The Weather Today.
For North Carolina:—Fair, preceded by showers on the coast to-day. Slightly cooler on the coast. Local forecast for this vicinity: On Thursday, fair weather. Local data for 24 hours ending 8 a. m. today: Maximum temperature, 90; minimum temperature 70; rainfall 0.01.

CITY IN BRIEF.
Mr. D. T. Johnson fanned out the convention yesterday, in good style. Large number of politicians in the city. The season at Morehead is in full blast, and everybody is having a good time.

The delegates from the several counties to the congressional convention held caucuses this morning. Don't let politics entirely overshadow the centennial and State fair. Both are of the highest importance to our people.

The shipment of grapes is getting very heavy from this section. Nearly three thousand baskets were shipped north yesterday.

It has been determined to have a grand barbecue in this city on the 31st, on the occasion of the meeting of Democratic clubs.

Hood's Sarsaparilla is an honest medicine, honestly advertised for those diseases which it honestly absolutely cures.

We learn that an entertainment in the shape of dancing, &c., will take place at Brookside Park tomorrow night.

The board of stewards of Central M. E. church will hold a short session tonight after prayer meeting. A full board desired.

In order to afford time for members of the Congressional Convention to arrive from different points on the railroads, the convention did not assemble until 2 p. m., today.

A mass meeting of the State Association of Democratic clubs will take place in this city August 31st, at which addresses are expected to be delivered by Gen. A. E. Stevenson, Gen. Campbell and Senators Vance and Ransom.

Thousands of tomatoes will rot when they might as well have been canned and made to bring pecuniary returns. A canning factory in or near Raleigh is one of the necessities of the times.

The Board of Aldermen will meet in regular monthly session next Friday night. There are many important matters to come up for consideration—at least it is so expected.

Workmen are engaged in leveling Hillsboro street just beyond the railroad bridge, preparatory, we suppose to laying down paving stones. It will supply a long felt want.

Messrs. W. C. & A. B. Stronach shipped last Monday a fifty pound watermelon to the north. "Alec" says he recons this will show the northern folks whether we are solid or not, down here.

There should be patriotism enough in North Carolina to promptly raise funds sufficient for the erection of the proposed Confederate monument in the capitol square. Let the good work progress rapidly. It will be a credit to the State and at the same time a merited tribute to our departed heroes.

There must evidently be, what might be termed, an organized band of thieves in Raleigh and vicinity as robberies of various kinds are getting to be frequent of late. Such depredations have generally been on the outskirts of the city, but the robbery of Mr. Thos. Pence last night, on a street near the heart of the city, shows that the scoundrels are plying their vocation with the utmost boldness. We hope to see the most energetic action in the way of ferreting out the villains.

Cool nights soon be here. The colored excursion to Durham will come off tomorrow.

The establishment of a large daily paper in Greensboro is in course of preparation.

Sleeping was quite comfortable last night, for the first time in a week or so.

Canteoupes by the thousands at only one cent a piece. No danger of starving at this particular time.

The first tobacco of the season was sold in Winsto yesterday, at \$250 per hundred. It was raised in Davidson county.

No danger of an ice famine. Our friends Messrs. Jones & Powell have been on the lookout and provided for all emergencies.

Gov. Holt will go down to Wrightsville again, next Monday, to visit the second encampment of a portion of the State Guard.

We are pleased to hear that there is now some probability of an early consideration of the proposition to utilize the Rex Hospital fund. We will give more definite information as soon as it can be obtained.

All the delegates to the county convention yesterday were united in the expression of opinion that the crops in splendid condition, and that a brighter time is in store for our people. This beats politics two to one.

Congress is about to adjourn without giving our neighboring town, Durham, a public building. For a place that pays more internal revenue taxes than any other town in North Carolina, this is pretty shabby treatment. It will, however, come before long.

The sale of the Morehead property shows that real estate in Raleigh is properly estimated. This is as it should be. Our people make no loud pretensions about booms, but they are keeping pace all the same. Every step we take is a solid one, and we never go backward. No bobbies about our folks. All is solid here.

The summer law school at Chapel Hill under the management of Hon. J. M. Manning, assisted by Judge Shepherd, has now quite a large attendance. Most of the students were former attendants of the university. President Winsto says the outlook for the next session is unusually flattering.

Let our Board of Aldermen well consider the light question in all its bearings when they meet next Friday night. If what has been done can not be undone, then let whatever can be consistently done, be resorted to. It is evident that there is dissatisfaction, and we must believe that our city fathers will reflect the wishes of the people so far as possible. Let us hope that prompt steps will be taken. Our people will be satisfied with nothing less. And in this connection we hope we may be pardoned for saying that the dissatisfaction is not confined to chronic grumbling. It pervades nearly all classes. We are in a condition to "know whereof we speak."

Lithia Water on Draught.
From the Otterburn Lithia Springs, Va., can be had at five cents a glass at J. Hal Bobbitt's fountain. Mr. Bobbitt is the agent for this famous water in Raleigh, and he is prepared to sell it in any quantity to families at 40c per gallon, containers extra. Our people will not be slow to commence the use of this water since it is now within the reach of all.

Valuable Statement.
The secretary of the Railroad Commission has finished the tabular statement of the value of the different items of railroad property in North Carolina. The total valuation, including track, right of way, rolling stock, depots, &c., is \$19,646,470. The value of the Pullman cars is \$80,289.

Congressional Convention.
The Democratic Congressional Convention for this district composed of delegates from the counties of Vance, Franklin, Nash, Johnston, Wake, Chatham and Randolph met at Metropolitan Hall today at 2 p. m. and was called to order by N. B. Broughton, Esq., chairman of the district executive committee. There was a full representation from all the counties and no contest.

On calling the convention to order, Mr. Broughton stated the object of the body. T. M. Robinson, of Randolph county, was chosen temporary chairman and delivered an appropriate address. Mr. J. A. Thomas, of Franklin county, was chosen secretary, and the representatives of the Democratic press assistant secretaries. The temporary officers were made permanent.

Committee on resolutions were announced, being one delegate from each county. The convention proceeded to ballot for a candidate for Congress.

The names of B. H. Bunn, of Nash, Chas. M. Cooke, of Franklin, A. D. Jones, of Wake, and Geo. S. Bradshaw, of Randolph.

1ST. BALLOT—Bunn 131; Cook 82; Bradshaw 124; Jones 104. No election.

At the time of going to press no nomination had been made.

Hurry Up.
It is now only about two months before the time at which it has been proposed to have our centennial celebration, and, we must think, that there is too much lethargy about the matter. Aside from the appointment of committees and a general talk there seems to be no real preparations being made. In fact, strange as it may seem, there is as much apparent interest being taken in the premises in other quarters of the State, as there is in Raleigh. What we need is something in the shape of a program properly mapped out and sent broadcast, not only throughout North Carolina, but other States. We should determine to make the occasion a grand success, or not commence it. We are aware of the fact that this being what is termed a "Presidential" year, the public mind will be absorbed to great extent in politics, but there is no real justification for this. The proper celebration of our centennial existence is a matter that is destined to promote the interest of our community in a business point of view, to say nothing of the patriotic features. At any rate, whatever is to be done should be made known at once. There is no time to lose.
