THE BEST, THE PUREST AND THE CHEAPEST

**COW FEED**

Dairymen and Cattle Feeders can use, and which will give more general satisfaction than any other is

**Combination Cooked Cow Feed.**

As a milk and butter producer, it stands without a rival. It imparts a fine flavor to the milk and improves the quality. It gives 25 to 40 per cent. better results than bran and other feed stuffs. Bran makes thin, watery milk, our feed, besides increasing the quantity, enriches it also—almost cream itself.

Cattle eat it with relish, and it keeps the cow healthy and in good condition. This feed is put up in 80 lb and 150 lb bags, and branded with our trade mark. Full directions for use furnished.

CEIVED! BEWARE OF CHEAP SUBSTITUTES!

DO YOU WANT TO ECONOMIZE?

Do you want to keep your stock in good, thriving condition on less cost? Do you want to save money? It is a waste of money to feed whole grain. No experienced and thrifty stock feeder will do it if he can get good feed. Your horse will keep fat, healthy, and do more work on Combination Ground Feed, steam cooked, composed of corn, oats, barley and flaxseed meal, at a considerable saving over anything else. It is guaranteed to be sound, pure and wholesome. Your stock will soon prefer it to anything else. Give it a fair trial.
