## Yard Scavengers.

At this season of the year the back yards are apt to be filled with rinds of melons, decayed fruit, vegetables, &c., which attract large numbers of snails, bugs and other vermin, besides being very unhealthy these hot days. Messrs. Whiting Bros. find that a flock of Pekin ducks is very effective in keeping the yard clear of all such. They find the ducks especially useful in destroying June bugs which are very destructive to grapes. Before sun up the ducks are toiled under the vines and the June bugs are shaken off to be devoured eagerly by the ducks.

We are pleased to note that there was a full meeting of the committee to raise funds for the Cruiser "Raleigh" held yesterday afternoon at the Mayor's office.
