

A RARE MUSICAL TREAT.

**Deshon Opera Company
Erminie.**

A great musical treat is in store for the music loving public of Raleigh on Thursday night next when the celebrated Deshon Opera Company appear at Metropolitan hall in an elaborate and gorgeous production of Erminie.

Mr. Jack MacKay the business manager was in the city yesterday and speaks in glowing terms of the company and the enormous amount of business done wherever the company has played this season.

He says "That Mr. Deshon has strengthened his company to a considerable extent for the coming season. One of the special engagements is that of Miss Clara Lavine primadonna soubrette who was the star in the producing of King Kaliko at the Broadway Theatre New York City, where she received the highest possible praise from both the press and public.

The following notice from the Augusta Ga. Evening News speaks volumes. "Frank Deshon is the toast of the town. His Opera Company has made a palpable hit and filled the Opera house every night to overflowing and he is an artist in the real sense of the term and his comely work and legitimate acting prove him an all around actor of decided merit and great popularity. Off the stage he is a genial gentlemanly little man whose quiet bearing gives guarantee of what is in him without any of the self assertions that belong particularly to the advertised Star. Mr. Deshon has selected the company for the coming season with great care each and every member of the cast is an artist of reputation and the chorus is composed of a number of handsome girls with celebrated voices picked from the leading musical organizations of this country.

The costumes are models of elegance and made under the personal and immediate supervising of Prof. Depeuw of New York.

Don't fail to see this, the operatic and musical treat of the season.

Extension of West Morgan Street.

It has been suggested to us to reproduce the following, proceedings of a meeting of the Board of Aldermen held last August, and to modestly enquire of the street committee what action if any, has been taken in the premises:

Mr. R H Battle, on behalf of the Chamber of Commerce committee on improvement of roads and streets, asked that action be taken on the extension westward of West Morgan street. Mr. Battle said for many years the important matter of this extension had been before the board. If the street could be extended by the fair it would be very beneficial to the city. The railway will build a bridge. The county will be asked to extend the street to the penitentiary avenue, and thus give a valuable outlet and an extremely desirable one, as the street car tracks take up much of the narrow part of Hillsboro street.

Aldermen Stronach, chairman of the street committee, made a report in which he recommended the extension of West Morgan street and also the sidewalk improvement.

Mr. A. A. Thompson asked that the report of the Chamber of Commerce on street extension and sidewalk improvement be referred to the street committee. This action was taken

NO OTHER Sarsaparilla combines economy and strength like **HOOD'S**. It is the only one of which can truly be said "100 Doses \$1."

An English woman sued the Midland Railway Company for compensation for the loss of her husband, who was killed in an accident on that road, and recovered damages. There upon, the Co., which had sold him an accident insurance policy with his ticket, contended that the amount of insurance should be deducted from damages awarded, since if he had died a natural death, the widow would have received nothing on a policy of that nature. The claim of the company was not allowed.

Acting Secretary Spaulding has declined to admit 200 Chinese actors into this country to present Chinese plays in a theatre to be erected near the entrance to the World's Fair, in Chicago, on the ground that the proposed enterprise is purely commercial and has no official connection with the Fair. Does the Acting Secretary of the Treasury suppose that the vast collection of exhibits which will be within the sacred gates will be sent there by thousands of exhibitors all for love? Or does he desire to protect an infant American industry establishment by Chinamen in San Francisco?

The Centennial.

The committee on program have agreed on the following:
