The Weather Today.

For North Carolina: Fair. Local forecast for Raleigh till 8 p. m. tomorrow: Slightly warmer, fair. Local data for 24 hours ending 8 a. m. today: Maximum temperature, 81; minimum temperature, 68; rainfall 0.06.

CITY IN BRIEF.

Watermelons getting plentiful. Ice business looming up again. The second heated term has set in. The turfing and railing around the fountain in Moore Square add greatly to the place. "I would like to sound the praises of Hood's Sarsaparilla over the entire universe," writes Mrs. Longenecker of Union Deposit, Penn.

A reunion of the old soldiers of the county of Cabarrus and adjoining country who belonged to Gen Rufus Barringer's old command, will take place shortly.

The matter of the change of schedule of the Carolina Central Railroad is set for hearing before the Railroad Commission next Saturday.

County Commissioners of Mecklenburg county have under consideration the propriety of publishing a list of the personal property returns as given by the tax payers of the county, at this year's listing.

Messrs Whiting Bros. decline to take further orders for their cultivated blackberries as they can't supply the demand. One party, who understands the superiority of the cultivated berries over the wild ones for cordials and preserving, offers to take all the balance.

The Chamber of Commerce at their meeting to night should urge prompt action on the part of the committee appointed to solicit funds for the service to be presented to the Cruiser "Raleigh." The faith of our people is pledged in this matter, and there should be nothing like a failure. As heretofore stated, other places have responded to some extent.

The session of the county commissioners yesterday was taken up almost entirely in the complaints for over valuation of property for taxation. Together with the sheriff and clerk of the superior court the pension list was looked into. This year, there were 33 soldiers and 59 widows paid. Ten new applications were made yesterday.

At a meeting of the committees of the Chamber of Commerce, Board of Aldermen and State Fair upon the matter of the centennial celebration, held yesterday afternoon at the Mayor's office, three additional members were selected from each ward in the city, to act with and be members of the original committees. This will complete the organization so that a chairman, secretary and various sub committees can be chosen.

The excursionists to Wilmington returned about 10 o'clock last night after one of the most enjoyable trips ever experienced—the weather was all that could have been desired. The party visited Carolina Beach and Ocean View, passing through Wrightsville and the Hammocks. Messrs. Bradley and J. M. Broughton accompanied the party and saw that every promise made to assure a pleasant time was fulfilled. The only regret was that more of our people did not avail themselves of such an excursion.

The chairman of the State Executive Committee of the People's party has called a convention to meet in Raleigh, August 16th, for the purpose of nominating candidates for State officers, and also to select electors for the State at large for the National ticket. The time of calling the convention in this district for the purpose of nominating a candidate for Congress has been fixed for August 15th, at 9 p. m.

Sunshine again.

The various watering places are fast filling up.

The stay at home club has not been organized so far.

The weather wise folks say that the rains have only subsided temporarily.

Mr. J. C. Brewster will furnish the electric fixtures for the new Union depot.

We deeply regret to learn that Master Claude Denson's condition is not so favorable today. He is very ill.

The cotton market still remains dull. Good middling is quoted at 7 1/2, middling 7.

The sanitary officers will go on their rounds tomorrow. Have your premises cleaned up ready to receive them.

The Wilmington excursionists returned last night. It was a pleasant trip and highly enjoyed by all who participated.

The matter of assessing the various railroads for taxation is still engaging the attention of the Railroad Commission.

The horse street cars in Durham have been suspended. It is thought that a syndicate will take hold of the matter and establish an electric line.

The cultivation of blackberries is getting to be quite an industry, and a paying one in some sections of the State.

Attend to cleaning up your premises. Don't wait for the sanitary officials to prompt you. It is a matter of interest to all our people.

The attendance on the County Teachers' Institute continues to increase—there being eighty present yesterday. The exercises are very interesting.

The Chamber of Commerce will meet tonight, and it is highly desirable that there should be a full attendance. Important business will be on hand.

Rev. J. J. Hall will deliver an illustrated lecture Thursday night at the Tabernacle Subject, "A Trip through Europe." The lecture will be given for the purpose of the church fund. A beautiful bi-opticon with choice views will be used.

Hereafter there will be no cases argued in the Supreme Court of North Carolina on Mondays. This decision was made so that attorneys will not be compelled to leave their homes or travel on Sundays.

There can hardly be an excuse for a slim attendance at the Chamber of Commerce tonight. The weather is good, and no other particular occasion on hand.

During the display of fireworks last night one of the pieces spread among the crowd causing a general stampede. A lady was thrown from a chair and a little bruised. For awhile quite a small panic ensued, but order was soon restored.

The Ladies Aid Society of the Raleigh Christian Church will give an ice cream entertainment Friday night, July 15th, at the residence of Rev. J. L. Foster, (pastor) 231 West Jones street.

The matter of a penny saving's bank is still attracting much attention and we hear it rumored that such an institution may be inaugurated at no distant day. They have proven a success in many places, and are certainly a means of inculcating economy.

Attention is directed to the advertisement of Norris' Dry Goods Store who announce a special shoe and slipper sale for this week. This well known and popular establishment is offering to the public some of the most astounding bargains ever seen in this city. Read what they have to say.

Barbers vs. Butchers in Base Ball.

This does not mean that "razors will be flying in the air," nor does it mean that meat-axes will figure conspicuously; but it does mean that the barbers of the city will meet the butchers on the diamond in Athletic Park tomorrow afternoon at 4 o'clock, and put up one of the liveliest games of base ball ever seen here. Both sides are determined to win. Ladies will be admitted free. Admission for gentlemen, ten cents.

Waterproof Overgarments.

This rainy weather is suggestive of waterproof overgarments. Our lines for ladies and gentlemen have never been larger than for this season. For gentlemen, we are showing "Berrinbaum's English Odorless Waterproof" garments—the best in the world. Also other makes in waterproof serges and cassimere effects. FLOOR COVERINGS FOR MID

SUMMER.

STRAW | MATTINGS. |
STRAW | MATTINGS. |

For a reasonable outlay a house keeper can secure the most comfortable of all summer floor coverings—**STRAW MATTINGS.**

Our stock is larger and we show more novel designs than ever, nor have we at any time offered better values than we do this season.

One of the popular mattings of the day is the **JAPAN MATTING**, this is "woven in the thread" which produces a surface very much smoother than that of the **CHINA MATTINGS.**

Probably the most unique designs are seen in inserted patterns and the carpet effects. Prices \$5.00 per roll and up.
