## The Weather Today.

Local forecast for Raleigh till 8 p. m. tomorrow: Fair; cooler.  
Local data for 24 hours ending 8 a. m. today:  
Maximum temperature, 96; minimum temperature, 72; rainfall 0.00.

## CITY IN BRIEF.

There was another picnic party at Pullen park last night.  
The cool wave is anxiously looked for.  
A considerable crowd of our citizens went down to Morehead today.  
The blackberry crop in the Guilford section is reported to be short.  
The swimming pool in Pullen park is in splendid condition and every afternoon and night crowds are in attendance.  
And still the popular demand for a new market house bell and cupola increases.  
Lawn parties will be the correct idea as soon as we have the new moon in good shape.  
Hood's Sarsaparilla absolutely cures all diseases caused by impure blood and it builds up the whole system.  
The annual meeting of the woman's missionary society of the North Carolina conference is in session in Goldsboro.  
At a recent meeting of the directors of the Lynchburg and Durham Railroad Co. W. C. Houston was re-elected president.  
The North Durham pants factory desires to secure about one hundred more female employees. It now has forty. This is encouraging.  
The cotton receipts in this city for the week ending June 24th were 90 bales against 200 for the same time last year. The receipts to date were 26,893 against 38,933 last season.  
The 4th of July posters have been widely distributed all along the different lines of railway, as well as many other parts of the State. We are likely to have a rousing time.  
The State Superintendent of Public Instruction is making arrangements for all the public schools to observe Oct. 19th next as the 400th anniversary of the discovery of America by Christopher Columbus.  
We hope all the railroads will give the ex-confederate veterans free passes to and from Wrightsville, if it is concluded to have an encampment. The Railroad Commission surely would not object to this.  
Spring Hill, just southwest of the city, was sometime since spoken of as a most eligible site for a suburban hotel, on the order of the Kenilworth, at Asheville. It is one of the most commanding and beautiful places around Raleigh.  
The reception of the Junior Epworth League in Edenton St. Sunday School room Thursday night, was well attended, and those present highly enjoyed it. There were songs, recitations &c., all of which were well rendered.  
The protracted services at the Christian church continue with increasing interest. Several confessions 1st night. Services will be held to-morrow at 11 00 a. m. and 8 00 p. m. and continue next week. The pastor kindly invites christian workers to come and help in these services.  
It has been decided by Manager Huff, of the Street Railway Co., to issue season and monthly tickets to the bathing pools at Brookside Park. For the former \$5 are charged and \$3 for the latter. This is a most excellent idea and should draw a very large patronage.  
One of the most interesting features of the North Carolina department at the Chicago exposition, will be the tobacco exhibit representing seven towns of the State, under charge of Julian S. Carr.

Tomatoes commencing to come in. Winston-Salem will celebrate the 4th of July by a big sale of lots.  
There is very little now doing in cotton.  
Travel over the railroads is now very heavy.  
The mountains and sea-shore hotels will soon be crowded with visitors.  
Ratification meetings are now the order of the day throughout the country.  
Hon. G. W. Sanderlin went down today to attend the Teacher's Assembly at Morehead.  
It will soon be moonlight nights again, and boating on the Brookside lake will be pleasant.  
And now they say, that last night beat the record for heat. It was really oppressive.  
Jars were being sent out from the Agricultural department yesterday to ladies throughout the state, who have expressed a desire to have them.  
The pool at Pullen Park is 130 by 30 feet and from three to eight feet deep. It is provided with spring boards and dressing rooms.  
North Carolina 4 percent consols are now quoted at par. We suppose, however, that this includes the accrued interest up to July 1st, 1892.  
Our State officials are really "resting on their oars" these dull times. A visit to the capitol rarely reveals anything of interest.  
The many friends of Col. Turk will regret to learn that he will hereafter reside in Washington, although they are pleased to hear of his promotion.  
Bear in mind the excursion of the Relief Society of the Raleigh and Gaston Railroad, to Littleton, July 7th. It promises to be one of the most delightful trips of the season.  
We want the grandest display of fireworks possible, for the 4th of July. Help out the committee. There is much more needed and it should be forthcoming so that the proper arrangements can be made.  
The stay at home crowd are not suffering much in the way of dullness. Our parks with their various amusements, and of easy access, by the aid of street cars, furnish much amusement to while away time.  
Our friend Dahlborn, the sign artist, has struck it now. He has secured the State agency for the 'Brilliant Letter' which he is putting up for W. H. Hughes and others.  
It is proposed that Dr. Kingsbury, of the Wilmington Messenger, shall prepare a history of North Carolina. We might go farther and do much worse. He is fully competent in all respects.  
Those who have failed to list their property for taxation, had better do so at once. The time allowed by law has passed, but the tax listers are keeping the books open for awhile to accommodate those who, by inadvertence, have forgotten the matter. It is important, because there is a penalty attached to a failure to do so on the safe side and attend to it at once.  
We are requested by a member of the Park Committee of the Board of Aldermen to state, that hereafter, persons desiring to have dancing or other entertainments at Pullen Park will be required to obtain permission, in the shape of an order, either from the mayor or chief of police, as the park is under the control of the city authorities.  
Prof. Massey, of the Agricultural and Mechanical College has in his possession a photograph, taken at the experiment farm, showing the difference in the growth of Irish potatoes, on one side being those from home grown seed and on the other those from seed from New York. The home plants are much finer and more vigorous. They are not attacked by bugs as those from New York.

Rev. J. J. Hall has commenced a series of addresses on the closing scenes in the life of our Lord. A cordial invitation is extended to the public to be present at the Tabernacle at 11 o'clock tomorrow.  
Several abandoned women were before the mayor this morning for using indecent and abusive language. These women appear to be chronic offenders, as they are frequently before his Honor. The usual verdicts were rendered by the mayor.  
We are sorry to state that General Secretary Atkinson, of the Young Men's Christian Association, is sick.  
Mr. B. F. Park has gone to Danville, Va., to attend the bedside of his daughter, Mrs. C. E. Wood, who is critically ill.  
Mrs. Minnie M. Shaw and her two children are in the city stopping with her parents.  
**To Cut the Pipe.**  
To the patrons of the Raleigh Water Company:  
In making connection for the new Hyatt filter it will be necessary to cut the main pipe leading to the city from the water works.  
If there is no unnecessary waste of water during Sunday, June 26th, 1892, there will be a sufficient quantity for all domestic and public purposes.  
I therefore request consumers of city water not to be extravagant in the use of water between 10 o'clock a. m. and 6 o'clock p. m. Sunday June 26, 1892.
