CITY IN BRIEF.

Are you going to Asheville on the 6th July? It will be a pleasant trip.

There are now very few applications coming in for refunding of direct taxes.

Our young friend, Miles Birdsong, has taken a position in Mr Jno S. Pescad's drug store. He will be pleased to see his many friends.

"I would like to sound the praise of Hood's Sarsaparilla over the entire universe," writes Mrs Longenecker of Union Deposit, Penn.

Mr J. H. Horner the veteran educator of Oxford, N. C. died yesterday afternoon of heart disease. The funeral will take place tomorrow afternoon.

Mrs. I. N. Harward has been quite sick for a week or so at her residence at the junction of the Hillsboro and Avent Ferry roads, just west of the city limits.

The time in which an exchange of old N. C. six per cent bonds for new 4 per cent consols, can be effected will expire next month. Parties desiring to take the benefit of the funding act had better hurry up.

Meeting of the Royal Arcanum at 8 15 o'clock tonight, at the office of Messrs Jones & Powell. The members are cordially invited to attend as business of importance will be transacted.

Our friend, Mr Pink Hardie is presiding with becoming dignity in the station house. While the locality is not as good as it might be, it is one of the coolest places we know of, and that is one thing to brag of, anyhow.

The electric lights in Brookside Park present a beautiful appearance. If a good band of music could be secured, the place would present unusual attractions.

Mr. Josephus Daniels gives interesting accounts of his trip "across the continent," including his stoppage at Minneapolis during the recent convention. He takes an encouraging view of matters and things generally.

The fifth annual report of the Bureau of Labor Statistics has been issued. It presents quite an array of statistics on farming and manufacturing and shows a good deal of pains taking in the collecting of these figures.

A large crowd of young ladies and gentlemen went out to Pullen Park last night and passed an evening of enjoyment at that delightful summer retreat. Good music was at hand, and dancing in the round house was one of the features of the occasion. The Agricultural and Mechanical College boys were out in force.

A ride to Maj R. S. Tucker's farm west of the city is a rare treat to those who know what a "boundless waste" the premises were just prior to the late war. For a man who was raised mostly behind the counter in the dry goods business, the Major has developed more of the Agriculturist, merchant and general man of business, than almost any one we know of. He seems to take in the situation from every point of the compass.

Street cars resumed running today.

A large party of young ladies and gentlemen went on a fishing excursion to Ccok's mill pond today.

The police are out today on a sanitary inspection tour. All interested should take notice.

It is announced that H. L. Loucke, of South Dakota, is to succeed Col. L. L. Polk as President of the National Farmers' Alliance.

Attention is called to the advertisement of valuable property for sale by Mr. Jno. T. Pullen, Administrator, &c.

The celebrated French trap at Lumsden's hardware store on Fayetteville street, recently noticed by us, is attracting much attention. It is one of the best inventions of the kind ever seen here, and all whose premises are infested with the "varmints" should have one. Last night a trap at Mr. Lumsden's was baited and this morning it had caught fifteen splendid size rats. Call and see it.

An observant gentleman remarked today, that he thought it rather unfortunate that the Centennial graded school should have been built on its present site. He thinks that when the old Governor's Mansion was demolished, the space should have been reserved for an extension of Fayetteville street. We think that these ideas are about correct, but then, it is too late now to remedy the matter without much inconvenience and great trouble.

Yellow Pine "Monograph."

To the forestry division of the North Carolina Exhibit at the World's Fair at Chicago, has been assigned the task of preparing a monograph of the yellow pine (Pinus mitis). That is, to prepare an exhibit of the yellow pine which will show it in the most complete manner in all its relations to the industries, making as complete and exhaustive a monograph of the species as possible. This will become, if successfully carried out, the center piece of the forestry display from this State, and will embrace all that need be shown, so far as the tree, lumber and its uses in building and manufacturing are concerned. As yet the preparation of this exhibit, or monograph, has not been allotted. What lumberman, woodworker or manufacturer would like to undertake the work? The incidental advertisement would be worth a great deal to an individual or firm doing this work. Correspondence in regard to this subject is invited by T. K. Bruner, Raleigh, N. C.

Century Columbia.

The Century Columbia with the Columbia Pneumatic tires is established as the best machine for 1892, in every respect. Recently the "Century" made first and second best time at the Pullman race, Chicago, and first, second and third in the Hartford road race. There were about 375 starters in the Pullman, and a large number in the Hartford. In the great Irvington-Millburn road race, Hayland Smith made a new world's record for 25 miles of 1:17. In the Mass Division, Mat Williamson, a new rider put his "Century" Columbia through the mile in 2:34 2/5, after winning two other events. It was the leading factor in the great New York Chicago relay race and one chain broke on one machine, while other machines broke down all along. The Century Columbia is a medium weight, a beautiful braced, double diamond frame, with all Columbia advantages. The front wheel being two inches larger than the rear, makes it run with less effort, and in climbing hills has no tendency to pull off the ground. Its comfort comes in the Pneumatic tire and in the spring loop seat rod and the celebrated Kirkpatrick saddle.

The price is \$150 and it is well worth it; some other concerns are giving discounts, but Pope Manufacturing Company are having as much business this year as any other two bicycle concerns in the world. See me and leave your order for a Century, thereby keeping up with the times.

C. G. STONE.

Col. Elias Carr of Edgecombe, Democratic nominee for Governor, is in the city.

A GRAND TIME EXPECTED.

The Visitor's Proposal Fully Endorsed.

Last night a full representation of the committees representing the Board of Aldermen, Chamber of Commerce and the State Fair Association met at the Mayor's office and inaugurated important matters looking to a proper celebration of the centennial of the city of Raleigh, which was proposed by the EVENING VISITOR over a year ago. Some of our foremost citizens were present and took part in the discussion, among them such sterling men as P. H. Battle, J. E. Pogue, W. S. Primrose, Frank Stronach, W. E. Ashley, H. W. Ayer, Capt. C. B. Denson and Dr. James McKee, Mayor Badger presided. The following resolution was unanimously adopted:

Resolved, That the committees in joint meeting recommend to the Board of Aldermen and the Raleigh Chamber of Commerce that the celebration of Raleigh's centennial be held during the State Fair in 1892; that the celebration be held under the management of a regularly elected and organized board with a president and secretary, and that the management include three regularly elected committees, to-wit: committee on ways and means, committee on programme and committee on advertising; and that each of said committees be empowered to appoint subcommittees for the purpose of carrying forward the work particularly entrusted to it.

Now let the committees be judiciously and impartially appointed, and let them go to work in earnest. The VISITOR is "in it" until the end. No time to lose.

Please remember that I close in store at half past 7 o'clock, Saturday's excepted. L. D. WOMBLE. je 14 2t

Got Time to Take a Trunk?

Many of you are going off this summer and each one will take a trunk, and people judge of your wardrobe by the appearance of your trunk; and an old shabby looking trunk cause people to think it contains old shabby clothing. Now ladies take time and go to Swindell's and get a real nice showy trunk and save the difference in price at Swindell's and elsewhere. Swindell has the largest stock of trunks and valises to be seen anywhere, in fact we have a great many more trunks than we ought to have, and to clear them out we have placed a real low price on them.

The Grand Lodge K. of P. will meet in Wilmington tomorrow. There will be considerable attendance from this city.

White Skirtings.

A few more of the white skirtings left from the special sale of the last two weeks. These skirtings are offered at about half New York cost, to clear the lot. There are still some of the better grades left and if any one wishes a cheap white dress, this is the lot to choose from, for when these are disposed of, no more can be had at near the prices they are now being sold.
