## CITY IN BRIEF.

Thermometer at Bobbitt's drug store at 8 p. m. today 89

Attention is directed to the notice of meeting of corporators of C. F. and Northern Railroad Co.

Large posters of the 4th of July celebration are being sent out to different parts of the State.

The finest peaches of the season, so far, were in market this morning. They were held at forty cents a peck.

There are now about three hundred guests at the Atlantic Hotel in Morehead City, and a much larger number is expected soon.

Work is progressing fast on the extended line of street railway around Athletic Park and thence into Polk street.

We have heard nothing lately about the removal of the R. & G. R. R. offices to Atlanta, Ga., and earnestly hope it may not take place.

We are pleased to note that Mr. W. D. Sloan who went to Keeley Institute for treatment of the opium habit, has returned to Raleigh, perfectly cured.

There will be a meeting of the Oyster Commission at Ocracoke on July 5th, and a general meeting of the oystermen of the State, factory men, &c., on August 17th.

Our friend Mr. J. N. Hubbard having secured two of Lumsden's traps was rewarded last night by a catch of 24 rats in one and 17 in the other—41 in all.

We learn that Messrs. C. O. Ball & Co. will cater to the wants of the excursionists to Asheville on July 6th, this enterprising firm having secured the refreshment car.

The Black Diamond Quartette troupe have returned from a most successful European tour, during which they appeared before many of the crowned heads and nobility of different countries.

We hope, our friend, Manager Huff, of the street railway, will be sufficiently encouraged as to recommending new rails for the Hargett street line, at no distant day. We believe he will do so however, whenever he can be justified in so acting. We can assure him that his efforts to please our people are kindly appreciated.

The catalogue of Wake Forest College is out for the scholastic year 1891-'92. It shows an attendance of 233 students, which is the largest in the history of the Institution. The college is fast gaining prominence, and will soon rank with the most noted in the country.

There is anything but satisfaction at the present light status of the city of Raleigh. It is no time to go backward. The progress of the times do not admit of it. The people need more light, and do not relish any abridgement in this line. From electricity back to gas is, at best, a retrograde movement, to say nothing of the uncouth looking lamp posts on which the lights are placed. It don't suit gentlemen of the Board of Aldermen—and this, in all kindness.

It is going to be a daisy. What is it? That family excursion to Wilmington, Wrightsville, Ocean View and Carolina Beach on the 11th of July. The managers say they are going to make the most pleasant excursion ever run from Raleigh. They mean what they say. Don't miss it. They have not overlooked the young ladies. A chaperone will go along to look after the comfort and safety of those who have no escort. Messrs. R. B. Bradley, J. M. Broughton and T. B. Moseley are the managers

Lawn mowing now the order.

Commencements are now about over.

Maj. S. M. Finger and Capt. T. W. Mason have gone to Morehead.

Evangelist Fife and his wife are spending awhile at Carolina Beach.

There is almost a glut in the vegetable line just now.

Mr. E. B. Barbee and family left for Morehead City today.

The trouble over the entrance of the Seaboard Air Line into Atlanta is about over.

It is now probable that the new hotel in Durham will be ready for opening by the middle of October.

The first cotton bloom of the season has been sent to the Wilmington Star.

Bishop Lyman will lecture before the Teachers Assembly next Friday evening on the subject of 'Palestine.'

The Mayor has rather a quiet time these days. Very little of importance to ruffle his official temper.

The merit of Hood's Sarsaparilla is not accidental but is the result of careful study and experiment by educated pharmacists.

The new dormitory at the Agricultural and Mechanical College will be finished by the commencement of the next session.

A second dividend is looked for to the creditors of the First National Bank of Wilmington, on Sept 1st, 1893.

Remember that the World's Fair committee in North Carolina will return free of charge after the exposition, all articles forwarded for exhibition.

Mr. M. Bowes will be the leading spirit in the matter of fire works for the 4th of July and this can be taken as an evidence that things will be well managed.

The injunction against Mr. David Rosenthal as assignee of Littman & Co. has been dissolved and the stock of goods will now be taken in charge by Mr. Rosenthal and disposed of.

A colored boy named Manly Hinchshaw was drowned in a creek near Clayton last Saturday night. He attempted to ford the stream but was washed away.

The rat killing process was resumed today in the street front of Lumsden's Hardware store. It attracted a considerable crowd and much amusement.

Much interest is felt in the approaching encampment of the ex-Confederates at Wrightsville. It is expected to make the old soldiers as comfortable as possible.

The Junior Epworth League of the Edenton Street M. E. church will give a reception tomorrow evening in the Sunday school room to which everybody is invited.

The Durham Sun thinks the telling of an old story in hot weather is unpardonable. We suspect Bro. Robinson has been button holed somewhere in the broiling sun by some talker who had an axe to grind.

It should be remembered that the different Masonic bodies will celebrate St. John's day by services in the Church of the Good Shepherd next Sunday evening at 8 o'clock. It will be an occasion of much interest.

Did you ever see the old Ocean? Well, whether you have or not, you can't afford to miss this chance. There is nothing like it. Round trip \$2.50, and 11th of July is the time. Remember this.

## I. O. O. F.

Regular meeting of Seaton Gales Lodge, No. 64, I. O. O. F., tomorrow night at 8 o'clock sharp, for work in the 3rd degree and other important matters to be attended to. A full attendance required. Visiting brethren invited.

## Notices.

I have come to sell to sinners' round what a dear saviour I have found, etc.

I have been an orphan since I was ten years of age. I have sold, drank and been wiked up with sin and whiskey up to the year 1878, when I was shipped out of Wilmington, N. C., the 23d of July, arriving in London, Eng. in August. Near 26 weeks in a hospital. Turned out relieved, (not cured) nor ever will be, so said the best doctors. But come and see me now, drunkards and the worst of sinners. Be sure and come and I will prove that Jesus is a rock in a weary land and a shelter in the time of storm. My poor brother and sister, I want to talk with you.

The dead is alive and the lost is found. Meetings in the court house daily 10 a. m. and 8:30 p. m. Sunday at 11 a. m., 4:30 and 8 p. m. True workers come and help sing, &c.

Yours in love, ROBT. BO D

## Take Notice.

We have it from good authority that all of the committee except one or two, are either sick or unavoidably absent, so that it is impossible to make as thorough a canvass as is desired for funds towards the celebration of the 4th of July. One of the gentlemen now in the city, has his hands full of business and cannot give the time he otherwise would to the matter. It is earnestly desired to have a sufficient amount subscribed for a first class celebration, and it is hoped that those who have not yet contributed will not wait to be called upon, but leave their contributions with Mr. A. B. Stronach at his store, or with some other member. This is a matter that does not admit of delay, because the time is running down, and it is desirable for the committee to know what to depend upon before any contracts for expenditures are made. We sincerely hope that our people, and especially our business community, will interest themselves in the matter. Of course it is as much to their interest as it is to the committee, and more so. Come up with your contributions at once. There is much to be done, and but a little time in which to do it.

## STRAW - MATTINGS

We have never been able to offer our patrons so many novel designs in Straw Mattings as we do this season.

There was a time when one could scarcely get any style in these mattings besides a small check or plain white. Now they can be seen in many "carpet effects" closely resembling the patterns as shown in Fancys carpets.

Probably the most unique patterns are those in the Jap Mattings, being double dyed and in detached figures.

Another new texture in the Jap Matting is that "woven upon the thread," the warp being hemp and the filling of very fine grass. This produces the most even surface of any straw floor covering.

While we have the more expensive grades, yet we sell a reliable matting at \$5 per roll of 40 yards
