The Weather Today.

Local forecast for Raleigh: Continued warm; occasional showers.

Local data for 24 hours ending 8 a. m. today:

Maximum temperature, 88; minimum temperature, 70; rainfall 0.00.

CITY IN BRIEF.

Splendid rains Saturday night.

The receipts of cotton here continue very light.

We are glad to learn that the shipments of grapes from this section this season will be larger than ever.

The yield of vegetables this season is tremendous and everything in that line is unusually cheap.

The internal revenue collections for Durham the past week footed up to \$15,686 48, and no signs of a government building yet.

Secretary Hal W. Ayer is much encouraged at the outlook for the coming fair. It will be far above the average.

The bicyclists anticipate a good time at the Battle Ground celebration in Guilford. There will be about twenty five marshals on wheels.

The executive committee of the State University were in session Saturday afternoon in the Governor's office.

When weak, weary and worn out, Hood's Sarsaparilla is just the medicine to restore your strength and give you a good appetite.

Rev. J. L. Foster will hold services at the Christian church each night this week. The public is cordially invited to be present and have an interest in the meeting.

A barn on a lot opposite the residence of Mr. R. S. Tucker was entered last Saturday night, and two bags of cotton in storage there, were stolen and carried off.

Would it not be well for the Board of Aldermen to have a supply of water in the city cemetery. It would serve the double purpose of sprinkling the grounds and quenching the thirst of visitors.

The annual meeting of the Woman's Missionary Society of the North Carolina M. E. Conference convened in St. Paul's church Goldsboro, last Friday.

The marshals for the State fair have been appointed. The following are from Raleigh: Frank Haywood, J. L. Prior, Harry Creagh, W. B. Grimes, Stark Batchelor.

Rev. H. T. Hudson died in Morgan ton this morning. He was a member of the Western N. C. Conference and corresponding editor of the Raleigh Christian Advocate.

Last Saturday afternoon Gov. Holt received an invitation to attend the ceremonies incident to the opening of the first United States food exposition to be held in October next at Madison Square Garden, New York City.

The Railroad Commission has issued the following order to go into effect July 1st next: On all mixed trains carrying passengers where two coaches are attached, first and second class tickets must be sold; where only one coach is attached only second class rates shall be charged, unless the coach has separate apartments; then first and second class rates may be charged.

Mr. Atkinson, the general secretary of the Young Men's Christian Association, is about opening an employment department which will doubtless prove useful to those wanting employment, as well as to our merchants and others who may be in need of help. He has prepared in circular form a list of questions to be filled out by persons seeking employment which will furnish such information as will enable him to procure from former employers, by means of blanks sent to them, such facts as will be useful. These blanks will be kept for the use of those seeking help.

There was a large attendance. Travel on the railroads is still increasing.

The contract has been let for the new cotton mill to be built here by Messrs. Williamson & Foster.

The state farm on the Roanoke river is being much improved in all respects.

Ripe tomatoes at Mr. R. M. Utzman's the latter part of this week. He has a garden well stocked with fine vegetables.

The Chamber of Commerce of Winston-Salem will make a bid for the proposed new Luthern Seminary.

Prof. C. H. Moore has been chosen Vice President of the colored Agricultural College at a salary of \$900.

The street car travel yesterday beat the record. They were crowded nearly all day.

Collector White has returned to the city, from Minneapolis and other points in the north west.

Rev. Solomon Pool has been selected as Chaplain for the Guilford Battle ground association.

An unusually attractive program was carried out at the rooms of the Y. M. C. Association yesterday afternoon, consisting of sacred music, etc.

Messrs. W. C. & A. B. Stronach received today a shipment of 1430 fine Georgia watermelons. They are the first we have seen.

Read the notice of sale at the auction room of Messrs. Yancey & Stronach next Saturday. It is a good chance for bargains.

Work has been commenced by the Richmond and Danville railroad authorities, towards the extension of their track to the new Union depot.

A lawn party will be given by the ladies on the grounds of Edenton St. church tomorrow evening, to which the public is invited.

The fourth annual tournament of the North Carolina Firemen's Association will be held at Asheville, July 13th, to the 15th.

The following teacher's institutes will be held this summer: Durham, August 22d, by Prof. McIver; Person, August 23d; Alamance, July 11th, by Prof. E. A. Alderman.

It is in contemplation to paint up and otherwise fix some of the horse cars formerly used here, so that they can be utilized on the electric railway. This will help out considerably.

We hope it may be so arranged that trains will be run into the new depot on the 4th of July. This will add much to the interest of the celebration.

A program is out for summer races at Alamance fair grounds, July 4th, which will prove very interesting to lovers of the sport. Some splendid stock will be entered.

There will be a meeting of the Wake County Horticultural Society at the office of Messrs. Williamson & Upchurch tomorrow, (Tuesday) evening at 5 o'clock. All members and fruit growers invited.

The convention at Chicago will be called to order at 12 o'clock, noon tomorrow. Bulletins will probably be commenced by 1 o'clock, Raleigh time. It is hardly expected that a ballot will be reached before Wednesday.

The new arrangement for the electric cars to and from Brookside Park will soon be in operation. The cars going to the park will descend the present heavy grade to the entrance of the cemetery, but in returning they will go around the north way by Athletic Park into Blount street.

Our friend, Mr. Robert Upchurch now has a large and convenient tent at Brookside Park, from which he dispenses his celebrated ice cream, lemonade and other delicious delicacies. We learn that after the 4th of July there will be a merry go round in the park, besides other attractions. The place is fast gaining in popularity.

There will be an important meeting of the Ladies Memorial Association at the room of the Supreme court next Thursday evening. It is intended to enlarge the association, and Capt. Octavius Coke will by special request make some remarks. The time of meeting is 8 30.

The dull season in business is perhaps now at its height, but it would seem to be the best policy for our merchants to bridge it over with judicious advertising. The experience of the best men in the country shows this.

Valuable Addition.

The trustees of the Agricultural and Mechanical College have purchased of Mr. J. C. L. Harris about eighteen acres, just west of the institution, which will be added to the farm making it a most delightful one for the exercises of the "boys."

Mayor's Court.

There was quite an assemblage at the Mayor's court this morning, owing to a trial of the State against Adelaide Jones for an assault upon Nancy Harris, both colored. It occurred last Friday week. The defendant was bound over to court.

A Monster.

At the store of Messrs. Julius Lewis & Co., today, was received a curiosity indeed. It was the skin of a huge white polar bear, sent here from the Pacific coast by Capt. Wm. Ward to his mother and Mr. F. T. Ward, bookkeeper at Messrs. Julius Lewis & Co's store. The animal from which the skin was taken, would weigh it is estimated about 2,000 pounds, and the skin is valued at about \$400. Mr. F. T. Ward says it will be mounted, so that it will, in some respect, resemble the huge original. It is a sight never before seen in Raleigh.

A Great Outrage.

Last night, between 9 and 10 o'clock, some unknown person or persons entered the house of Mr. R. E. Lancaster, on West Jones street, by breaking a hole through a window and attempted to set fire to the building by making a fire on the floor with some wood and lightwood splinters. Mr. and Mrs. Lancaster were not at home but returned just in time to put out the fire and thereby avoid damage except to burn a small hole in the floor and some clothes hanging on a chair in the room. There was an oil can near by, but fortunately it did not ignite.

STRAW — MATTINGS

We have never been able to offer our patrons so many novel designs in Straw Matting as we do this season.

There was a time when one could scarcely get any style in these mattings besides a small check or plain white. Now they can be seen in many "carpet effect's" closely resembling the patterns as shown in Brussels carpets.

Probably the most unique patterns are those in the Jap Matting, being double dyed and in detached figures.

Another new texture in the Jap Matting is that "woven upon the thread," the warp being hemp and the filling of very fine grass. This produces the most even surface of any straw floor covering.

While we have the more expensive grades, yet we sell a reliable matting at \$5 per roll of 40 yards.
