NO. 130

The Weather Today.

For North Carolina: Generally fair except showers on the coast. Local forecast for this vicinity: On Saturday: Fair weather; warmer. Local data for 24 hours ending 8 a. m. today: Maximum temperature, 78; minimum temperature 65; rainfall 0.20.

CITY IN BRIEF.

Soon be time to pay taxes again. We are promised fair weather again in a day or so, by the knowing ones. Cotton has commenced to come in freely, but the prices still remain low. Mrs. W. C. Richardson who has been quite sick, is improving. A fine lot of beef cattle arrived in the city today. Lovers of oysters are heartily wishing for a cold spell. There is a cherry tree in bloom in a yard near the Union depot. According to custom we may look for frost soon after equinox. St. Mary's school was formally opened yesterday for the fall session. The marriage license business is looming up some as the fall approaches. How about that business men's barbecue? It is just about the right time for it. The cholera scare is fast dying out all through the country. We never had much of it in Raleigh.

Now that the school girls are with us again, we may look for more travel on the street railway. The superintendent of the Oxford orphan asylum reports the institution as filled to its utmost capacity. Wake Superior Court for the trial of civil cases commences next Monday. Look out for space at the fair grounds. It is being rapidly taken. Secretary Ayer will attend to it. Let there be a large turnout at the Chamber of Commerce to night. Business of the utmost importance to all our people.

Judge James C. MacRae the newly appointed Justice of the Supreme Court took the oath of office today and entered on his duties.

"Killarney and the Ruine" was performed last night to a well pleased audience. It was well gotten up and all rendered their parts well.

The number of little boys running idle about town seems to be on the increase. They should either be at school or some useful occupation.

Applications for license to practice law commenced before the Supreme Court Judges today. The court opens regularly for business next Tuesday.

Trains on the Seaboard Air Line between this city and Atlanta have been considerably delayed the past day or so by washouts.

In about a month and a half from now all the political excitement will have died out, and everybody will be in a good humor again.

The merit of Hood's Sarsaparilla is not accidental but is the result of careful study and experiment by educated pharmacists.

Mr. Branch Merrimon, of Greensboro is in the city called here by the sickness of his father Chief Justice Merrimon.

A letter from Dr. Eugene Grissom to a friend in New Berne, reports that gentleman as living in LaFayette county, Colorado, and enjoying a fine practice. This will be good news to his many friends.

It is with the deepest regret we learn that there is no material improvement in the condition of Chief Justice Merrimon, and that he continues quite ill. This will be sad news indeed to thousands in North Carolina and elsewhere. We sincerely hope he may yet be spared for great usefulness to the people of North Carolina.

A barbecue in the interest of the Democratic party took place at Millburn yesterday. It was attended by many persons from this city.

An appeal to the Supreme Court of the United States has been taken from the decision of Judge Seymour in the railroad tax matter against the R. & G. Road.

There will be a musicale, at the residence of Mr. R. H. Battle this (Friday) evening, at 8 o'clock for the benefit of St. Mary's Guild at the Church of the Good Shepherd.

Attention is called to Mr. Charles Bretsch's new advertisement which appears in today's issue. Ladies, while out shopping, will find Mr. Bretsch's place very convenient and nice to drop in and get a plate of oysters, while ordering their bread and cakes and confectioneries. By the way he has recently had his store and saloon wall's papered so that it is now a very attractive place.

Every housekeeper and, in fact, everybody else, is interested in good bread. It is the very essence of housekeeping, and it certainly is the worst enemy of dyspepsia. Messrs. W. C. & A. B. Stinson tell you today about their different brands of flour, buckwheat, oatmeal, &c. They certainly know what they are talking about because their experience in the matter has been extensive. We earnestly request our friend to read what they have to say in the matter. It will be of substantial benefit to many respects.

Our Building.

It is now pretty well understood that steps will soon be taken to commence work on the North Carolina building at Chicago. Although the amount has not run up as expected there is now estimated to be about \$4,000 in hand, which has been secured mainly through the exertion of our ladies. It is a matter that appeals most earnestly to our State pride and our energetic citizens should see to it that there is no lag in the way of subscriptions.

King's Royal Germatuer.

A supply just received and for sale by J. HAL BOBBETT.

A fine lot of eating and cooking apples by the barrel or measure at D. T. Johnson's.

Six Hundred Strong.

Today we have piled on a table right at the Fayetteville street door, six hundred bolts of ribbon, of the very finest material and various new bright colors. Also white and cream from three to six inches wide. For a few days we will sell this ribbon at 25 cents a yard—\$3.50 a bolt. This ribbon will give you a fair idea of how low we are prepared to sell goods this fall. Will tell you right here that every store in Raleigh has to pay more for this grade of ribbon than our present price.

D. T. SWINDELL.

Nice, fresh country butter at D. T. Johnson's.

Disease and Back Yards.

The following from the Durham Sun is well put. As it is applicable to Raleigh as Durham, we print it: "The neglected back yards and back alleys are successful incubators of disease. These germs may burst forth into unhealthy vigor in untrapped sewers and dirty sink pipes, but the filthy back yard is where they grow to their greatest power to wage devastating warfare upon humanity. It is the duty of every householder to see that his backyard is given a thorough cleaning, its refuse moved to a place where it can do the least harm to human health, and a disinfectant scattered where it formerly lay. Lacked lime is good; carbolic acid is better, but the cleaning must be done in any event. Clean up. You owe it to your neighbor and he owes the same to you."

Tomorrow Morning

I will have a nice lot of cabbage to sell by the barrel. D. T. Johnson, Agt.

Death of Prof. A. Bauman.
Our citizens were much shocked to day, at the announcement of the death of this gentleman which took place at 2 o'clock this morning at his residence on Halifax street in the northern section of the city.

Prof. Bauman was about 60 years of age, or perhaps a little over. For many years he had been Professor of Music at Peace Institute, coming here with Mr. Brewell on the removal of the school from Charlotte about the year 1876. He was a German by birth, but had been in this country for a long series of years dating back before the late war, in which he served in the confederate army. He suffered, as we learn from a complication of diseases, but the immediate cause of death was from congestion of the lungs. He leaves a widow, who is the daughter of Rev. Dr. Penick.

Prof. Bauman was a gentleman well known in our community and beloved for his many good qualities, and his loss will be sadly felt, not only by the Institute but in the social circle. He leaves no children. To his bereaved widow and others affected by the sad dispensation, we tender our heartfelt sympathies.

Millinery New and Lovely.

We are now prepared to take orders for hats. Our new milliner thoroughly understands the business. Our new stock is in and we have special bargains. From one to three dollars can be saved on trimmed hats. We have some very beautiful things in ladies' untrimmed felt hats. Will tell you later.

Imported Clothes.

The following letter speaks for itself and needs no comment. The goods referred to have arrived and are now open for inspection.

HADDERSFIELD, Eng. Aug. 1, '92. Mr. Geo. N. Walters, Raleigh, N. C.: The fall selections of woollens which we have made for you this season are of the finest quality that our looms have produced. They have all been made from specially selected Australian wool. You can highly recommend them for their colors and durability. In designs the quiet and subdued appear to be those demanded by the ultra fashionable merchant tailors. You will find your patterns in styles far superior to any we have made for the English market.
