Mr. Hal W. Ayer has returned from Morehead and is now ready to resume business looking to the next State Fair.

We regret to announce the sickness of our young friend Master Claude Denson, one of the faithful carriers of the Visitor.

Hood's Sarsaparilla is an honest medicine, honestly advertised for those diseases which it honestly absolutely cures.

Senator Vance is meeting with a grand reception on the sea coast. Resolutions in honor of himself and wife have been passed.

The Soldiers Home has recently received \$700 from Wilmington, it being the proceeds of an entertainment given by the ladies of that city.

John Price a colored man well known in Raleigh, has been placed under a bond of \$100, by Justice Barber, for his appearance at court to answer the charge of stealing four shocks of oats last Saturday from Dr. W. J. Hawkins.

We were pleased to meet our friend Mr. Henry Staunton today, who is now engaged in building ten cottages in the vicinity of Caraleigh Mills. Mr. Staunton is a first class builder and no doubt will turn out first class work.

Card of Thanks.

We are authorized and requested by the family, to return their thanks for the sympathy and attention exhibited by many friends upon the occasion of the death of Mrs. India Jones last Monday morning. It will be always remembered and most highly appreciated.

A Good Suggestion.

It is now proposed that the display of fireworks which was postponed on account of the inclement weather, shall take place on the occasion of the opening of the new depot. The suggestion is an admirable one, and we hope it will be carried out.

Tobacco Convention.

At 3 o'clock yesterday afternoon the Tobacco Convention at Morehead City was called to order, President J. S. Lockhart presiding. There was a large representation from different sections of the State. Mr. K. R. Bruner explained the best mode for the State to make its exhibition at the World's Fair. He was followed by Col. John Robinson, Col. W. H. Burgwyn and others. The session will no doubt be a most interesting one.

Crop Report.

The weather crop report issued today by the State weather bureau for the week ending yesterday, says that rather unfavorable conditions have prevailed except in the Western district. The rainfall during the week has been badly distributed, excessive in many places, and injurious especially to lowland crops besides delaying farm work and causing a flourishing growth of weeds. The greatest damage to lowland crops was caused by the overflowing of the streams and washing of the soil. Considerable damage was also caused in some places by hail especially on June 25th in Halifax county, of the Eastern district and Rowan county, of the Western district.

Hurrah for Littleton.

No rain there. Ground in good condition. So we all will leave John son street station promptly on time at 6:45 a. m. tomorrow morning. Those that have no basket can get supplied on the train as cheap as you could fix a basket. So as we have no excuse we all will go. Come one, come all, and have a glorious time.
