing more or less suspicion on objects of its venom than any amount of plain spoken declarations, you must have a man—a woman won't do. She is too straightforward in her statements.

A group of men can do more harmful gossip in half an hour than a continued tea drinking from now to the first of January would bring about.

When you hear a man say, "Well, I may be all right; he is too double a better man than I am, but—" Unless you are willing to have your mind poisoned, go and talk to some one else.

We have no sympathy with this attributing all that is drifting or bad in society to women. Men are just as bad and mean in every particular as women—if she did get the first bite at the apple. Whoever saw a woman that wouldn't eat green apples, especially a young woman?

**—DO YOU—**  
**OWN YOUR OWN HOME?**  
 Are we saving any money as the days pass by? Are we buying a home for ourselves and families, while we are better prepared than when we get older? Young men are you saving any of your salary? Some think they cannot save anything while they have to pay such high rents and other expenses. Just so; but did you know that you can make arrangements with "The Covenant Building and Loan Association" and buy you a desirable home for less monthly payments than you are now paying rent? Would it not be well to see about this? We can show you where we have loaned \$5,000 in Raleigh to build houses. Young man, every young man should save something every day. Did you ever try it? Well, then, suppose you try it for one month. Do with half your daily cigars, half of daily tobacco, and half of other unnecessary expenses. Why, you would be the most surprised of any one, how much this would save. Then invest in the Building and Loan Association and your profits will equal each payment within seven years. Our Building and Loan Association want to loan money here, and will arrange so that you will hardly know how you repay it. Apply to  
 may 2-1m. **WAYNE ALLCOTT.**
