

BISMARCK'S READY WIT.

It is perhaps not generally known that when he was a young man Bismarck was for some time an official reporter for one of the courts of justice, says an exchange. In those days his temper sometimes got the best of him, but upon one occasion, at least, his wit saved him from disgrace. This was when questioning a witness the latter made an impudent retort, whereupon Bismarck exclaimed angrily:

"If you are not more respectful I shall kick you out of the room."
"Young man," said the judge, interrupting the proceeding, "I would have you understand that this is a dignified court of justice, and that if any kicking is to be done the court will do it."

"Ah, you see," said Bismarck to the witness, "if you are not more respectful to me the court will kick you out of the room; so be careful—very careful sir."

EDITORS' TRAIN OVERTURNED.

HASTINGS, Neb., June 6.—The east bound passenger train on the Chicago, Burlington and Quincy Railroad was wrecked on a broken rail near Indianola, Neb., this morning. The passengers narrowly escaped with only a bad shaking up, only one person, L. T. Eldridge, of Denver, Col., having his shoulder dislocated.

Five Pullman sleepers were turned over. Among the passengers was a party of about sixty editors with their families returning from the meeting of the National Editorial Association at San Francisco.

A ROGUE WEDDED THE WIDOW TO GET HER MONEY.

LOS ANGELES, Cal., June 5.—two notorious bunco men, W. W. Taylor and Henry Bailey, have swindled many people here, and Bailey, in pursuit of his swindling operations, married a widow worth \$100,000. They came to Los Angeles last November, spent money lavishly, and Bailey aided by Taylor succeeded in wedding Mrs. Agnes Paige, whose fortune is \$100,000 and who has three young daughters. Bailey tried to raise money on his wife's property, but it was so fixed he could not. The adventurers have skipped to Denver.

Fun For Two.
All children enjoy a drink of Hires' Root Beer.

So does every other member of the family. A 25 cent package makes 2 gallons of this delicious drink. Don't be deceived if a dealer, for the sake of larger profit, tells you some other kind is "just as good"—it is false. No imitation is as good as the genuine Hires'.

RELIEF FROM POLITICS.

Every fellow who had his new spring suit ruined yesterday will invest in an umbrella today, provided he has the cash. Then lookout for dry weather.

Now doth the busy summer girl improve each shining minute. And mends her last year's landing net. To catch a husband in it.

When you hear a man saying that russet shoes are only worn by would-be swells, and nobody else wears them, you can safely bet that his last year's pair are in pawn.

"My son," said the fond father, who had just been "touched," "remember that the love of money is the root of all evil." "In my case," replied the philosophic son, "the evil has resulted from an insatiable desire to get rid of it."

Magistrate—"You admit that you struck the plaintiff first?" Colored prisoner—"Yes, sah." Magistrate—"And you say he retaliated?" Colored prisoner—"Don't know nuffin 'bout 'taliatin' Jedge. But he hit me powerful hard wiv a brick."

LARGEST CITY CIRCULATION.

RALEIGH, JUNE 7, 1892.

The Philadelphia Record says the Silver Mining camps of the Rocky Mountains have united solidly in the support of Blaine at Minneapolis.

Private dispatches received here up to noon today announce the excitement at Minneapolis as intense. The enthusiasm for Blaine is unparalleled in the history of politics in this country. Judging from all indications, he will either receive the nomination or dictate it. The convention met at 12 o'clock, which by the time in Raleigh would be about 1 o'clock here.

Three years ago the graduating class of Yale College contained a majority of free traders; it is reported this year, that the class has eighty three protectionists to forty two free traders. This simply means that Yale College is teaching protection, or that protectionists are patronizing it for some special reason. Free traders will next be looking up a college that will teach their doctrine no doubt.

A remarkable case of surgery is reported from Fairbury, Ill. Eighteen months ago Mrs. Barney Sweet run a knitting needle into her flesh which became encysted there and only of late began to give her intense pain, so that a surgical operation was decided upon for its removal. It was found to be five inches long, one end having penetrated the bladder, and upon this end a hard substance had formed the size of a hen's egg. The operation of removal was successfully performed and the woman is in a fair way to speedy recovery.

A STORM OF DEATH.

A RIVER OF FIRE.

On Sunday night a storm broke the dam seven miles above Titusville, Pa. and the oil tanks were swept away and borne down on Oil City in a river of fire which rose on the bosom of the great flood, leaving nothing in its way, that could be burned in its path, which began its work of death and destruction miles above Titusville. The volume of water was so great that it spread away out of banks of the river, upon the hills, filling the streets of Titusville with angry surging and dashing waters which swept away much property. But as the flood rushed on down the course of the river it swept away the great oil and gasoline tanks which were soon ignited by explosions—Then the river became a terrible river of fire. Flaming, hissing and destroying all life and property that came within its reach. It swept through Oil City, spreading disaster and death in its course, and then on down the river for some distance. For 18 miles along the river there was great loss of life and property. More than one hundred people perished in the flames or were drowned, and more than 2,000 families are reported to have been rendered homeless by this fearful disaster.

OWN YOUR OWN HOME?

Are you saving any money as the days pass by? Are you buying a home for yourself and family, while we are better prepared than when we get older? Young men are you saving any of your salary? Some think they cannot save anything while they have to pay such high rents and other expenses. Just so; but did you know that you can make arrangements with "The Covenant Building and Loan Association" and buy you a desirable home for less monthly payments than you are now paying rent? Would it not be well to see about this? We can show you where we have loaned \$5,000 in Raleigh to build houses. Young man, every young man should save something every day. Did you ever try it? Well, then, suppose you try it for one month. Do with half your daily cigars, half of daily tobacco and half of other unnecessary expenses. Why, you would be the most surprised of any one, how much this would save. Then invest in the Building and Loan Association and your profits will equal each payment within seven years. Our Building and Loan Association want to loan money here, and will arrange it so that you will hardly know how you repay it. Apply to may2-1m. WAYNE ALLCOTT.
