The Weather Today.

For North Carolina:—Fair, except showers in the extreme east and extreme west. Slightly warmer Saturday.

Local forecast for this vicinity: On Saturday, fair, slightly warmer. Local data for 24 hours ending 8 a. m. today:

Maximum temperature, 88; minimum temperature 69; rainfall 0.00.

CITY IN BRIEF.

The West End is about to boom. Meeting of the Board of Aldermen tonight.

There is still a seeming reluctance towards paying the dog tax.

The new dormitory at the agricultural college is about completed.

The race track at the fair grounds is being placed in good repair for the coming races.

Over one hundred applications to the state normal and industrial school have been placed on file.

It is now confidently expected that the Caraleigh mills will be in operation September 1.

The Sunday school of the Church of the Sacred Heart had a most delightful picnic at Brookside Park yesterday.

There will be a regular meeting of Epworth League of Central M E church this evening at 8:30 o'clock. A prompt attendance desired.

The colored excursionists to Durham returned to the city about 1 o'clock this morning. They report a nice time.

Every testimonial regarding Hood's Sarsaparilla is an honest, unpurchased statement of what this medicine has actually done.

We learn that there are several families in the city, who will utilize the large yield of tomatoes this season in putting up catsup. This is an admirable idea, as it comes in splendid during the winter season.

The business meeting at Morehead on the 10th is the chief topic of conversation among our people. It is going to be a big thing, and as Raleigh is represented by some of our most progressive citizens, we hope to hear that much good has been the result.

The merry-go-round at Brookside Park last night did a good business. It is a fine recreation and deserves patronage. Mr. G. W. Brinkley, who has the matter in charge, is obliging and attentive to all his patrons. It is innocent and healthful amusement.

The various sub-committees, on centennial celebration, are hereby notified to meet the committee on programme and order of celebration, at the Mayor's office at 5:30 o'clock this p. m. It is hoped that each of these committees will have its report ready for this meeting.

We learn from a gentleman just from the west that the mountain section of the State is being well patronized by invalids and pleasure seekers this year. In Asheville and vicinity there are an unusually large number of northern gentlemen and families.

We see it stated that the ladies have raised \$5,000 of the \$10,000 needed for the state building at Chicago. We must think that it is the duty of our people to give liberally of their means for this purpose. It will soon be time to commence work on the building and the ladies should by all means receive prompt encouragement.

We are authorized to state that Mayor Badger will, in a day or so, call together the committee having in charge the matter of contributions for procuring a gift to the cruiser "Raleigh." Some little delay has been caused from the absence of some of the committee. We are further requested to say that persons having contributions in hand can deposit the same with Mayor Badger to be turned over to the committee.

McKee Encampment.

Immediately after the adjournment of Bath Lodge tonight, the members of the Encampment are requested to meet in the lodge room for refreshments.

Fruit Growers.

It is highly important that our fruit growers should aid, to all the extent in their power, the efforts of the collecting committee of the world's fair towards securing specimens of choice fruit other than apples for exhibit at Chicago. All fruit growers who have now, or will have later on, such fruit should correspond at once with Dr. R. H. Battle, chairman of committee on horticulture.

Fatal Fall.

Yesterday afternoon, in Durham, a scaffold of the new Trinity college building gave way precipitating three of the workmen to the ground. They were handling a buttress cap at the time weighing 200 pounds. One of the workmen, Albert Cole, of Goldsboro, was instantly killed by the rock falling on him and Samuel McLane, of Holly Springs, seriously injured. The other man seems to have escaped uninjured. The parties are colored. We believe this is the second accident that has happened during the building of the college.

Chairman.

We note with pleasure that Mr. W. C. Stroath has been selected as chairman of the Democratic executive committee for the 4th congressional district. In making this announcement we discard all political tendency and desire merely to endorse the promotion of a "Raleigh boy" who, by his energy, fidelity and general urbanity in all the various walks of life, has endeared himself to our people and built up a reputation of which any man has just right to be proud. We hope and believe that further honors yet await him.

Prohibition Ticket.

The Prohibitionists yesterday, at their convention in Greensboro, nominated the following ticket:

Governor—James McPherson Templeton, of Wake.

Lieut. Governor—W. G. Candler, of Buncombe.

Attorney General—E. J. Proctor, of Robeson.

Auditor—D. B. Nelson, of Buncombe.

Superintendent of Public Instruction—R. C. Root, of Guilford.

Secretary of State—J. W. Long, of Randolph.

Treasurer—J. B. Bonner, of Anson.

About the worst sidewalk on anything like a business street in Raleigh, is that on the south side of Hargett, between Wilmington and Blount streets. If a person passes along there under the present darkness that reigns supreme at night, a broken neck or leg may be the consequence unless they are very cautious. There is not only nothing that can lay the least claim to a pavement, but rough, pointed rocks obstruct the way, rendering it extremely dangerous to pass along. Can it be possible that there is no remedy for such walks? Surely the place should be looked after. Attention has been called to it frequently.

There was a very large crowd in attendance at Brookside Park last night. The dance did not come off as expected, but the evening was passed in the enjoyment of amusements, such as promenading, bathing, riding in the merry-go-round, etc. The night was beautiful and the atmosphere cool. Everybody seemed in a good humor with themselves and the balance of humanity. Such occasions go far towards removing the monotony incident to the cares of life. They should be frequent.

Personal Mention.

Hon. M. Worth, of Greensboro, is in the city.

Master Claude Denson is steadily convalescing from his attack of typhoid fever.

Gov. Holt has gone to Buffalo Springs for a short visit.

A Ridiculous Superstition.

Editor Washington Post: The editorial in your issue of this morning regarding the superstition that exists in naval circles against the christening of a vessel by a married woman is a reminder the fact that a beautiful North Carolina matron was the first to bid defiance to this whiskered superstition. The writer of the editorial overlooked the fact that the United States cruiser Raleigh, which was launched from the navy yard at Norfolk a month or so ago, was christened by Mrs. Haywood, the daughter of Gov. Holt, of North Carolina. After all, it was eminently fitting that the commonwealth that gave to America the first female child, and which was first to throw off the yoke of the mother country, should be the first to break away from a superstition that works a ridiculous injustice to married women. It will be observed that the "North Carolina idea" is to be the first to unique things.

EDWARD A. OLDHAM,
918 F street northwest.

Aug 2, 1892.

We are delighted to be able to say that in sturdy old North Carolina no such superstitious idea has ever been prevalent. On the contrary the noble matrons of the "old North State" have our unbounded love and confidence, and we look upon their presence and alliance in all the matters of life, as harbingers of all that is grand, noble and patriotic. From the time of Virginia Dare to the present, our dames and maidens have been our guiding stars in all that pertains to chivalry and nobility of character, and will continue to look to them as our guardian angels in the march through life. In the matter of christening the cruiser "Raleigh," we only yielded to that feeling of gallantry and confidence that rests in the bosom of every true North Carolinian, and upon none could we have bestowed the task more worthy in all respects than the daughter of the governor of our grand old commonwealth. We are proud of the occasion, proud of the vessel, and prouder still of the noble lady who honored us in bestowing the name of our beautiful city. To the gallant men of the navy we can say, watch the cruise of the Raleigh. They will find her every ready to do duty in the service of the country. No superstition about it. We consider it rather an omen promising the greatest results.

Everything at Cost.

Yes everything in our mammoth store at cost—if you do not believe this and benefit yourself it is your fault not ours. We have opened the way if you do not find it you suffer not us, you let that slow foolish idea of wait, wait get the best of you until you wait, too late then when this great bargain is out of reach you think what a slow foolish thing I have been now to avoid this trouble. Come at once to SWINDELL'S.

The Oak City Steam Laundry is now under the management of Mr. E. W. Band, a skillful and competent laundryman of Troy, N. Y. First class work guaranteed in every respect and customers will be served promptly. at f L. R. WYATT.

Ladies Fine Shoes.

We are preparing for a fine shoe trade in ladies, misses and men's shoes. Hence we have taken lots of trouble to secure the control of Baring Bros. Cincinnati shoes for ladies which is admitted by all shoe manufacturers to be the most beautiful fitting shoe and the most durable shoe made in America. Our first shipment of Baring shoes have arrived. D. T. SWINDELL.
