VOL. XXVII. RALEIGH, TUESDAY, JULY 12, 1892. NO. 68

The Weather Today.
Local forecast for Raleigh till 8 p. m. tomorrow: Slightly warmer, occasional showers.
Local data for 24 hours ending 8 a. m. today:
Maximum temperature, 82; minimum temperature, 71; rainfall 0.07.

CITY IN BRIEF.

An excursion will be run from Winston to Morehead on July 19th.
This weather is a little bad on the new hotel work.
The Sunday mail service is now in effect on the Seaboard Air Line.
The return of the school girls is anxiously looked for. Everybody misses them.
The roads begin to put on winter appearance so far as mud is concerned.
The Cleveland and Carr Democratic club will meet at the Mayor's office next Thursday night.
Mrs. Wm. H. Pace, who has been quite ill at Asheville, is reported as some better.
The receipts of cotton in Raleigh now are very light and prices at a standstill. Very little doing.
A new track on the East Hargett street line is anxiously looked for. It will doubtless come in good time.
The mountains and seashore are now the main attraction for health and pleasure seekers.
The interest in the county institute continues. There was a large attendance today.
Fireworks tonight. No further postponement. Let everybody turn out.
A friend from the country told us today that the crop was in the grass worse than he has ever seen it.
There will be a basket picnic given by the Odd Fellows and Masons of Wake Forest on Friday, the 22d instant.
Bear in mind the important sale of the Morehead estate to take place August 1st. It will present a rare opportunity for investment.
Hon. F. M. Simmons, the new chairman of the Democratic State Executive Committee, has entered on his duties.
Characteristics of Hood's Sarsaparilla: The largest sale, the merit, the greatest cures. Try it, and realize its benefits.
The next move of the Seaboard Air Line will be a road from Monroe to Winston-Salem, and a corps of surveyors are now at work on it.
A called meeting of the county democratic committee will take place at Metropolitan Hall next Saturday at 12 o'clock. Punctual attendance desired.
Josephus Daniels, Esq., former editor of the State Chronicle, proposes early in August to start a weekly paper in this city. That it will be ably conducted goes without saying.
Let the committees appointed to solicit funds for the presentation of a silver service to the cruiser "Raleigh" hurry up. The time is running down.
The concert in aid of St. John's Hospital given last night by the Black Diamond singers—Simmons and Tate—was a great success in every point of view, the receipts and concert being alike very satisfactory.
There will be a meeting of the board of directors of the State Normal and Industrial school at Greensboro tonight, for the purpose of selecting a professor of stenography, telegraphy and typewriting and to elect a matron.
When you attend the fireworks tonight don't fail to stop in at the old stand Moseley & McGee's, purchase some ice cream, cake, &c., from the Rescue Circle of the King's Daughters. The proceeds are for a noble purpose.

The bad spell of weather has interfered with the luxuries of the baths at Brookside and Pullen Parks.
Mr. Ringold Harris has charge of the refreshment saloon at Morehead City. He is an expert at the business.
It now seems that the Republicans will hold a convention in this city in September to nominate a State ticket.
The grape crop will commence to be removed in a few days. The yield is said to be very fine.
We regret to hear that our friend, Mr. M. Bowes was a considerable loser by the recent fire in Newfoundland. He had an insurance to some extent.
Col. James Farrow, died at his home in Laurens, S. C., recently. He was a gentleman of prominence and the father of Mrs. S. W. Whiting, of this city.
The old veterans of the soldiers home are looking forward to their encampment next August with much pleasure. It will no doubt, be a most delightful occasion for them.
The regular meeting of the Chamber of Commerce which was to have taken place tonight has been postponed until tomorrow night, on account of the fireworks.
Attention is directed to the advertisement of Mr. J. W. Evans, successor to Evans & Martin, who have a first class stock of carriages, buggies, delivery wagons, &c. Call and be satisfied.
Don't let there be any slip in the matter of the Atlanta excursion. A large number of our people desire to go, and it would prove one of the grandest occasions of the kind yet gotten up from this section.
A specimen of paving brick known as the "Robbin's Paver" is on exhibition at the mayor's office. The pavements at Asheville are laid with it, and it is said to be the best now in use.
It is announced that Prof. Holmes has organized a party to go across the Blue Ridge mountains beyond Willsboro and continue the survey in that part of the State. This is all right, but still we must insist that something should be done in this section.
The committee having in charge the concert given last night for the benefit of St. John's Hospital turned over today to the institution the entire receipts amounting to \$134.25. There were little or no expenses attached, as the different papers, etc., made no charge for notices. Several persons who did not attend the concert came up today and made donations.
It is apparent that at no distant day there will have to be an additional institution for the deaf and dumb, built in the eastern section of the State. It can hardly be expected that the asylum at Morganton can fill the needs of the entire State. In our opinion its removal from Raleigh was a great mistake.
The New York World of a recent date, devotes an entire page to placing before the public the advantages of Western North Carolina, and particularly alludes to the city of Asheville as the coming health resort of our section. It is an advertisement well worth the price paid, and we presume it was gotten up by those interested in the section alluded to. By the way, would it not be well enough for our Raleigh people to get a write up of this city.
This evening from 7 to 11 o'clock the ladies of the Rescue Circle of the Daughters of the King will serve in Moseley & McGee's old stand plenty of delicious ices and cakes prepared, we understand, by some of the most celebrated housekeepers of the city. These refreshments will be sold for the benefit of a noble work and it is to be hoped that these ladies will be generously patronized by friends from both country and town. Admission free.

Personal Mention.
We are informed that there is no very material change today in the condition of Master Claude Denson. He is perhaps a little better.
Col. John W. Hinsdale has gone to West Virginia on business.
We most deeply regret to learn that Mr. Alex. Creech is sick at his residence on West Edenton street.
Mrs. W. H. Lyon and little daughter, Ethel of the Goldsboro Racket store, are visiting friends and relatives in this city.
There are now over 250 inmates at the Orphan Asylum at Oxford.
District Attorney C. A. Cook is in the city.
Col. E. G. Harrell is in Wrightsville fixing up for Encampment. He knows how to have matters in "apple pie" order.

Rather Warm.
The Daily Sentinel of Winston is rather warm against our Board of Aldermen for changing the name of Martin street to Park Avenue. Just hear it.
"In making this change the Aldermen have violated the statute law of North Carolina and thereby broken their oaths of office, and means ought to be taken to have the Supreme court of the State declare it unconstitutional."

A Literary Treat.
Next Friday morning at 11 o'clock Prof. C. D. McIver will deliver an address at the court house, in this city, on the relation of the people to the public schools. It is earnestly desired that all the county commissioners, trustees and friends of public schools should be present. It will be a literary treat worth attending.

Waterproof Overgarments.
This rainy weather is suggestive of waterproof overgarments. Our lines for ladies and gentlemen have never been larger than for this season. For gentlemen, we are showing Berribaum's English Odorless Waterproof garments—the best in the world. Also other makes in waterproof serges and cassimere effects. For ladies, both rubber and cloth surfaces in the most desirable styles. We invite inspection of this department.

FLOOR COVERINGS FOR MID SUMMER.
| STRAW | | MATTINGS. |
| STRAW | | MATTINGS. |

For a reasonable outlay a house keeper can secure the most comfortable of all summer floor coverings—
STRAW MATTINGS.
Our stock is larger and we show more novel designs than ever, nor have we at any time offered better values than we do this season.

One of the popular mattings of the day is the JAPAN MATTING, this is "woven in the thread" which produces a surface very much smoother than that of the CHINA MATTINGS.

Probably the most unique designs are seen in inserted patterns and the carpet effects. Prices \$5.00 per roll and up.
