

A MUSICAL ENTERPRISE.

Correspondence of VISITOR.

I do think it ridiculous in the extreme and a shame and disgrace to the city of Raleigh, the capital of North Carolina to have no band of music. I think every citizen of Raleigh who has any respect for himself, is ashamed of this state of affairs. To think when we want music, we have to send to a little branch town to get a band when we have some of the best musical talent to be found in that line. We need to have the best band to be found anywhere, that played sweet enough to make the tears run down the cheeks of a hard hearted man; to say nothing of the soft hearted lady who would enjoy listening to it, sitting or standing by the side of her husband, sweetheart or lover. To say nothing of the pleasure and amusement it would be to the children, and servants, and as the poet says "music hath charms to sooth the savage breast, and enable the wicked to turn them from the evil of their ways." Now we want a good band to play two or three hours every evening in the capitol square during the summer. It would cheer up the feelings of all. It would make the low spirited forget their burdens of sorrow and trouble, and go back to their different toils and labor with a new feeling that life was not all toil and strife.

A good band to play every evening; how it would enliven our town, and we should not feel as if everybody was dead, or asleep. And, oh! what an effect it would have on the travelling population when they visit our town, as they are doing every day, as we can see by the daily papers. There are hundreds of people in the country would think the time well spent in visiting our town for the pleasure of hearing the music. Heretofore our bands have consisted chiefly of working men in the employ of others, who often objected to them leaving their business when they were required to play, consequently they ran the risk of losing their situation, which they could not afford to do, as they had no musical salary. Now I have a plan to suggest by which I think we can have a permanent band. After making a slight calculation I find that 10 cents per head from the citizens of Raleigh will be amply sufficient to pay a band a reasonable salary for a year, and where is there a man or woman who would not be willing to pay 10 cents a year for the pleasure the music would afford.

But still we have no doubt there are many who would not be willing to pay the 10 cents. But we are confident there are others who will pay from 25 cents to \$10, which will make up the deficiency of those who will not pay anything. I have talked to a good many myself and have not found a single one who was not willing to pay \$5, and most of them were working for wages. Now I propose that we call a meeting of the citizens of Raleigh or lay it before the Chamber of Commerce, and have the matter attended to. Have a committee appointed whose duty it shall be to draw up rules and regulations of the band to be appointed; also to set prices in case they should be called out of the city to play; and have such amount as a fund to pay expenses of said band. Also a committee to canvass the city and make collections. Now, I for one am willing to head the list with \$5 for the sake of having music from a band of our own, and I know there are many more able than I am. So let us have it. Why not?

LARGEST CITY CIRCULATION.

RALEIGH, JUNE 14, 1892.

Three murders reported in Charleston, S. C. since Sunday, June 5th. The last one being a negro fatally stabbed over a gambling table in a low negro dive on Sunday night the 12th.

It is reported that Poulteney Bigelow the well known American traveler and writer, has been expelled from Russia. Surely Russians must be a hard set, or they may have thought that Bigelow was a Jew.

CLERKS ORGANIZING.

The clerks and salesmen of the city of Wilmington are about to organize themselves into a "Brotherhood of Clerks." We suppose the sisters are included under the general name "Brotherhood."

FALLS TWO THOUSAND FEET.

An Aeronaut at Tolchester Beach made a balloon ascension for the amusement of the crowds that went here on excursions Sunday, intending to make a parachute descent. But his parachute failed to work and he shot through the air like a cannon ball from an altitude of about 2000 feet. The fall did not kill him instantly, but he was seriously hurt and made a raving maniac.

ADVERTISING.

The advantages of advertising are clearly illustrated and forcibly demonstrated in the present material advancement and prosperity of Rocky Mount. The citizens of that town and those investing there certainly deserve all the praise they get. They have just advertised that town into a progressive, thriving condition. The Argonaut's special edition shows life, push and progress. No town in the state now has a brighter outlook, and it is very largely due to its liberal advertising.
