All the conductors of street cars are now amply supplied with tickets. Persons desiring to purchase would find it much more convenient to do so in the morning, as in the afternoon the crowd is usually very heavy. Clearance Sale.

We invite the attention of the public and especially of the ladies to the announcement of Miss Maggie Reese in this issue, who is offering some astounding bargains in the way of millinery goods. This offer is made in view of closing out the present stock to get ready for the fall trade, and we must think that the ladies will find it a chance rarely met with in Raleigh. Now is the time to replenish the millinery wardrobe at such prices as are bound to attract the attention of the public. Remember to call at once at the emporium of fashion, No. 209 Fayetteville street. It is an opportunity that cannot be well overlooked.

Last Offering.

On next Monday we will have the closing thing of the season; we will have a special sale of white India Lawns at 2 1/2 cents a yard or a dress pattern of white Lawns for 35 cents. This sale is the last special one and we will sell but one dress to each customer. The sale opens at 9 o'clock in the morning, Monday next at D. T. SWINDELL'S.

IS THE SUN HOT.

An exchange says that an assurance comes from a distinguished astronomical writer "that the sun may last 5,000,000 years longer, but not twice as long. His stores of heat are being given out so rapidly that fifty thousand centuries hence they will be depleted beyond the point sufficient to maintain human life, or any of the higher organisms." Does "a distinguished astronomical writer," think that the heat we feel in the sunshine these hot days, actually radiates all the way from the sun? Another distinguished guesser says the heat we feel is the result of friction by the rapid passage of the rays of light through our atmosphere; that beyond our atmosphere in the direction of the sun there is absolutely no heat. These theories are a good ways apart.

Confederate Encampment.

The camp for the Confederate veterans will open on Tuesday, the 16th, and the quarters will be the same as those occupied by the State Guard at Camp Holt. Special low rates have been given by the railroads and steamboat lines, and a large attendance is expected.

LOOF.

Regular meeting of Seaton Gales Lodge, No. 61, I. O. O. F. to night at 8 o'clock, sharp. Members of the lodge are earnestly requested to attend. A cordial invitation to all Odd Fellows.

Married.

On Tuesday night last at 11 o'clock, in Wilson, Mr. Thos. A. Davis was united in marriage to Miss Mary Gordon, daughter of Rev. Dr. J. H. Gordon, former pastor of Edenton Street Methodist church in this city. The ceremony was performed by the bride's father, after which the contracting parties left for a northern tour.

At the parsonage of the Central M. E. Church last night at 9:30 o'clock, Mr. W. F. McDowell was united in marriage to Miss Hattie A. Mullins, both of this city. Rev. J. B. Hurley officiating. The contracting parties were accompanied by Mr. L. H. Perry and Mr. and Mrs. Wren.

The Old Veterans.

It is very gratifying to note that the most elaborate arrangements are in progress for the encampment of the old veterans at Wrightsville. With his characteristic energy Col. Hall has established a regular mattress factory at Wilmington, where it is calculated to make at least 300 mattresses. A store house has also been prepared where supplies are being laid away as fast as they are received, so that by the time the encampment is opened there will be an abundance of comforts for the inner man. Over eight hundred rations of flour have been received and the stock is being constantly replenished from the cities and towns of the State. Over one thousand pounds of bacon have been contributed in New York city.

Senator Vance.

Everything concerning this eminent North Carolinian is of interest to our people. He is now at Gambroon, his mountain home, where, we are glad to learn, his health is much improving. A correspondent of the Rich Va., Dispatch called to see him a few days ago. He says that "the Senator was found with some books and papers before him, sitting on the front porch, some 3,300 feet above the sea level. He has been here just one week, and a decided improvement in his condition is apparent. The right hand is no longer in the sling, but was extended with the old time warmth if not the strength of former days in receiving friends. He finds his strength gradually increasing, and insisted on walking on the level way to his garden with the visitors, though in climbing the prominent point of the grounds he was compelled to let them go without him. Whatever benefit there may be in pure air, pure water and delightful views are certainly attainable at Gambroon."

Ho! For Richmond!

The last and grandest excursion of the season will be run from Raleigh to Richmond, Va., leaving Raleigh at 7:30 a. m. on August 24th and arriving at Richmond at 4:30 p. m. This train will reach Richmond in ample time to take the steamer or train for Washington, Baltimore and Philadelphia, returning in time for train which leaves Richmond for home Friday, the 26th at 11 a. m.

Special cars for the benefit of our white friends will be attached, and every attention given to insure them a pleasant trip.

No pains will be spared to make this the grandest excursion of the season.

The refreshment car will be well supplied and ice water in every car.

This excursion is run under the auspices of the colored Odd Fellows—the same as last year and year before.

The price of round trip tickets is \$2.75. Children under 12 years, half price. Tickets can be obtained from the committee.
