

The Daily Evening Visitor.

VOL. XXVII.

RALEIGH, FRIDAY, JULY 1, 1892.

NO. 60

The Weather Today.

Local forecast for Raleigh till 8 p. m. tomorrow: Fair weather, stationary temperature.

Local data for 24 hours ending 8 a. m. today:

Maximum temperature, 88; minimum temperature, 63; rainfall 1.23.

CITY IN BRIEF.

Look out for the street car trailers; they will be on hand soon.

The Cleveland and Carr Club was well attended last night.

Senator and Mrs. Vance will arrive in Wilmington tonight.

The half holiday system was inaugurated in Wilmington yesterday.

There will be a "leap year" picnic given in Brookside park tonight.

Don't forget to take in the barbecue at Brookside Park next Monday.

Regular meeting of the Board of Aldermen tonight.

There are now about 40 veterans at the Soldiers Home in this city.

We learn that soon after the 4th of July the stay at home club will be organized.

Miss Fannie Heartt, who has been visiting relatives in Durham, returned to the city yesterday.

The North Carolina Association organized at Morehead starts out with sixty members.

The Cleveland Carr Club propose to have regular meetings once in two weeks, on Thursday night.

Take Hood's and only Hood's because Hood's Sarsaparilla Cures. It possesses merit peculiar to itself. Try it yourself.

Lots of small boys are already training to climb the greased pole in front of the post office next Monday. There will be a fine silver watch at the top, which some "young America" is sure to get.

The storm last night interfered very much with the telegraph wires rendering it very difficult to receive or send messages.

The Davis Brothers Company, for general tobacco business, has been incorporated in Oxford with a capital stock of \$150,000.

Arrangements are to be made for the accommodation of about two thousand ex-Confederates at Wrightsville in August.

One of the heaviest falls of rain this season took place last night about midnight. The electric display was what might be termed terrific.

There was quite a large attendance at the picnic at Brookside Park yesterday, given by the Sunday school of the church of the Good Shepherd.

The railroads running out of Richmond, Va., have provided special schedules for the grass widowers' clubs. A good idea, and the North Carolina roads might follow suit to advantage.

We find that our proposition for the city of Raleigh to aid in the extension of the electric railway in Pullen Park, and to otherwise improve the place, meets with much approval. It should be done by all means.

One of the features at Brookside Park next Monday will be the christening of the six boats on the lake. Manager Huff is busy arranging matters and it promises to be an occasion of much enjoyment.

Rev. Father White, formerly pastor of the Church of the Sacred Heart in Raleigh, but lately of the Catholic church at Asheville, is in the city. His many friends will be glad to welcome him.

Gov. Holt yesterday afternoon pardoned out of the penitentiary James A. Smith, who was sentenced for the murder of John A. Cheatham, in this city, in conjunction with William Gooch in 1885. The pardon was issued for the reason that the prisoner had an incurable disease and liable to die at any time.

Don't leave Raleigh on the 4th, but if you will go, then go up to the Guilford battle ground. There will be a splendid celebration at that place.

All sorts of fun is being mapped out for Monday next, and it is going to be one of the grandest times imaginable.

The coming Independence Day will be celebrated with unusual display throughout the country. The New York Stock Exchange will adjourn until next Wednesday.

A colored man named William Harris died suddenly yesterday afternoon. He was 49 years old and a hack driver. Heart trouble seemed to be the cause of death.

We are pleased to learn that Gov. Holt is in strict accord with the public in the matter of a reformatory for youthful criminals and, we believe, he will strongly recommend the matter to the consideration of the next General Assembly.

See statement of the American Fire Insurance Company of which Mr. F. H. Cameron, of Raleigh, is General Agent. It is a reliable company in all respects and no gentleman is better qualified to represent it, than Mr. Cameron.

A friend suggested that, as this is the anniversary of the fourteenth day of July, the discovery of America by Christopher Columbus, some reference should be made to the old gentleman by our 4th of July orators.

We learn that there is no truth in the rumor that our proposed new cotton factory is not to be built here, but removed to Holly Springs. It is now expected that the contract for building it in Raleigh will be promptly filled.

Election of Officers.

The Teachers' Assembly has elected the following officials:

President—John J. Blair.
Vice President—Dr. B. F. Dixon.
Secretary—E. G. Harrell.

The Modern Language Association selected the following:

President—Thos. Hume
Vice President—P. P. Claxton.
Secretary—W. S. Crowell.
Executive Committee—H. L. Smith, B. F. Sledd and Miss Viola Boddie.

Penny Saving's Bank.

On our rounds this morning we met up with one of our foremost and most energetic citizens, who discussed in an open manner many of the needs of our city. Among other matters, he said that the establishment of what is known as "A Penny Saving's Bank" in Raleigh, would be an institution of great benefit to those who wished to lay up something for a rainy day, as well as to those who desired to become directly interested in such an enterprise. It is beyond doubt that many a dime and nickel is thrown away with no proper returns whatever, which, if saved, would prove the nucleus, perhaps to a snug little sum. Now, if there were an institution here, especially for sums of such minor consideration, it would be taken advantage of by hundreds of little girls and boys, as well as many adults. It should be remembered that large results often flow from the most modest beginnings. "Take care of the pence, and the pounds will take care of themselves." This is an old proverb, but it is certainly a true one. Such an institution would beget the habit of saving especially upon the younger portion of the community, and the habit thus commenced would grow to great advantage in after life. We would like much to see such a bank established in Raleigh. It has been tried in other places with marked success. It is food, well worth reflection, and we hope that, at an early day, some of our citizens will put the scheme in practical operation.

A Fine Opportunity.

We hope the people of Raleigh generally will not overlook the excursion next Thursday, the 7th inst., to be given by the Relief Association of the Raleigh and Gaston Railroad to Littleton. It will be an opportunity for recreation, rarely afforded, and every inducement will be given for a most enjoyable time. The association is one of the most efficient in our midst, and all who go on the excursion, besides having a pleasant time will be aiding a most worthy cause. Let there be a rousing turnout among the citizens.

Personal Mention.

Adjutant General Glenn is in the city.

Mr. J. I. Thomason, who has been living here several years, left for Wilson yesterday to make it his future home.

Mr. J. M. Upchurch, of this city, has gone to Winston to take charge of the ruling and binding machine, which has just been placed in the establishment of Messrs. Stewart Bros.

We regret to hear that Mrs. J. M. Montie, who went to Winston recently in the hope of recuperating her health is very ill, with but little hope of recovery.

NO OTHER Sarsaparilla has effected such remarkable cures as **HOOD'S Sarsaparilla**, of Scrofula, Salt Rheum, and other blood diseases.

The continued wet weather will probably dampen the ardor of many who proposed to go fishing next Monday. Most of the rivers and ponds are too high and too muddy for luck.

Wanted.

To buy, for cash, a cottage with 3 or 4 rooms in city in good neighborhood. j15 B. G. RYAN, Atty.

Nice fresh cantaloupes from Monticello, Fla., at A. Dughi's.
