Local forecast for this vicinity: On Tuesday: Fair, warmer, increasing cloudiness.

Local data for 24 hours ending 8 a. m. today:

Maximum temperature, 89; minimum temperature 70; rainfall 2.30.

## CITY IN BRIEF.

The street cars today are running a fifteen minutes schedule.

Mrs. S. A. Ashe still continues very low.

Persons from the country to-day report all the streams as very high.

Butts paintings are attracting large crowds in Wilmington.

Judge A. S. Seymour and wife are at Blowing Rock.

The Business meeting at Morehead takes place next Wednesday.

The delegation of business men to Morehead expect to leave here tomorrow.

St. Pauls Methodist Church, at Goldsboro, has procured a new organ costing \$3,000.

Bad shooting is now the order of the day, especially in the suburbs of Raleigh.

The VISITOR has predicted that the new Union Depot would be ready by the fall of 1893. We stand by it.

The lightning danced around considerably yesterday, but we hear of no particular damage in this section.

Mars is now retreating and we may hope for better times—so said a Raleigh astronomer to-day.

Miss Nannie Banks who has been visiting at Lenoir returned to her home in the city this morning.

We are sorry to learn that the condition of Mr. S. M. Richardson is not so favorable to-day.

Help out the Confederate monument. It ought to be in place as soon as possible.

Several of our merchants will leave for the North next week to purchase full stocks of goods.

There will be an important meeting of the Railroad Commissioners this week.

Can't a good subscription be gotten up in Raleigh for the ex-confederate encampment at Wrightsville.

Let all who have funds for the purchase of a gift for the cruiser "Raleigh," send it to Mayor Badger, who is authorized to receive the same.

Hood's Sarsaparilla absolutely cures all diseases caused by impure blood and it builds up the whole system.

It is stated that Mr. Robert W. Wynne who was nominated last Saturday for County Treasurer by the Third party, will not accept.

Blackbirds are getting plentiful which some claim, gives evidence of the approach of a good hunting season.

The Woman's Missionary Society of Central Church will meet in the Bible Class room at 5 p. m. to-morrow, Tuesday evening.

Rev. Dr. J. W. Carter will leave to-morrow morning on a leave of absence for several weeks to visit relatives in West Virginia.

Mr. W. P. Batchelor has sold a half interest in the celebrated horse "Pamlico" to Messrs J. R. and E. D. Spear, of Lexington, Ky.

There will be a regular communication of Wm. G. Hill Lodge, No 218, tonight at 8:15 o'clock. Visiting members invited.

On to-morrow afternoon at 4 o'clock a game of baseball will be played between the colored clubs of Durham and Raleigh at Athletic Park.

There is a decided falling off in the number of convicts received at the penitentiary. Only eight came in during the month of July. We are glad to learn that the health of the prisoners is very good for this season.

## Sickness is on the decrease

Gov. Holt left for Wrightsville this afternoon to attend the encampment.

Great preparations are on foot for the races to take place August 17th and 18th.

The warm spell still holds its grip upon us. The rains, though copious, seem not to have a cooling tendency.

There are already about fifty entries for the races to take place at the fair grounds on the 17th and 18th inst.

The Wilmington Light Infantry have invited the members of the State Guard to make their armory headquarters during the State encampment.

There will be a regular meeting of the Governor's Guard to-night. By order of John W. Cross, Captain commanding Lee Powell, First Sergeant.

The work of paving Hillsboro street near the railroad bridge is going on in earnest. We hope to see much of the street paved before the fair commences.

Capt. Denson informed us to-day, that while his little son, Claude showed signs of improvement, he had not yet regained consciousness. It is hoped however, that he has passed the danger line.

It strikes us that the heart plank pavement recommended by our friend B. P. Williamson should be given a trial. It looks like he has "hit the nail on the head."

We have no official announcement of the matter but we hear that it is in contemplation to invite Hon. K. P. Battle, to deliver an address at the centennial celebration. This will be a splendid selection in all respects.

One of the severest storms of the season occurred yesterday afternoon. The rainfall was very heavy and the display of electricity more vivid than usual in this section. The creeks were much swollen.

A number of photographs have been taken by Mr. Gerald McCarty, giving vinyard scenes in the vicinity of Raleigh. The scenes show the pickers packers, &c at work, and will be on exhibition at the World's Fair.

There is a decided decline in the baby brigade since the introduction of the electric street cars in Raleigh. The little ones seem to prefer a ride on the cars these delightful afternoons, and as they go free, the expense is much lighter.

A special train will leave Johnson street station tomorrow morning at 8:30 o'clock direct for Louisburg for the purpose of allowing all who desire to do so, to attend the funeral of Judge Davis. The fare will be \$1.30 for the round trip. Judges Merrimon and Clark, Marshal Bradley and other friends will go down.

It is now thought that the matter of opening Morgan street will be pushed forward. It has been in contemplation for several years. We should think it would not only be of great service to the community at large, but will much enhance the value of property in the western end of the city. This looks like a natural view of the subject.

The reduction of the road tax in Raleigh township from 8 to 5 cents is not intended to curtail work on the roads, as there will be no necessity for it. At the rate of 5 cents on the \$100 valuation, enough money can be realized to prosecute all the work necessary. This is good news all around.

Mr. J. A. Jones received a telegram this morning from his wife at Louisburg, announcing the death of Miss Mary Ann Spencer, which occurred last night about 6 o'clock. Her death must have been sudden and unexpected as no reference has been made to her sickness. She was the Aunt of Mrs. Jones, who has been visiting her for a number of days. She was about 80 years of age.

## Attention Ancient Order of Elks, Red men.

You are hereby ordered to meet at your Wigwam at 8:30 o'clock tonight, with scalp knives, bows and arrows, and tommy hawks in full war paint ready for waldance.

A called meeting of the club will take place tonight at 8:30 o'clock at the Mayor's office, at which arrangements are to be perfected for the reception of Hon. Adlai E. Stevenson, Democratic candidate for Vice President, and others on the 31st inst. A full attendance is desired.

## I. O. O. F.

B. H. Woodell, Esq., the very efficient Secretary of the Independent Order of Odd Fellows in North Carolina, presents a splendid report of the condition of that noble brotherhood. He says there are now over 4000 members in the state which is a very large increase in membership since 1889, there being then only 1200. There are now twelve children in the asylum at Goldsboro. There is about \$7,000 in the treasury.

## Distressing Accident.

The many friends, in this city, of Rev. Dr. W. A. Nelson, formerly pastor of the Baptist Tabernacle church, will deeply regret to learn that he met with a painful accident, last Saturday, at Ocean View. He was standing, listening to a concert, when a bullet fired from an air gun glanced, striking him under the right eye. The ball was extracted by a bystander and no very serious results will follow. On Saturday night Dr. Nelson received a dispatch from Nashville, Tenn., conveying the sad news of the death of his brother, Hon. Anson Nelson.

## Drowned.

Yesterday afternoon a colored man driving a horse attached to a cart, belonging to Mr. J. B. Burwell came near losing his life by drowning. After the heavy rain, he attempted to cross Pigeon House branch just beyond the northern limits of the city. The branch was much swollen and the current so swift that the horse, cart and driver were forced considerably down the stream. The horse was drowned but the driver caught in a limb of a tree and thereby succeeded in getting out. It was a narrow escape from a watery death.

They will respectively represent the distribution of crops, mines and minerals, forestry, schools and fishing industry. The work is being done by Mr. Thomas C. Harris, curator of the State museum, who has had wide experience as a draughtsman. The school map will be specially interesting, showing about seven thousand school houses located in the various counties. Maj. Finger furnishes the data relative to the schools.
